Emmanuel Levinas Ou Les Intrigues Du Sens:

Emmanuel Levinas, ou, Les intrigues du sens Francis Guibal, 2005 Le sensoriel le vectoriel et le conceptuel se conjoignent dans le mot sens ce diamant de notre langue qui voque un surgissement un avancement F Cheng une sorte de poussée explosive os atteste la joie de la création La flèche de l'adresse emporte tous les dits intelligibles et les fait circuler l'infini entre les voix qui les noncent et les relancent l'espace du sens d'un sens toujours absens jamais donnés engendre de cet envoi de ce passage et de ce partage infixables Les avances se croisent se nouent et se dénouent se provoquent et se répouendent loin de toute maîtrise possible nous sommes voués aux sens aux intrigues du et des sens Pour Emmanuel Levinas ces versions du sens sont celles d'une proximitique irréductible aucune prise intentionnelle C'est en allant de l'unicité singulière de l'un l'altérité irréductible de l'autre que le sens advient ou survient d jouant l'insistance ou le régime de l'être appelé répouendre sans condition qui nous traverse et nous excède venant en nous de plus loin et de plus haut que nous nous inclinant les uns vers les autres d'une obligation antérieure tout choix qui est peut-être l'envoi secret ou l'lection de la liberté responsable Que la vulnérabilité ne signifie ni une passivité de victime ni un refuge de compensation mais qu'elle invite au risque de repenser autrement les dimensions et les tensions d'un entre nous que son dieu même voue transgèment l'histoire et au monde voil sans doute la conviction de fond qui amène ici prolonger librement les explorations levinassiennes en montrant comment elles peuvent continuer inquiéter des approches contemporaines plus soucieuses apparemment de justice politique ou de radicalité ontologique

Meaning and Melancholy in the Thought of Emmanuel Levinas Stine Holte, 2014-11-19

Although considered as one of the 20th century most central ethical thinkers Emmanuel Levinas claimed that his task was not to construct an ethics but to seek the meaning of the ethical In this study Stine Holte examines the problem of ethical meaning in Levinas thinking and shows how the articulation of the ethical implies notions like trauma melancholy and shame and hence a questioning of what we normally regard as meaningful

The Pertinence of Exodus: Philosophical Questions on the Contemporary Symbolism of the Biblical Story Sandro Gorgone, Laurin Mackowitz, 2019-10-15 The Exodus has a risky and combative character that links individuals to their unconscious to the uncertainty of their reality and to the possibility of the disturbing event of the incalculable arrival of the Other This encounter with the unknown does not expect a messianic salvation but a human solution which is aware that change requires the abandonment of self-referential identities This eccentricity is more than evasive desertion or escapism but an experiment with new modes of organizing community that grows on the responsibilities that go with it This collected volume gathers contemporary philosophical perspectives on the Exodus examining the story's symbolic potentials and dynamics in the light of current social political events The imagination of the Promised Land the figure of the migrant the provisional and precarious dwelling of the camp the promise of a better future or the gradual estrangement from inherited habits are all challenges of our time that are already conceptualized in the Exodus The authors reaffirm the pertinence of the story by addressing the fundamental link between the ancient narrative

and the human condition of the 21st century **The Modern Experience of the Religious** ,2023-05-15 The articles in The Modern Experience of the Religious edited by Nassim Bravo and Jon Stewart explore the many ways in which religion was impacted by the emergence of modernity particularly after the Enlightenment which underscored the centrality of human reason and thus called into question traditional forms of religiosity Modernity raised several questions that are studied by the authors of this volume What should be the role of religion in a secular or pluralistic society How does the human being relate to God Can instituted religion be compatible with modern values such as civil liberties pluralism or environmentalism **A**

Politics of Emancipation Miguel Abensour,2024-07-01 Despite his influence in utopian studies and democratic theory French philosopher Miguel Abensour 1939 2017 has yet to be fully discovered in the English speaking world as only a fraction of his work has been translated A Politics of Emancipation fills this void by translating a selection of his seminal essays into English for the first time The Reader provides a systematic overview of Abensour s work and the two inseparable projects that govern his approach to political theory on the one hand a radical critique of all forms of domination and on the other a desire to conceptualize the political as the realm of freedom and emancipation For Abensour both projects are to be undertaken together in order to avoid the double trap of an evacuation of conflict from politics and the reduction of politics to a form of domination In other words a politics of emancipation requires a ruthless critique of domination coupled with an analysis of politics as the domain within which human beings experience freedom and equality The Ungraspable as a Philosophical Problem Alžbeta Kuchtová,2024-08-19 The Ungraspable as a Philosophical Problem provides an analysis of the ungraspable of that which cannot be grasped by the mind or the senses When referring to the ungraspable in sensible reality we often speak of the untouchable the invisible the inaudible and the untastable In the abstract realm we speak of the non conceptual the ineffable the unsayable These are the modalities of the ungraspable that are explored in this study They have been considered absolute by some thinkers a claim that I critically assess My central claim is that the absoluteness of these modalities is linked to a desire to grasp which is characterized by the desire for exactitude for the proper and for domination First I examine the role of the hand in phenomenology more precisely in Martin Heidegger s philosophy in order to further define the notion of the ungraspable I then analyze Emmanuel Levinas s early works which offer an account of the ungraspability of nature the there is I then turn to Jacques Derrida who has proved that otherness is not only human but also animal and theoretical but who devotes little space to the otherness of the more than human or inorganic objects Finally I examine the otherness of so called inorganic or more than living objects natural objects and artifacts demonstrating its importance to our current situation *En découvrant la transcendance avec Emmanuel Lévinas* Marc Faessler,2005

Ethics and Environment. Reactualising Emancipation in Contemporary Ethical Discourse Silvia Pierosara, 2024-05-22 Nowadays emancipation evokes scenarios of an acquired freedom and is closely linked to autonomy Emancipation as liberation and freedom imposes a reflection on the conditions in which we live as well as a question concerning what people can free themselves from and what is not possible to liberate oneself from This collection investigates the possibility of relating to emancipation through the eyes of the ethicist What does emancipation mean in the contemporary moral and political landscape How is emancipation possible and from and towards what can humankind aspire to emancipate Which are the unattended promises of emancipation Where when and to whom can one speak of emancipation Assuming a clear ethical and moral standpoint the contributions collected here reply to such questions firstly by re-semantising this word and then by re-placing it within different philosophical traditions Revue internationale Michel Henry n°7 - 2016 Jean Leclercq, 2016-04-11 Ce numéro constitue un espace où se rejoignent la phénoménologie de Michel Henry celle de ses prédécesseurs ou de ses contemporains mais aussi la théologie la psychanalyse la politique et la littérature **Revue philosophique de la France et de l'étranger**, 2005
