

Employee Benefits And The Parttime Worker Legal And Economic Issues

Huangqi Zhang

Employee Benefits And The Parttime Worker Legal And Economic Issues:

Employee Benefits and the Part-time Worker Robert Frederick Campling, 1987 From the Abstract This paper attempts to examine part time employment from both a legal and economic perspective looking at the extent of part time employment the compensation arrangements for part time employees with particular emphasis on benefits other than wages and the apparent inequities in these arrangements The treatment of part time workers under existing employment standards and collective bargaining legislation is reviewed and the potential impact of the Charter of Rights and Freedoms is examined Finally the actual cost of prorating benefits for part time workers or paying cash in lieu of benefits is examined within the framework of the model developed in 1982 by Reid and Swartz Overall the available data seems to indicate that these costs are not overly excessive

Changing Work Relationships in Industrialized Economies I?ik Urla Zeytino?lu, 1999-11-15 This book examines changing work relationships in industrialized economies within the context of economic restructuring and demographic variables The goal of this book is to examine experiences of industrialized economies in dealing with changing work relationships and discuss policy implications of creating such work relationships The thesis of the book is that non standard employment forms in restructuring economies affected all workers but particularly females and the youth Other demographic variables of education level race ethnicity immigrant status ability and economic class were also underlying forces in the construction and arrangements of non standard work Research shows both positive and negative effects of changing work relationships on workers though there is no conclusive result whether one or the other affect is stronger The discussion in this book pays attention to this debate and sheds light on it This book differs from others in its comprehensiveness of the coverage of work relationships referring to part time temporary casual telework and self employment without employees in its examination of a variety of variables including gender age race ethnicity immigrant status ability education level and economic class in the analysis of the topic in relation with the economic restructuring and in its initiative in collaboration of researchers from a variety of backgrounds and regions of the world that have expertise on changing work relationships

Career Paths of Nursing Professionals Robert D. Hiscott, 1998 This is the first and only comprehensive labour market study of the largest group of nursing professionals in any one province in Canada It explores the career paths of more than 1 600 registered nurses and registered practical nurses using survey data collected in 1992 93 just as these front line caregivers faced the sea change wrought by governmental restructuring in Ontario hospitals A snapshot of key labour force and market issues in the nursing field the study provides important baseline data from which the impact of present and future public policy trends and changes can be monitored reviewed and researched The dimensions studied here include recent demographic shifts the various forms of employment mobility level of voluntarism career interruption and nurses reasons for leaving the field Book jacket

Description of the Economic Recovery and Assistance for American Workers Act of 2001 ,2001 **Economic Problems of Women** United States. Congress. Joint

Economic Committee,1973 *Economic Problems of Women: July 24-26 and 30, 1973* United States. Congress. Joint Economic Committee,1973

East Asian Labor and Employment Law Ronald C. Brown,2012-03-05 This book deals with international labor and employment law in the East Asia Region EA particularly dealing with China South Korea and Japan It explores and explains the effects of globalization and discusses the role of international lawyers business personnel and human resource directors who are knowledgeable culturally sensitive and understand the issues that can arise when dealing in EA trade and investment The text and readings from area experts are organized and written to provide the reader with first a broad understanding and insight into the global dimensions of the fast emerging area of labor and employment issues e g global legal standards and their interplay with domestic and foreign laws and second to show how these laws and approaches play out in specific EA countries comparing global approaches with the specific laws of each country on four common agenda items regulatory administration workers rights trade unions and dispute resolution The book should be of interest not only to lawyers students human resource personnel and government officials but also to business investors managers and members of the public interested in the growing phenomenon of changing labor laws and societies in China South Korea and Japan

Front-Line Workers in the Global Service Economy Giovanna Fullin,2021-06-17 Walking around the commercial streets of New York San Francisco Milan London or Paris and looking at the succession of multinational chain stores windows you can easily forget what country you are in However if you hear the small talk among the employees you hear very different stories In New York a 30 year old woman is worried because she does not know if she will work enough hours to make a living the following week whereas in Milan a mother of the same age knows she will work 20 hours a week but is concerned about whether her contract will be renewed at the end of the following month Following three years of fieldwork which included 100 in depth interviews with front line retail workers and unionists in New York City and Milan *Front Line Workers in the Global Service Economy* investigates both the lived experiences of salespersons in the fast fashion industry a retail sector made of large chains of stores selling fashion garments at low prices and the possibilities of collective action and structured forms of resistance to these global trends In the face of economic globalization and vigorous managerial efforts to minimize labor costs and to standardize the retail experience mass fashion workers stories tell us how strong the pressure toward work devaluation in low skilled service sectors can be and how devastating its effects are on the workers themselves

