Estos reportajes publicados en la revista The New Yorker y compilados para Anagrama reúnen personajes y paisajes políticos de España y Latinoamérica. Por estas páginas desfilan el rey Juan Carlos, Augusto Pinochet antes del juez Baltasar Garzón, un espectacular Hugo Chávez en una Venezuela de contrastes, el decreto Fidel Castro en una Cuba sin salida satisfactoria para nadie, García Márquez, genial conspirador en el polvorín colombiano, los restos de Federico García Lorca en un tira y afloja entre lo político y lo sentimental, y las favelas brasileñas donde florece la extrañeza mística del delito. Aunando la tradición de la semblanza crítica y el periodismo en directo, Anderson se caracteriza por la agudeza política, el hábil trazado de los contextos, la atención por el detalle iluminador y la concepción literaria del periodismo. Una reedición que viene acompañada de un prólogo de Carlos Manuel Álvarez Rodríguez incluido en la lista de los mejores narradores jóvenes en español de la revista Granta que se suma al de Juan Villoro que ya incluye la primera edición.

Predicting the Unthinkable, Anticipating the Impossible Georgie Anne Geyer, 2017-09-04 In the 1980s most Americans scoffed at the idea that the Communist empire could collapse but Georgie Anne Geyer was already outlining that probability. In the 1990s the world was stunned by wars that raged across post-Yugoslavia and their viciousness but Geyer, on a trip to Belgrade in 1989, interviewed top officials and anticipated the conflicts. When 9/11 occurred, she used common sense and said, "This was inevitable." The terrorists had already attacked the World Trade Center in 1993 and criminals always return to the scene of the crime. Geyer argues that while the United States was being praised everywhere during this era of indispensable power as the greatest power the world has known, it actually had started on the road to decline. It had won the Cold War but had immediately embarked upon more Vietnam-like small wars of tremendous cost in Iraq and Afghanistan. Across the board it was no longer paying its way while its domestic culture was being vulgarized at every turn. This book explains how, when and where these declines happened. Geyer studies the history of nations and of peoples, observes human nature particularly as influenced by religion and ideology, and is a close analyst of the acts of men and women when they perceive they have been humiliated by others or by history. She warns Americans and journalists that we must anticipate the changes in the world before they are upon us and that we must employ
