Economía Política De La Argentina En El Siglo Xx La:

La economía política de la Argentina en el siglo XX Roberto Cortés Conde, 2005 Historia económica de la Argentina en los siglos XX y XXI Claudio Belini, Juan Carlos Korol, 2020-10-27 El desempeño de la economía argentina es un enigma hasta para los más avezados analistas. Hacia 1913 el país integraba el pequeño grupo de naciones que contaban con un elevado ingreso per cápita al finalizar el siglo ocupaba ya un lugar muy secundario. Aunque la primera década del nuevo milenio parecía augurar el inicio de un ciclo de crecimiento sostenido a partir de 2012 la Argentina entró en un nuevo período de estancamiento e inflación. Sobre ese escenario el país enfrenta como efecto de la pandemia una crisis que amenaza con convertirse en la más aguda de su historia. En este manual de referencia Claudio Belini y Juan Carlos Korol trazan las grandes líneas del derrotero económico del país eludiendo las visiones remanidas que hablan del experimento argentino como un sorprendente fracaso. A través de una síntesis magistral recorren con sabiduría y datos el proceso de desarrollo económico atendiendo a las transformaciones del comercio mundial y al modo en que la Argentina pudo insertarse en él. Así indagan en los desafíos que abrió la pérdida de dinamismo del sector agroexportador y las disyuntivas de una industrialización tardía y truncada. A la vez examinan estos procesos a la luz de las reformulaciones extremas en las políticas económicas, el papel del Estado y sus instituciones, la situación de los distintos sectores productivos y las estrategias de los principales actores económicos y sociales que dificultaron la consolidación de acuerdos básicos. En esta nueva edición que extiende el recorrido hasta las encrucijadas de la gestión de Alberto Fernández los autores explican la economía argentina de los siglos XX y XXI e iluminan una trayectoria que no es lineal en su sentido ni en sus consecuencias. Taxation and Society in Twentieth-Century Argentina José Antonio Sánchez Román, 2012-06-18 This book provides a historical narrative of the Argentine tax system in the twentieth century. It argues that the failure to build permanent trust between the state and the civil society and the unraveling of confidence within Argentine society itself account for the collapse of the progressive tax system. **Economía política para todos** Diego Rubinza, 2017-11-23 Esta obra de Diego Rubinza contiene las tres condiciones fundamentales para abordar la economía política: existencia de una actitud crítica, abordaje de la realidad y tratamiento de la relación entre orden interno y contexto externo. Por lo tanto en la tradición clásica es un texto de economía política. Observa la realidad y formula sus propuestas desde una perspectiva nacional, un abordaje que no se reduce al análisis de las variables económicas y por último el tratamiento de la economía argentina en el contexto de sus relaciones internacionales. Su amplitud y ambición da respuesta a cuestiones principales y deja abiertos interrogantes que le plantean al autor una rica agenda de investigaciones futuras. Entre ellas su visión sobre la trayectoria de la economía argentina después de la crisis terminal del 2001, momento en el cual concluye el contenido de la obra. La Economía Política de Lo Posible en América Latina Javier Santiso, 2006 Argentina's Economic Reforms of the 1990s in Contemporary and Historical Perspective Domingo Cavallo, Sonia Cavallo Runde, 2017-02-03 Why has Argentina suffered so much political and economic

instability How could Argentina once one of the wealthiest countries in the world failed to meet its potential over decades What lessons can we take from Argentina s successes and failures Argentina s economy is irresistibly fascinating Argentina s economic history its crises and its triumphs cannot be explained in purely economic terms Argentina s economic history can only be explained in the context of conflicts of interest of politics war and peace boom and bust Argentina s economic history is also intertwined with ideological struggles over the ideal society and the on going struggle of ideas The book comprises two distinct components an economic history of Argentina from the Spanish colonial period to 1990 followed by a narrative by Domingo Cavallo on the last 25 years of reform and counter reform Domingo Cavallo has been at the centre of Argentina s economic and political debates for 40 years He was one of the longest serving cabinet members since the return of democracy in 1983 He is uniquely qualified to help the reader make the connection between historical and current events through all these prisms His daughter Sonia Cavallo Runde is an economist specialized on public policy that currently teaches the politics of development policy The two Cavallós offer academics and students of economics and finance a long form case study This book also seeks to offer researchers and policymakers around the world with relevant lessons and insights to similar problems from the Argentine experience