Journal of Economic Literature ,1988 Key Issues in Women's Work Catherine Hakim,2016-09-17 Women s employment is one of the most widely discussed and often misunderstood issues of modern society Are women today oppressed or do they have the best of both worlds Do women have to go out to work to gain equality with men or do they already do more than their share of domestic work caring work and voluntary work as well as work in the informal economy Do women seek careers on the same terms as men or are they content to be dependent wives or secondary earners taking jobs on a short term basis How important is job segregation in explaining the 20% pay gap

between men and women Have equal opportunities laws had any real impact Are women in Europe lagging behind or are they at the forefront of developments in modern societies This new updated edition of Catherine Hakim s classic text addresses all the key issues currently debated in relation to women s work in the domestic sphere as well as paid employment Dr Hakim tests the power of patriarchy theory and preference theory against economic theories Sex discrimination work life balance part time work flexible hours homeworking career patterns across the life cycle labour mobility labour turnover the returns to education occupational segregation the pay gap the glass ceiling and the impact of European Union policies are all considered Analysis of historical developments over the twentieth century based on censuses is complemented by case studies of people working in occupations undergoing dramatic change Throughout the book comparisons are drawn between the USA Britain other European countries Canada Australia and also China Japan and other Far Eastern societies The analysis draws on sociology economics psychology labour law history and social anthropology to conclude that the diversity of women s life goals and lifestyle preferences is increasing This explains the growing polarisation of women s employment and many contradictory recent research results

Precarious Work, Women, and the New Economy Judy Fudge, Rosemary Owens, 2006-04-26 Globalisation the shift from manufacturing to services as a source of employment and the spread of information based systems and technologies have given birth to a new economy which emphasises flexibility in the labour market and in employment relations These changes have led to the erosion of the standard industrial employment relationship and an increase in precarious work work which is poorly paid and insecure Women perform a disproportionate amount of precarious work This collection of original essays by leading scholars on labour law and women s work explores the relationship between precarious work and gender and evaluates the extent to which the growth and spread of precarious work challenges traditional norms of labour law and conventional forms of legal regulation The book provides a comparative perspective by furnishing case studies from Australia Canada the Netherlands Quebec Sweden the UK and the US as well as the international and supranational context through essays that focus on the IMF the ILO and the EU Common themes and concepts thread throughout the essays which grapple with the legal and public policy challenges posed by women s precarious work

Psychology of Aging Erin L. Woodhead, Brian P. Yochim, 2024-10-16 This multidimensional text on the psychology of aging prepares future professionals with unparalleled depth fresh insights and comprehensive coverage Crafted to equip students across disciplines with a comprehensive understanding of the psychology of aging this text delves into the multidimensional facets of aging spanning psychological biological and social dimensions From neuroplasticity to health theories readers are primed for careers intersecting with the older adult demographic whether in research or healthcare With updated content reflecting recent events and research including the impact of COVID 19 and new chapters on the social context of aging this edition provides fresh perspectives and insights Written with the advanced level student in mind this textbook stands out notably with its targeted focus on older adults While others offer

Employment Growth, Informalisation and Other Issues - English Navneet Singh, Employment Growth Informalisation and Other Issues Employment dynamics especially in the context of developing countries like India often involve complex factors influenced by economic policies technological advancements labour market trends and social dynamics Here s a brief overview of some key aspects related to employment

Employment Growth Formal vs Informal Sector Formal Employment Refers to jobs that are legally recognized offering social security benefits job protections and regulated working conditions Informal Employment Includes jobs that are not regulated or protected often characterized by low wages lack of benefits and precarious working conditions

Sectoral Composition Service Sector Growing in importance particularly in urban areas contributing significantly to employment due to its diverse sub sectors like IT retail hospitality and healthcare Agricultural Sector Despite declining share in GDP it remains a major employer especially in rural areas where mechanization and modernization pose challenges Skilled vs Unskilled Labor Skilled Labor Increasing demand in sectors requiring specialized skills and education influenced by technological advancements and globalization Unskilled Labor Often prevalent in informal sectors facing challenges related to low wages underemployment and lack of job security Informalization of Labor Characteristics of Informal Employment Low Wages Informal jobs typically offer lower wages compared to formal employment Lack of Social Protection Workers often lack access to social security benefits such as health insurance pensions and unemployment benefits Precarious Working Conditions Informal workers may face unsafe working conditions longer hours and limited legal protections Factors Driving Informalization Structural Factors Economic policies urbanization and demographic changes influence the growth of informal sector activities Labor Market Dynamics Demand for flexible labour cost considerations by employers and barriers to formal employment contribute to informalization Policy Challenges Labor Regulations Balancing labour regulations to protect workers while not stifling job

