team gets spooked Could those be ghosts following them Find out in this frighteningly good adventure Einstein in Love Dennis Overbye,2001-10-01 In Einstein in Love Dennis Overbye has written the first profile of the great scientist to focus exclusively on his early adulthood when his major discoveries were made It reveals Einstein to be very much a young man of his time draft dodger self styled bohemian poet violinist and cocky charismatic genius who left personal and professional chaos in his wake Drawing upon hundreds of unpublished letters and a decade of research Einstein in Love is a penetrating portrait of the modern era s most influential thinker **Mad, Bad and Dangerous?** Christopher Frayling,2013-06-01 From Victor Frankenstein to Dr Moreau to Doc Brown in Back to the Future the scientist has been a puzzling fascinating and threatening presence in popular culture From films we have learned that scientists are either evil maniacal geniuses or bumbling saviors of society Mad Bad and Dangerous puts this dichotomy to the test offering a wholly engaging yet not uncritical history of the cinematic portrayal of scientists Christopher Frayling traces the genealogy of the scientist in film showing how the scientist has often embodied the predominant anxieties of a particular historical moment The fear of nuclear holocaust in the 1950s gave rise to a rash of radioactive mutant horror movies while the possible dangers of cloning and biotechnology in the 1990s manifested themselves in Jurassic Park During these eras the scientist s actions have been viewed through a lens of fascination and fear In the past few decades with increased public awareness of environmental issues and of the impact of technology on nature the scientist has been transformed once again into a villainous agent of money hungry corporate powers Mad Bad and Dangerous also examines biographical depictions of actual scientists illuminating how they are often portrayed as social misfits willing to sacrifice everything to the interests of science Drawing on such classic and familiar films as Frankenstein Metropolis and The Wizard of Oz Frayling brings social and film history together to paint a much larger picture of the evolving value of science and technology to society A fascinating study of American culture and film Mad Bad and Dangerous resurrects the scientists of late night movies and drive in theaters and gives them new life as cultural talismans Disney's Little Einsteins: Christmas Wish ,2012-08-28 Santa Claus leaves magical wish boxes under the Christmas tree for each of the Little Einsteins Well everyone except for Annie Her gift must have fallen off his sleigh Join the team on a mission around the world in search of Annie s wish box Along the way learn about the most important gift of all the gift of friendship Einstein's Business Dawson Church,2007-01-10 At this threshold of our species evolution there is an increasing recognition that new approaches are needed to create the radical changes necessary for humanity to survive on this planet Business is not exempt it s at the center of this radical change Business can even be the lynchpin around which the rest of social transformation takes place and can lead the way as we relinquish our addiction to control and to the extreme competitiveness that has paralyzed us and prevented us from uniting to address the urgency of the crisis at hand In this anthology some of the best selling business authors of today infuse their visions experiences and insights into the ongoing conversation about how to find solutions to seemingly impossible challenges The guiding principles

for the book are derived from the inspiring timeless wisdom of Albert Einstein a man who modeled the ability to be a channel for intuitive imaginative and collective intelligence From that realm we can draw on collective intelligence to re invent ourselves and transform business

Nature Loves to Hide Shimon Malin,2001 In *Nature Loves to Hide* physicist Shimon Malin takes readers on a fascinating tour of quantum theory one that turns to Western philosophical thought to clarify this strange yet inescapable description of the nature of reality Writing with broad humanistic insight and deep knowledge of science Malin offers a profound new understanding of the nature of reality

Einstein Denis Brian,1997-08-21 Blends the brilliance of the scientific genius with the compassion playfulness and wit of the private figure A fascinating read with more interesting material about Einstein as a human being than I have ever seen before Robert Jastrow astrophysicist and bestselling author A thoughtful and captivating account of one whom I had the joy of knowing and loving George Wald Nobel Prize Laureate His face is one of the most recognized on the planet His very name is synonymous with genius Yet for all the attention and countless biographies our images of Albert Einstein rarely go beyond the eccentric and larger than life scientist unraveling one cosmic mystery after another In this engaging popular biography Denis Brian draws on a wealth of new information recently opened to the public to bring us a broader more authentic portrait of Einstein than previously available The first full scale Einstein life published in 20 years it is also the first to integrate Einstein s genius with his private and public life to give us a complete impression of the real person We meet an Einstein with a gift for friendship a romantic with a roving eye for women We confront a man whose countless scientific triumphs were tempered by tragic ironies in his personal life We encounter Einstein the humanist who showed compassion for the children of others yet neglected his own sons We learn from his former assistants how they revered Einstein how he worked at his science and of his warm relationships with other physicists Based on information drawn from new access to the Einstein archives as well as exclusive interviews with colleagues and friends *Einstein A Life* reveals an endearing and sensitive man but one slightly detached from even those closest to him as if he inhabited his own world of lofty thoughts and cosmic dreams DENIS BRIAN West Palm Beach Florida is the author of *The True Gen An Intimate Portrait of Hemingway by Those Who Knew Him* and *Genius Talk Conversations with Nobel Scientists and Other Luminaries*

Popular Science ,1979-12 *Popular Science* gives our readers the information and tools to improve their technology and their world The core belief that *Popular Science* and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