La economía política argentina: poder y clases sociales (1930-2006) Mónica Peralta Ramos, 2022-05-30 Desde principios del siglo XX el desarrollo de la economía capitalista acentuó cada vez más las tensiones sociales e impulsó una fuerte expansión de las economías centrales sobre las periféricas y una competencia vertiginosa por acceder a nuevos mercados La consolidación de estas economías centrales en el marco de una economía mundial occidental ha dado lugar a una estructura de poder que explica la evolución de los conflictos sociales y el desarrollo de políticas económicas en la periferia La economía política argentina poder y clases sociales 1930-2006 analiza de qué modo esta estructura de poder ha influido en el desarrollo de los conflictos entre distintos sectores sociales y políticos y en las decisiones económicas adoptadas por distintos gobiernos a lo largo de ese período A partir de la década de 1930 la historia argentina se ha caracterizado por la conformación de una nueva fuerza en el escenario político los sectores trabajadores capaces de condensar y expresar los intereses de las clases populares El movimiento consolidado definitivamente durante el surgimiento del peronismo en la década siguiente y articulado en el marco institucional de los sindicatos constituyó una voz de oposición a las políticas económicas en perjuicio de los intereses del sector Esto habría de modificar notablemente las relaciones entre las distintas clases y fracciones de clases dando origen a nuevos conflictos sociales y a nuevas formas de lucha por el poder político Ambos fenómenos derivaron en una progresiva crisis de legitimidad institucional Mónica Peralta Ramos se ocupa de las implicancias de estos sucesos y analiza la irrupción de los diferentes gobiernos militares en el marco de un conflicto creciente entre los sectores más poderosos de la economía Este trabajo constituye una síntesis actualizada de trabajos anteriores de la autora y agrega el análisis de los conflictivos períodos posteriores a la dictadura militar de 1976 y la consolidación de la democracia en 1983 la controvertida década de 1990 la

crisis del año 2001 y la gestión del actual gobierno argentino

The Economies of Argentina and Brazil Werner

Baer, David V. Fleischer, 2011-01-01 This book compares the successes and failures of the development and growth processes of Argentina and Brazil. It provides important insights into the different performances of these economies through a series of comparative essays written by Argentinian and Brazilian economists. In the last 60 years Argentina and Brazil have both undergone a dramatic process of urbanization and industrialization. While there are similarities between the two, each country has dealt with the side effects in a different manner. In this insightful book Argentinean and Brazilian economists expertly analyze their country's experiences with processes of industrialization, the performance of the agricultural and service sectors, the impact of foreign investments, the distribution of income, the roles of the state, and the privatization experience and inflationary and stabilization experiences. The contrast of the two emerging countries addressing these challenges will offer students, economists, and other social scientists significant new insights into the economic development process. Many of the articles will also appeal to individuals in multinational corporations and banks that have to deal with emerging market economies. **Ideas, política, economía y sociedad en la Argentina (1880-1955)**, 2007

Argentina's Right-Wing Universe During the Democratic Period (1983-2023) Gisela Pereyra Doval, Gastón

Souroujon, 2023-12-01 Argentina's Right Wing Universe During the Democratic Period provides a comprehensive analysis of the course of right wing politics in the country in the last 40 years. In 1983, after the fall of a violent military regime, Argentina began the longest period of democratic stability in its history, 40 years marked by economic, institutional, social, and political crises. This book examines the trajectory of the different right wing organisations and ideological developments during these years, seeking to understand both the distinctions and the continuities that lie beneath its metamorphoses. Argentina has always acted as a laboratory in which to appreciate how the major problems and questions that concern those who have studied the right wing in recent decades are translated into a particular political culture. In an international scenario marked by the social and political growth of different right wing movements, some of which pose a threat to liberal democracies, the study of the Argentine case can provide greater clarity and a different perspective on problems that transcend this specific national case. This book will be of interest to scholars of Argentinian and Latin American politics and history, as well as specialists on the comparative politics of the radical right. **La economía de Perón** Roberto Cortés, Javier Ortiz, Laura

