The Life and Times of Julius Caesar Jim Whiting,2019-12-05 Julius Caesar is one of the most famous figures in ancient Rome He was born into a turbulent era when different factions were trying to control the government He survived and began a steady rise in importance He became a very successful military commander who added more than 200 000 square miles to the territories under Rome s control But his triumphs created powerful enemies in Rome They wanted to strip him of his power He defeated those enemies in a civil war that made him even more powerful He had a famous love relationship with Cleopatra the queen of Egypt When it seemed that nothing could hold him back he was assassinated in the Roman Senate One of his most notable accomplishments still affects people today He reformed the calendar and established the length of a year at its present 365 days with a leap year every four years The month of July is named after him **Timeframe ...:**
