**An Economic History of Twentieth-Century Latin America** E. Cardenas,J. Ocampo,R. Thorp,2000-11-09 This book explores the impact on Latin America of the extraordinary transformation of the international economy that took place in the half century or so that preceded the world depression of the 1930s The authors show how the response varied in terms of both growth and distribution shaped by varying preconditions and by natural resources and geography The interplay of economic developments with political and social structures had profound and varied effects on policy making and on institutions that were of great significance for later decades **El café en Colombia, 1850-1970** Marco Palacios,1983

**Science and Empires** P. Petitjean, Cathérine Jami, A.M. Moulin, 2012-12-06 SCIENCE AND EMPIRES FROM THE INTERNATIONAL COLLOQUIUM TO THE BOOK Patrick PETITJEAN Catherine JAMI and Anne Marie MOULIN The International Colloquium Science and Empires Historical Studies about Scientific Development and European Expansion is the product of an International Colloquium Sciences and Empires A Comparative History of Scientific Exchanges European Expansion and Scientific Development in Asian African American and Oceanian Countries Organized by the REHSEIS group Research on Epistemology and History of Exact Sciences and Scientific Institutions of CNRS National Center for Scientific Research the colloquium was held from 3 to 6 April 1990 in the UNESCO building in Paris This colloquium was an idea of Professor Roshdi Rashed who initiated this field of studies in France some years ago and proposed Sciences and Empires as one of the main research programmes for the The project to organize such a colloquium was a bit REHSEIS group of a gamble Its subject reflected in the title Sciences and Empires is not a currently accepted sub discipline of the history of science rather it refers to a set of questions which found autonomy only recently The terminology was strongly debated by the participants and as is frequently suggested in this book awaits fuller clarification , El café en Colombia Marco Palacios Roza, 2002 Latin America in the 1930s Rosemary Thorp, 1984-09-20 This is the new edition of the highly acclaimed Latin America in the 1930s a text which has proved invaluable for teachers researchers and students alike The second edition has been revised and updated including a new preface and updated statistical material to form the second volume in An Economic History of Twentieth Century Latin America This book confronts the puzzle of Latin America s rapid recovery from the collapse in world markets and capital flows in the late 1920s It shows how far the safety valves which made recovery possible in the 1930s were not available fifty years later It documents the impact of crisis on the changing role of the state and on institutional development The Central American case studies have been updated with significantly improved data *Salt and the Colombian State* Joshua M. Rosenthal, 2014-08-23 In republican Colombia salt became an important source of revenue not just to individuals but to the state which levied taxes on it and in some cases controlled and profited from its production The salt trade consistently accounted for roughly 10 percent of government income In the town of La Salina de Chita in Boyaca province thermal springs offered vast amounts of salt and its procurement and distribution was placed under the jurisdiction

of the Ministry of Finance Focusing his study on La Salina Joshua M Rosenthal presents a fascinating glimpse into the workings of the early Colombian state its institutions and their interactions with local citizens during this formative period Although historians have cited the state s weakness and in many cases its absence in local affairs Rosenthal counters these assumptions by documenting the primary role the state held in administering contracts inspections land rights labor and trade in La Salina contending that this was not an isolated incident He also uncovers the frequent interaction between the state and local residents who used the state s liberal rhetoric to gain personal economic advantage Seen through the lens of the administration of La Salina s saltworks Rosenthal provides a firsthand account of the role of local institutions and fiscal management in the larger process of state building His study offers new perspectives on the complex network of republican Colombia s political culture and its involvement in provincial life across the nation **Buscando el crecimiento**