D'Amato, Gerardo Della Paolera, 2020-12-21 Es imposible entender la Argentina actual sin tener presente el período 1946-1955, los primeros dos gobiernos de Juan Domingo Perón. Aunque han pasado casi siete décadas desde entonces, los efectos de sus transformaciones se sienten hasta hoy. La perspectiva del tiempo histórico transcurrido, nuestras sucesivas y cíclicas crisis invitan a analizar ese tiempo de otra manera. Este libro, dirigido por Roberto Cortés, Conde, Javier Ortiz Batalla, Laura D'Amato y Gerardo Della Paolera, y con trabajos de reconocidos especialistas, se propone exactamente eso: una profunda revisión de las decisiones económicas tomadas en esos años. Las temerarias medidas de política monetaria y los cambios en el mercado

laboral el impacto en la industria y en el campo en las finanzas y en lo fiscal Si se tienen en cuenta los objetivos y las metas declamados por aquel peronismo se verifica que solo una se cumplió la mejora en la vida de los trabajadores La contracara de esto es una sucesión de déficits y desequilibrios y un país que en 1955 estaba descapitalizado y que no era capaz de sostener de manera genuina esas mejoras en el tiempo La base era frágil se habían consumido las importantes reservas que el Banco Central tenía en 1945 en gran medida como consecuencia de la Segunda Guerra Mundial y no se había logrado la transformación económica prometida La economía de Perón discute la forma en que se implementaron esas políticas seala sus numerosas contradicciones hace una crítica aguda de su legado y demuestra que ciertos dilemas de mediados del siglo XX siguen vigentes y agudizados en la segunda década del siglo XXI

Mitos de la economía argentina Julián

Guarino,2016-08-01 Cien años de avatares económicos argentinos a través de los mitos que se instalaron como dogmas Una obra imprescindible para desentrañar la red de discursos sobre nuestra economía Un repaso histórico desde la perspectiva actual Quiénes construyeron los grandes mitos económicos argentinos El mercado los distintos gobiernos el ciudadano común Cuento de todo lo que decimos o hacemos referido al dinero es verdad El periodista y economista Julián Guarino explora los cien años de decadencia argentina la Argentina potencia la verdad sobre préstamos bancarios la timba o no de la bolsa la relación con el dlar la propiedad las tasas chinas la década ganada la pobreza

La economía política del neoliberalismo Sebastián

Etchemendy,2017-11-21 Se trata de un libro que entra de lleno en lo que se conoce dentro de la Ciencia Política como subcampo de Política Comparada y busca ser abarcativo al estudiar empresarios sindicatos y trabajadores en siete países iberoamericanos Argentina España Chile Brasil Portugal Perú y México durante la etapa del ajuste neoliberal y buena parte de sus trayectorias anteriores en el siglo XX Intenta ilustrar y explicar un período inhóspito para las políticas progresistas e inclusivas en Iberoamérica

Historia económica de la Argentina Domingo Felipe Cavallo,Sonia Cavallo

Runde,2020-08-06 La economía de la Argentina es enigmática muchos episodios durante los más de 200 años como nación independiente son difíciles de explicar en términos estrictamente económicos Por ello y para extraer valiosas lecciones para la actualidad este libro propone una relación entre esos acontecimientos históricos y las circunstancias políticas las condiciones externas y las discusiones ideológicas que los acompañaron La originalidad de su enfoque permite estudiar por qué las administraciones no pudieron llevar adelante las políticas imprescindibles para resolver los problemas de su tiempo o por qué frecuente y drásticamente cambiaron las reglas de juego en la dirección incorrecta Podría la experiencia ser utilizada para diseñar una estrategia capaz de recrear el clima estable e integrador en la economía global que comenzó en el país alrededor de 1990 Podría la Argentina volver a tener un período largo de progreso como el que consiguió a fines del siglo XIX y principios del siglo XX Edad de Oro en la que la economía argentina creció más rápido que la de los Estados Unidos Canadá Australia y Brasil Esta obra pretende responder estas preguntas y otras similares indagando en la historia con la esperanza de ayudar a encontrar un camino duradero hacia la paz y el progreso de la Nación

