The Parables in Q Dieter Roth, 2018-05-17 Few New Testament topics have been discussed as often and as intensely as Q the hypothesized second major source alongside the gospel of Mark for the gospels of Matthew and Luke and the parables And yet no monograph to date has been devoted to considering the parables in Q In addition to filling this gap in New Testament scholarship Dieter T Roth addresses the need to move scholarship on both Q and the parables forward along methodological and interpretive lines Roth considers Q not as a text behind Matthew and Luke that needs to be reconstructed but rather as an intertext between Matthew and Luke that offered plots characters and images in parables that were taken up by Matthew and Luke and utilized in their own respective texts In addition Roth draws on recent parables research in his examination of the 27 parables in Q two spoken by John the Baptist one by the Centurion and 24 by Jesus in order to consider their purpose and function in this early Christian text

Neue Deutsche Welle Claudia Lonkin, 2024-04-04 Neue Deutsche Welle NDW or German New Wave was made extraordinarily popular in the 1970s and 1980s by the likes of Nena's 99 Luftballons and Trio's Da Da Da and then left as quickly as it came Conventional wisdom among artists dictates that it's better to burn out than fade away but this doesn't tell the full story of NDW the reason for its rapid rise and fall the historical context that necessitated the genre and where the energy of the NDW movement went after its end The genre has international influences but still demonstrates a uniquely German desire to build a new sanitized identity in the aftermath of World War II Originally quite subversive and underground NDW became exponentially more mainstream until it could no longer sustain itself creatively And rather than disappearing it helped give rise to the post Cold War rave craze and is still an important touchstone in music history
