Great Britain and Ireland Thompson Cooper,1873      *Biographia Britannica: Or, the Lives of the Most Eminent Persons who Have Flourished in Great Britain and Ireland, from the Earliest Age, to the Present Times: Collected from The best Authorities, Printed and Manuscript, and Digested in the Manner of Mr. Bayle's Historical and Critical Dictionary. - Volume the First [-fifth!]. - The Second Edition, with Corrections, Enlargements, and the Addition of New Lives; by Andrew Kippis, D.D. and F.S.A. with Other Gentlemen. - London Printed by W. and A. Strahan* ,1778      A New Universal Biography ... of ... Eminent Persons in All Ages and Countries Classed According to Their Various Talents and Pursuits, and Arranged in Chronological Order, Showing the Progress of Men and Things ... to which is Added an Alphabetical Index John PLATTS (Unitarian Minister.),1825      **Biographia Britannica: Or The Lives Of The Most Eminent Persons Who Have Flourished in Great Britain And Ireland, From the Earliest Ages, Down to the Present Times: Collected from the Best Authorities, Both Printed and Manuscript, And Digested in the Manner of Mr Bayle's Historical and Critical Dictionary** Andrew Kippis,1763      Nineteen Christian Centuries in Outline. A Guide to Historical Study for Home Reading and Literary Clubs Lewis O. Thompson,J. R. Miller,2025-08-11 Reprint of the original first published in 1881 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

*Plantagenet Ancestry: A Study In Colonial And Medieval Families, 2nd Edition, 2011* ,      **The Rise of International Parliaments** Frank Schimmelfennig,Thomas Winzen,Tobias Lenz,Jofre Rocabert,Loriana Crasnic,Cristina Gherasimov,Jana Lipps,Densua Mumford,2020-12-14 International parliaments are on the rise An increasing number of international organizations establishes international parliamentary institutions or IPIs which bring together members of national parliaments or in rare cases elected representatives of member state citizens Yet IPIs have generally remained powerless institutions with at best a consultative role in the decision making process of international organizations Why do the member states of international organizations create IPIs but do not vest them with relevant institutional powers This study argues

that neither the functional benefits of delegation nor the internalization of democratic norms answer this question convincingly. Rather IPIs are best understood as an instrument of strategic legitimation. By establishing institutions that mimic national parliaments, governments seek to ensure that audiences at home and in the wider international environment recognize their international organizations as democratically legitimate. At the same time they seek to avoid being effectively constrained by IPIs in international governance. *The Rise of International Parliaments* provides a systematic study of the establishment and empowerment of IPIs based on a novel dataset. In a statistical analysis covering the world's most relevant international organizations and a series of case studies from all major world regions, we find two varieties of international parliamentarization. International organizations with general purpose and high authority create and empower IPIs to legitimate their region building projects domestically. Alternatively, the establishment of IPIs is induced by the international diffusion of democratic norms and prominent templates, above all that of the European Parliament. *Transformations in Governance* is a major academic book series from Oxford University Press. It is designed to accommodate the impressive growth of research in comparative politics, international relations, public policy, federalism, and environmental and urban studies concerned with the dispersion of authority from central states to supranational institutions, subnational governments, and public-private networks. It brings together work that advances our understanding of the organization, causes, and consequences of multilevel and complex governance. The series is selective, containing annually a small number of books of exceptionally high quality by leading and emerging scholars. The series is edited by Liesbet Hooghe and Gary Marks of the University of North Carolina, Chapel Hill, and Walter Mattli of the University of Oxford. **Popular Science Monthly**, 1914

Popular Science, 1914-08. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. **Anatomy of a Miracle** Patti Waldmeir, 1998. The late 1980s were a dismal time inside South Africa. Mandela's African National Congress was banned. Thousands of ANC supporters were jailed without charge. Government hit squads assassinated and terrorized opponents of white rule. Ordinary South Africans, black and white, lived in a perpetual state of dread. Journalist Patti Waldmeir evokes this era of uncertainty in *Anatomy of a Miracle*, her comprehensive new book about the stunning and, historically speaking, swift transformation of South Africa from white minority oligarchy to black ruled democracy. Much that Waldmeir documents in this carefully researched and elegantly written book has been well reported in the press and in previous books. But what distinguishes her work is a reporter's attention to detail and a historian's sense of sweep and relevance. Waldmeir has written a deeply reasoned book, but one that also acknowledges the power of human will and the tug of shared destiny. *Philadelphia Inquirer*. The Practice of Diplomacy Keith Hamilton, Richard Langhorne, 2011. Practice of Diplomacy has become established as a classic text in the study of diplomacy. This much needed second edition is completely reworked and updated throughout and builds on the

strengths of the original text with a strong empirical and historical focus Topics new and updated for this edition include discussion of Ancient and non European diplomacy including a more thorough treatment of pre Hellenic and Muslim diplomacy and the diplomatic methods prevalent in the inter state system of the Indian sub continent evaluation of human rights diplomacy from the nineteenth century campaign against the slave trade onwards a fully updated and revised account of the inter war years and the diplomacy of the Cold War drawing on the latest scholarship in the field an entirely new chapter discussing core issues such as climate change NGOs and coalitions of NGOs trans national corporations foreign ministries and IGOs the revolution in electronic communications public diplomacy transformational diplomacy and faith based diplomacy This text has established itself as a core text in the field of diplomacy and this new edition is absolutely essential reading for students and practitioners of diplomacy

*Popular Science*, 1914-08 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