**económico** Adriana Santos Delgado,Hugues Sánchez Mejía,2024-03-04 A comienzos del siglo xx la ciudad de Cali era una pequeña población que crecía lentamente en términos económicos y demográficos Una ciudad en donde sus habitantes vivían del trabajo agropecuario artesanal y algunos comerciantes se beneficiaban de la extracción forestal la exportación de oro en polvo la compraventa de productos agropecuarios y la importación de artículos europeos y norteamericanos Pero a mediados tarde entrado el siglo xx en el valle geográfico del río Cauca y en especial en la ciudad de Cali se operó una transformación agrícola industrial que tuvo como eje de evolución el ingenio y la producción cafetera por un lado y el desarrollo fabril por el otro Esta articulación entre el desarrollo agrícola e industrial permitió que en el departamento del Valle del Cauca se diera un proceso de cambio económico bastante particular en la primera mitad del siglo xx el cual hasta la fecha ha sido estudiado parcialmente por la historiografía económica de ahí la necesidad de realizar un análisis más detallado sobre el tránsito de una economía que descansaba en la producción agrícola y artesanal hacia una agroindustrial y luego de manera paralela a una de tipo industrial **Orden y violencia: Colombia 1930-1953** Daniel Pécaut,2012-01-01 El libro Orden y violencia Colombia 1930 1953 del profesor Daniel Pécaut hace énfasis en tres momentos cruciales de la época que estudia la Revolución en Marcha de López Pumarejo la aparición y el auge del gaitanismo y la irrupción y la generalización de la Violencia de los años 1950 En cada uno de estos momentos resalta los aspectos económicos sociales y políticos y pone de presente la compleja interacción entre contextos acontecimientos y representaciones en juego en el marco de una consideración integral de todos los elementos comprometidos Sin embargo la peculiaridad de su análisis tiene que ver con el hecho de explorar en la secuencia temporal escogida la dimensión de lo político como matriz simbólica de constitución de la sociedad y no simplemente como una dimensión instrumental Al hacerlo nos muestra que en el caso colombiano el orden y la violencia no constituyen dimensiones separadas y excluyentes sino que establecen entre sí relaciones de complementariedad e interdependencia hasta el punto de considerar que la violencia es consustancial al ejercicio de una democracia que se funda en adhesiones colectivas y en redes privadas de dominación social Este libro desde su primera edición en 1987 ha llegado a convertirse en una de las obras clásicas

sicas de la historiografía colombiana y en un punto de referencia obligado no sólo para quien quiera conocer la poca que estudia sino para quien se interese por comprender el actual conflicto colombiano en una perspectiva histórica

**Transformaciones y necesidades contemporáneas de las territorialidades rurales afrocolombianas** Carlos Duarte, Carolina Baltán, Alen Castaño, Andrea Espinosa, Daniela Alejandra Gómez Vélez, Andreina Guerrero, Juan Ledesma, Marta Montaña, Jhon Alejandro Noriega Talero, Ana María Solarte, Luis Ernesto Valencia, 2018-12-01 Durante los últimos años los derechos territoriales de la población afrocolombiana se han visto obstaculizados por factores como la concentración de la tierra, el uso inapropiado del suelo, los conflictos de manejo y uso de las tierras así como las afectaciones del conflicto armado interno que reducen y deterioran el hábitat motivando en algunos casos su abandono y consecuente hacinamiento en pequeñas áreas territoriales. Consciente de la subsistencia de estos problemas, las diversas organizaciones del pueblo afrocolombiano y de manera discontinua el Estado colombiano han buscado establecer condiciones materiales para el reconocimiento efectivo de los derechos territoriales de las comunidades Negras Afrodescendientes Raizales y Palenqueras NARP. Sin embargo, pese a los avances en la dotación y legalización de tierras, se presentan problemas como la existencia de consejos comunitarios de población afrodescendiente sin titulación colectiva, el avance lento de titulaciones colectivas en propiedades de comunidades NARP por fuera del Pacífico biogeográfico y en muchos casos la insuficiencia de las tierras entregadas que garantizan la subsistencia de los grupos étnicos y culturales. A estos obstáculos tradicionales que dificultan la dotación, legalización y control de las tierras, se le suma el reto de la interculturalidad, es decir, todo un fenómeno con el potencial de generar o profundizar conflictos interétnicos e interculturales por la tierra, ya que implica el encuentro de diversas perspectivas o visiones de gobernanza rural sobre un mismo territorio. Enfrentar el reto de la interculturalidad y los problemas tradicionales que aquejan el desarrollo rural de la población afrocolombiana sustentan la naturaleza del presente texto, en el que la Pontificia Universidad Javeriana a través del Instituto de Estudios Interculturales se dispone a contribuir en la implementación de mecanismos de concertación para que los diferentes actores rurales gestionen acuerdos en medio de la diversidad de concepciones, trayectorias y principios de organización del territorio y de percepciones en torno a lo público. Teniendo en cuenta lo anterior, el presente esfuerzo investigativo busca contribuir a solventar la encrucijada intercultural sin vulnerar los derechos de las comunidades afrocolombianas. Persiguiendo el anterior fin, este estudio podrá ser considerado una línea de base para dimensionar las transformaciones y necesidades contemporáneas de las territorialidades rurales afrocolombianas.

