

A scenic photograph of a snow-capped mountain range overlooking a body of water under a cloudy sky. The mountains are rugged with patches of snow and dark rock. The water is calm and reflects the sky. The sky is filled with soft, white clouds.

Gothic Alaskan And Other Stories:

Gothic Alaskan and Other Stories E.F. Shelby, 2000-07-20 The seething thrashing jungles of Alaska are the lair of many secret species To see them is to disappear There are life forms here so horrible the sight of them would make a Kodiak bear jump off a cliff or send a one ton moose up a tree or drive a pack of wolves into a rabbit hole Every summer unknowing tourists anchor a boat off the wrong island and become dinner Or they drive down some unmarked dirt road and are slaughtered Every year they trustingly stop over at some strangely empty campground or wander down an unmarked trail and meet a horrible end Author bio Eugene Shelby has lived in Alaska for twenty two years including Anchorage Barrow Prudhoe Bay Shemya and Valdez He has a BA in journalism from USC **Fiction, 1876-1983: Titles** R.R. Bowker Company. Department of Bibliography, R.R. Bowker Company. Publications Systems Department, 1983 The Forest and the EcoGothic Elizabeth Parker, 2020-02-13 This book offers the first full length study on the pervasive archetype of The Gothic Forest in Western culture The idea of the forest as deep dark and dangerous has an extensive history and continues to resonate throughout contemporary popular culture The Forest and the EcoGothic examines both why we fear the forest and how exactly these fears manifest in our stories It draws on and furthers the nascent field of the ecoGothic which seeks to explore the intersections between ecocriticism and Gothic studies In the age of the Anthropocene this work importantly interrogates our relationship to and understandings of the more than human world This work introduces the trope of the Gothic forest as well as important critical contexts for its discussion and examines the three main ways in which this trope manifests as a living animated threat as a traditional habitat for monsters and as a dangerous site for human settlement This book will appeal to students and scholars with interests in horror and the Gothic ecohorror and the ecoGothic environmentalism ecocriticism and popular culture more broadly The accessibility of the subject of The Deep Dark Woods coupled with increasingly mainstream interests in interactions between humanity and nature means this work will also be of keen interest to the general public **Children's Catalog** H.W.
