Scarlet Experiment Jeffrey Karnicky, 2016-11 Emily Dickinson's poem Split the Lark refers to the scarlet experiment by which scientists destroy a bird in order to learn more about it. Indeed, humans have killed hundreds of millions of birds for science, fashion, curiosity, and myriad other reasons. In the United States alone, seven species of birds are now extinct, and another ninety-three are endangered. Conversely, the U.S. conservation movement has made bird watching more popular than ever, saving countless bird populations, and while the history of actual physical human interaction with birds is complicated, our long aesthetic and scientific interest in them is undeniable. Since the beginning of the modern conservation movement in the mid-nineteenth century, human understanding of and interaction with birds has changed profoundly. In *Scarlet Experiment*, Jeff Karnicky traces the ways in which birds have historically been seen as beautiful creatures worthy of protection and study, and yet subject to experiments scientific, literary, and governmental that have irrevocably altered their relationship with humans. This examination of the management of bird life in America from the nineteenth century to today, which focuses on six bird species, finds that renderings of birds by such authors as Henry David Thoreau, Emily Dickinson, Don DeLillo, and Christopher Cokinos have also influenced public perceptions and actions. *Scarlet Experiment* speculates about the effects our decisions will have on the future of North American bird ecology.

Young Adult Nonfiction Judith A. Hayn, Jeffrey S. Kaplan, Amanda L. Nolen, Heather A. Olvey, 2015-11-19 No matter the location, schools are guided by standards including Common Core State Standards. This collection of contributions by some of the country's leading literacy experts offers practical suggestions for implementing young adult literature to meet the demand that standards mandate for focusing on nonfiction in teaching literacy. The challenges to CCSS abound, and teachers who are currently seeking avenues to reach their students no matter what content they teach will find the strategies and suggestions useful. The text advocates using young adult literature to accomplish content area literacy and is intended as a primer for those who are building curriculum.