Política económica para decidir en tiempos

difíciles Juan Carlos de Pablo,2021-04-27 Qu hacemos dado que no sabemos lo que va a pasar Visualizar la economía desde la perspectiva decisoria no implica meramente decir que vivimos tomando decisiones Posicionar el análisis desde este eje no significa pensar que el resto de las restricciones pueden ser superadas con suficiente voluntad sino enfatizar el hecho de que solo desde la movilización que deriva de las decisiones humanas podemos analizar las pretendidas o reales escaseces Si esto es así poner la economía al servicio del hombre adquiere un importante significado Quiere decir hacer todo lo que resulta necesario para que la cabeza del decisor o la del analista no sea la restricción del problema Lo cual implica inteligencia pero también compromiso y coraje Economía política y educación superior Juan Carlos Hidalgo,2001 Almanaque Histórico Argentino 1930-1943 Guillermo Máximo Cao,2019-12-01 Por qué un Almanaque Histórico Argentino Porque creemos que la historia como ciencia reconstruye y analiza el pasado interpretando las fuentes desde el presente Y los presentes son todos distintos este de finales de la segunda década del siglo XXI que nos toca transitar donde las extremas derechas crecen en todo el mundo y las crisis económicas globales son cada vez más seguidas profundizando la desigualdad social nos invita a mirar el pasado para encontrar similitudes y diferencias para hallar continuidades y rupturas La crisis iniciada en 1929 afectó al mundo en todos sus aspectos La debilidad del sistema político liberal propició el primer golpe de Estado de nuestra historia Fue una crisis que llegó para quedarse y la única receta para imponerse y mantenerse en el gobierno fue la reinstalación del fraude electoral la censura y la represión En suma el autoritarismo Pero también llegó la modernización a través del desarrollo de un nuevo modelo industrial que tuvo un fuerte impacto en las cuestiones sociales Este Almanaque denominación que pretende rescatar esas antiguas publicaciones que trataban distintos aspectos sobre un mismo tema Almanaque mundial Almanaque de la industria etc puede leerse por capítulos y no necesariamente de principio a fin Cada uno de ellos aborda un aspecto del período de la historia argentina comprendido entre el 6 de septiembre 1930 y el 4 de junio 1943 **El Estado empresario en la industria argentina** Claudio Belini,Marcelo Rougier,2008 The Army and Politics in Argentina, 1928-1945 Robert A. Potash,1969 Third volume of in depth analysis of the army Format is similar to previous two volumes There is however more emphasis on the internal maneuvering which characterizes the period The detail is based on information provided by the participants A worthy successor to the other studies and essential for analysis of the period For reviews of vol 1 see HLAS 31 7229 and HLAS 32 2599a Handbook of Latin American Studies v 58 **A History of Argentina in the Twentieth Century** Luis Alberto Romero,2013-10-31 A History of Argentina in the Twentieth Century originally published in Buenos Aires in 1994 attained instant status as a classic Written as an introductory text for university students and the general public it is a profound reflection on the Argentine dilemma and the challenges that the country faces as it tries to rebuild democracy Luis Alberto Romero brilliantly and painstakingly reconstructs and analyzes Argentina's tortuous often tragic modern history from the alluvial society born of mass immigration to the dramatic years of Juan and Eva Perón to the recent period of military dictatorship For this second English language edition Romero has written new chapters

covering the Kirchner decade 2003-13 the upheavals surrounding the country's 2001 default on its foreign debt and the tumultuous years that followed as Argentina sought to reestablish a role in the global economy while securing democratic governance and social peace