creation in informal sectors Social Protection Extending social safety nets to cover informal workers enhancing access to healthcare education and financial services Emerging Issues Technological Disruption Automation Impact on job roles requiring reskilling and adaptation to new technologies Gig Economy Growth of freelance and temporary work arrangements challenging traditional employment models Youth Employment Skills Mismatch Addressing gaps between education outcomes and market demand for skills Entrepreneurship Promoting entrepreneurial skills and opportunities to create jobs and economic growth Gender and Inequality Gender Disparities Addressing barriers to women s participation in the workforce promoting equal pay and opportunities Income Inequality Addressing disparities in income distribution social mobility and access to economic opportunities Conclusion Understanding employment dynamics involves examining growth trends the impact of informalization and addressing emerging issues such as technological disruption and inequality Effective policy responses should aim to promote inclusive growth improve job quality enhance labour market flexibility and ensure social protection for all workers contributing to sustainable development and equitable economic outcomes

Conference on the Growing Contingent Work Force United States. Congress. Senate. Committee on Labor and Human Resources. Subcommittee on Labor,1994 Distributed to some depository libraries in microfiche Vicarious Language Miyako Inoue,2006-04-05 This highly original study provides an entirely new critical perspective on the central importance of ideas about language in the reproduction of gender class and race divisions in modern Japan Focusing on a phenomenon commonly called women s language in modern Japanese society Miyako Inoue considers the history and social effects of this language form Drawing on ethnographic fieldwork in a contemporary Tokyo corporation to study the everyday linguistic experience of white collar females office workers and on historical research from the late nineteenth century to 1930 she calls into question the claim that women s language is a Japanese cultural tradition of ancient origin and offers a critical genealogy showing the extent to which this language form is in fact a cultural construct linked with Japan s national and capitalist modernity Her theoretically sophisticated empirically grounded interdisciplinary work brilliantly illuminates the relationship between culture and language the nature of power and subject formation in modernity and how the complex nexus of gender language and political economy are experienced in everyday life *Monthly Labor Review* ,2006 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews

Research Handbook on Political Economy and Law Ugo Mattei,John D. Haskell,2015-11-27 Events such as the global financial crisis have helped reveal that the drivers and contours of governance on a national and international level remain a mystery in many respects This is so despite the ever increasing complexity and sophistication in the management and understanding of economic legal and political spheres of global society Set in this context this timely Research Handbook is the first to explicitly address the constitutive relationship between law and political economy With scholarly contributions from diverse disciplinary and geographic backgrounds this authoritative book provides an expansive overview of the legal architecture of

the global political economy It covers in three parts topics surrounding money and markets the relations of organization and commodities land and resources Scholars and policymakers as well as undergraduate and postgraduate law students interested in the intersection of socio political economic and legal dynamics of governance will find this book a thought provoking and insightful resource

Empirical Law and Economics Atsushi Maki, 2024-07-05 Maki provides an empirical analysis of law and economics by reevaluating Myrdal's value premises and Weber's separation of analysis and policy In modern civil society individuals and businesses conduct economic activities through markets The mainstream economic theory is the general equilibrium theory which assumes a perfectly competitive market The upshot is that transactions through competitive markets maximize the economic welfare of society with policies such as deregulation and privatization being implemented with the backing of the law However in the real economy legal transactions do not always take place and this book analyzes price fixing and bid rigging cases These cases show that there is a gap between competition philosophy and legislation Using the real economy as data this book conducts an empirical analysis of law and economics and illustrates issues related to the ideals of economics and the proper application of law Accumulating empirical results will provide the means to form a healthy civil society A useful reference for graduate students and researchers in economics and legal research and an interesting read for those who consider economics to be an empirical science

Multinational Human Resource Management and the Law Matthew W. Finkin, Joel Cutcher-Gershenfeld, Takashi Araki, Roberto Fragale Filho, Andrew Stewart, Bernd Waas, 2013-09-30 Multinational corporations face considerable complexity in setting the terms and conditions of employment Differing national laws prevent firms from developing consistent sets of employment policies but at the same time employees are often expected

The World Trade Organization International Trade Law Center, Arthur E. Appleton, Michael G. Plummer, 2007-12-31 The editors have succeeded in bringing together an excellent mix of leading scholars and practitioners No book on the WTO has had this wide a scope before or covered the legal framework economic and political issues current and would be countries and a outlook to the future like these three volumes do 3000 pages 80 chapters in 3 volumes cover a very interdisciplinary field that touches upon law economics and politics