**Colombia. La apertura al mundo. Tomo 3 (1880-1930)** Varios autores, 2015-05-21 Tomo III de Colombia en la Colección América Latina en la Historia Contemporánea Dirigido y coordinado por Eduardo Posada Carbó Este volumen cubre uno de los periodos más incomprensidos de la historia colombiana Fueron años excepcionales por los constantes cambios de regímenes políticos Entre 1880 y 1930 el país pasó primero del dominio del liberalismo radical a la Regeneración alianza del independentismo de Rafael Núñez con el conservatismo de Miguel Antonio Caro seguido de un golpe de Estado de la más larga guerra civil del siglo XIX y de la dictadura de Rafael Reyes Pero en 1910 Colombia se enrumbó hacia la estabilidad institucional acompañada de cierta apertura

política bajo el liderazgo del partido republicano y sucedida por la configuración del bipartidismo inicialmente bajo la hegemonía conservadora. Siguió una década de paz relativa, auge cafetero y prosperidad. La colección *América Latina en la Historia Contemporánea* es uno de los proyectos editoriales más importantes de las últimas décadas y una aportación original y novedosa a la historiografía sobre América Latina en la que han participado más de 400 historiadores de diversas países. Presenta una visión plural y accesible de la historia contemporánea de las naciones latinoamericanas incluyendo aquellas otras europeas o americanas que más han aportado a su materialización y revela las claves políticas, sociales, económicas y culturales que han determinado su trayectoria y el lugar en el mundo que hoy ocupan. Premio de la revista *La Aventura de la Historia* a la mejor iniciativa editorial. **Colombia y la economía mundial 1830-1910** Ocampo, José Antonio, 2013-08-01. Esta obra es ya un clásico de la historiografía económica colombiana. En el análisis detallado del comercio exterior de Colombia en el siglo XIX, el autor concluye que el país solo logró una débil inserción en la economía internacional como lo que denominaba una periferia secundaria. La característica esencial fue que el país únicamente alcanzó los éxitos cuando los precios internacionales eran atípicamente altos, pero que los éxitos temporales desaparecían una vez que los precios descendían. Fenómeno de producción especulativa. Este patrón culminó en un colapso a finales del siglo XIX hasta que el café abrió nuevas posibilidades de desenvolvimiento a principios del siglo XX. **Paisajes laborales postfordistas en el sur occidente colombiano Vol.1** Carlos Mejía Sanabria, Deidi Maca Urbano, 2024-08-01. Como producto de la emergencia de nuevos modelos de producción, flexibilidad y precariedad laboral, cambios tecnológicos y crisis del Estado, el trabajo constituido como eje articulador de las vidas y las identidades de los individuos afronta mutaciones profundas que redefinen procesos, espacios, contratos, salarios y horarios laborales. El libro *Paisajes laborales postfordistas en el sur occidente colombiano* toma de Arjun Appadurai una expresión que sugiere la idea de paisaje tecnológico como el espacio donde confluyen flujos desorganizados de capital, trabajo, tecnología, industria y empresa, proyectando una imagen del cambiante mundo laboral en que vivimos. Postfordismo significa aquí el conjunto de espacios sociales donde se combinan colectivos de trabajadores polivalentes con tecnologías flexibles de base microelectrónica dando lugar a procesos de trabajo que transforman materias primas en mercancías o producen servicios modernos dentro de esquemas laborales desregulados. Las investigaciones reunidas en este libro procuran dar sentido a dilemas de la sociedad contemporánea donde el trabajo opera bajo el signo de lo efímero, volátil y cambiante, exigiendo del individuo adaptación a formas de laborar que fomentan la dislocación social y la fragmentación personal. Los estudios referidos presentan evidencia empírica relacionada con el acontecer de los procesos laborales en los últimos veinte años en una región muy dinámica del suroccidente colombiano y del país cuyo epicentro es Cali y que se extiende desde el norte del departamento del Cauca hasta el norte del Valle del Cauca y la zona de Buenaventura. *The Economic Development of Latin America Since Independence* Luis Bértola, José Antonio Ocampo, 2012-10-25.
