continued with the cartel related mayhem that made it one of the world s most dangerous cities from 2006 to 2012 Along

with the violence came a new lexicon that traveled from person to person across rivers and borders wherever it was needed

to explain the horrors taking place From personal interviews media accounts and conversations on the street Juli n Cardona

and Alice Leora Briggs have collected the words and slang that make up the brutal language of Ju rez creating a glossary that

serves as a linguistic portrait of the city and its violence Organized alphabetically the entries consist of Spanish and

Spanglish accompanied by short English definitions Some also feature a longer narrative drawn from interviews stories that

put the terms in context and provide a personal counterpoint to media reports of the same events Letters and many of the

entries are supplemented with Briggs s evocative illustrations which are reminiscent of Hans Holbein s famous Alphabet of

The Taken Javier Valdez Cárdenas, 2017-01-26 A massive wave of violence has rippled across Mexico over the past decade In the western state of Sinaloa the birthplace of modern drug trafficking ordinary citizens live in constant fear of being taken kidnapped or held against their will by armed men whether criminals police or both This remarkable collection of firsthand accounts by prize winning journalist Javier Valdez C rdenas provides a uniquely human perspective on life in Sinaloa during the drug war The reality of the Mexican drug war a conflict fueled by uncertainty and fear is far more complex than the images conjured in popular imagination Often missing from news reports is the perspective of ordinary people migrant workers schoolteachers single mothers businessmen teenagers petty criminals police officers and local journalists people whose worlds center not on drugs or illegal activity but on survival and resilience truth and reconciliation Building on a rich tradition of testimonial

literature Valdez C rdenas recounts in gripping detail how people deal not only with the constant threat of physical violence but also with the fear uncertainty and guilt that afflict survivors and witnesses Mexican journalists who dare expose the drug war s inconvenient political and social realities are censored and smeared murdered and disappeared This is precisely why we need to hear from seasoned local reporters like Valdez C rdenas who write about the places where they live rely on a network of trusted sources built over decades and tell the stories behind the headline grabbing massacres and scandals In his informative introduction to the volume translator Everard Meade orients the reader to the broader armed conflict in Mexico and explains the unique role of Sinaloa as its epicenter Reports on border politics and infamous drug traffickers may obscure the victims suffering The Taken helps ensure that their stories will not be forgotten or suppressed **Oh-Di-Seas**

Hispanoamericana David W. Foster, 2014-05-22 This Spanish language anthology contains selections by 45 Latin American authors. It is intended as a text for upper division Latin American literature survey courses. The anthology presumes a high level of linguistic command of Spanish and it contains footnotes to allusions and cultural references as well as words and phrases not found in standard bilingual dictionaries used in the US. Emphasis is on major 20th century writers while important works from colonial and 19th century literature are also included. The diverse selections of Literature Hispanoamericana will enable students to have a more sustained exposure to major voices of Latin American literature than possible in anthologies built around fragments. By focusing on fewer authors but more significant selections from their writings, students will have a greater grasp of major canonical figures as well as emergent voices. The mother of the narrator in the first passage asks, "Do you believe what the president says?" The young narrator listens agape at the president's statements while his work-weary parents contemplate a trip to el Norte. When the promised prosperity doesn't reach the corners of San Luis Potosí, the narrator sets out with his father to try to improve their finances. With the dream of the wealthy Hollywood that he sees on television tucked in his pocket, he along with the other narrators in this collection of Spanish language testimonials struggles to reach the United States. Radio personality Alicia Alarcón invited listeners who had migrated to the United States to call and share their stories. In these pages, Alarcón collects the footsteps of these travelers through their flight and their falls. Their stories highlight the true American experience for immigrants from all over South and Central America who decide to leave their respective homelands. These intriguing but heartbreaking passages reveal young and old men and women who must overcome the impossible as they hope to find a better place than the one they've left behind. These difficult and gritty stories are the stories of the successful, the ones who make it across past the natural and the bureaucratic obstacles along the border, only to scratch together lives on the other side. **Someone Had to Lie** Jack Luellen, 2025-03-11 Some cases never let you go. Reeling from the sudden death of a close friend, James Butler and Erica Walsh are pulled back into the shadow world of Mexican cartels and the CIA. Seeking to avenge the murder of their friend with only his haphazard notes to guide them, they puzzle through the possible connections, searching for anything concrete. As they investigate his murder and his notes, they find unsettling links between drug trafficking, American gangs, the CIA, and the opioid epidemic. Determined to find the truth hidden among cases they thought were long closed, Butler and Walsh call on friends and colleagues to help them survive the crosshairs that got their friend killed. With the threat spreading across more of their contacts, they must uncover the truth.
