women and two men who at one point in their lives found themselves on the other side of abortion. Some chose to end their pregnancy or their partner's pregnancy while others faced extreme coercion and even bullying in order to force them to abort. Regardless of what brought them to that point, each finds themselves with empty arms and an unquenchable grief that shakes them to the core. Wander through the pages of their life as they attempt to navigate the treacherous waters of shame and loss. Then allow these brave souls to reveal how they found the courage to step out of hiding only to discover redemption was available all along. If you want to hear raw authenticity and truthful storytelling, you will find it in *Ribbon of Redemption*. The stories weave their way through the lives of those that regret an abortion decision and ends with the hope. **Empty Arms**, 2020-01-31. Anthology of stories from parents that have experienced the loss of a baby. **Empty Arms** Jenny McKinney, 2017-03-03. When Melanie and Tyson first learned they were expecting a baby, they were elated. Soon their joy turned to sorrow as they learned the difficulties their baby would face while in utero. Would they ever hold their son? As Justin was heading home from work, the sun shone in his eyes, causing him to miss the stop sign. The devastation that followed would ultimately test the strength and faith of his family. These are just two of several true stories told by Jenny McKinney in her feature book *Empty Arms*. These stories of tragedy, hope, and faith will leave you breathless as you wipe tears away and have you wondering how solid your own faith is as you face life's cruelest difficulties. Would you have the same strength to overcome? [Regaining Sight](#) Sisters of Life, 2017. *Empty Arms* Whitney N. Gillespie, 2017-04-24. This book gives the emotions and background details on the miscarriage of Angel Gillespie. Angel was the first and only child at the time of Dr. Whitney Gillespie. Angela's passing was the motivation for Dr. Gillespie writing books and latest projects. **A Surrendered Life** Pat Layton, 2020-05. *A Surrendered Life* offers eight biblically based steps for dealing with emotional and spiritual loss resulting from a past abortion. As a 23-year-old single mom and college student, author Pat Layton fell for the lie of abortion and suffered immediate emotional and spiritual devastation. At age 30 and a new Christian, Layton found help, hope, and healing through God's truth. *A Surrendered Life* will lead you on a journey of healing and restoration that will set your heart free. From CrossBooks, a division of LifeWay. *A Surrendered Life* adds a vivid personal dimension to Layton's exploration of practical biblical principles dealing with abortion. It forms a companion to her Bible study guide *Surrendering the Secret*, also from LifeWay. *Deep Care* Angela Hume, 2023-11-14. The story of the radical feminist networks who worked outside the law to defend abortion. Starting in the 1970s, small groups of feminist activists met regularly to study anatomy, practice pelvic exams on each other, and learn how to safely perform a procedure known as menstrual extraction, which can end a pregnancy using equipment that can be easily bought and assembled at home. This self-help movement grew into a robust national and international collaboration of activists and health workers determined to ensure access to reproductive healthcare, including abortion, at all costs, to the point of learning how to do the necessary steps themselves. Even after abortion was legalized in 1973 with *Roe v. Wade*, activists continued meeting, studying, and teaching these skills, reshaping their strategies alongside

decades of changing legal medical and cultural landscapes such as the legislative war against abortion rights the AIDS epidemic and the rise of anti abortion domestic terrorism in the 1980s and 1990s From the self help movement sprang a constellation of licensed feminist healthcare clinics community programs to promote reproductive health even the nation's first known donor sperm bank all while fighting the oppression of racism poverty and gender violence The movement's drive to keep abortion accessible also led to the first clinic defense mobilizations against anti abortion extremists trying to force providers to close their doors Deep Care follows generations of activists and health workers who orbited the Women's Choice Clinic in Oakland from the early 1970s until 2010 as they worked underground and above ground in small cells and broad coalitions and across political movements with grit conviction and allegiances of great trust to do what they believed needed to be done despite the law when required Grounded in interviews with activists sharing details of their work for the first time Angela Hume reveals three decades of this critical if under recognized story of the radical edge of the abortion movement These lessons are more pertinent than ever following the Supreme Court's 2022 Dobbs v Jackson decision and the devastation to abortion access nationwide
