Economic History Of Asia And Africa In 2 Vols:

The Economies of Africa and Asia in the Inter-war Depression (Routledge Revivals) Ian Brown, 2014-11-13 The great inter war depression has long been seen as an unprecedented economic disaster for the peoples of the non European world This book with its detailed assessment of the impact of the depression on the economies of Africa and Asia challenges the orthodox view and is essential reading for those with a teaching or research interest in the modern economic history of those continents Established specialists in the modern economic history of parts of Africa or Asia put forward a number of revisionist arguments They show that some economies were left essentially unscathed by the depression and that for many export dependent peasant communities which did face a severe drop in cash income as world commodity prices collapsed from the late 1920s there was a range of important responses and reactions by which they could defend their economic welfare For many peasant communities the depression was not a disaster but an opportunity Africa, Asia, and South America Since 1800 A. J. H. Latham, 1995 A reference for graduate and undergraduate students presenting the bibliographic details and sometimes describing and evaluating the content of over 5 000 books in English most published since 1945 and many quite recently but also some earlier works of enduring importance A section of works on all three continents is followed by sections on each which first consider the continent as a whole then each country usually by chronological periods and topics such as economics politics and society Indexed only by author and editor but the table of contents is detailed enough to provide adequate access Distributed in the US by St Martin s Press Annotation copyright Book News Inc Portland Or

Fiscal Capacity and the Colonial State in Asia and Africa, c. 1850-1960 Ewout Frankema, Anne Booth, 2020 How colonial governments in Asia and Africa financed their activities and why fiscal systems varied across colonies reveals the nature and long term effects of colonial rule Economic Development of Africa, 1880-1939 vol 1 David Sunderland, 2024-10-28 One of the main motives for British imperialism in Africa was economic gain This collection examines the ways in which Britain developed Africa and in so doing benefited her own economy **South Asia and Africa After Independence** Bernard Waites, 2012-01-17 Post colonial South Asia and Africa invite comparison along with their political boundaries they inherited from colonial regimes administrative languages a cluster of sovereign state institutions and modern economic nuclei When they became independent South Asian and African states were for all their diversity thrust into a common position in the international system and embarked on a common history as emergent non aligned developing nations This is the first book to offer a single volume comparative history of postcolonial South Asia and sub Saharan Africa in the first generation since independence South Asia and Africa After Independence draws together the political and economic history of these two regions assessing the colonial impact establishing breaks and continuities and highlighting their diversity and interplay Waites sets out a framework for analysing the first generation of post colonial history offering an interpretation of post colonialism as a historical phenomenon and provocatively challenging us to re think this term in

relation to South Asian and African history This book is an important reference for the study of global world African and South Asian history Catalogue of the Montrose library. [With] Montrose Montrose libr,1896 *The Statecraft of British Imperialism* Robert Desmond King,Robin W. Kilson,1999 These stimulating essays reassess the meaning of British imperialism in the nineteenth and twentieth centuries They are written by leading authorities in the field and range in scope from the aftermath of the American revolution to the liquidation of the British empire from the Caribbean to the Pacific from Suez to Hong Kong **The Trans-Saharan Slave Trade** John Wright,2007-04-03 This compelling text sheds light on the important but under studied trans Saharan slave trade The author uncovers and surveys this the least noticed of the slave trades out of Africa which from the seventh to the twentieth centuries quietly delivered almost as many black Africans into foreign servitude as did the far busier but much briefer Atlantic and East African trades Illuminating for the first time a significant but ignored subject the book supports and widens current scholarly examination of Africans essential role in the enslavement of fellow Africans and their delivery to internal Atlantic or trans Saharan markets *The British Cotton Trade, 1660-1815 Vol 1* Beverly Lemire,2021-12-24 First published in 2010 Cotton was the first industrialized global trade This four volume reset edition charts the rise of British trade in cotton from the days of small scale trading between the Middle East and India to the domination of British led industrialized manufacture Part contains Early Years of Trade and British Response to Indian Cottons to the late 1600s **Abolition and Its Aftermath in the Indian Ocean Africa and Asia** Gwyn Campbell,2013-01-11 This important collection of essays examines the history and impact of the abolition of the slave trade and slavery in the Indian Ocean World a region stretching from Southern and Eastern Africa to the Middle East India Southeast Asia and the Far East Slavery studies have traditionally concentrated on the Atlantic slave trade and slavery in the Americas In comparison the Indian Ocean World slave trade has been little explored although it started some 3 500 years before the Atlantic slave trade and persists to the present day This volume which follows a collection of essays The Structure of Slavery in Indian Ocean Africa and Asia Frank Cass 2004 examines the various abolitionist impulses indigenous and European in the Indian Ocean World during the nineteenth and twentieth centuries It assesses their efficacy within a context of a growing demand for labour resulting from an expanding international economy and European colonisation The essays show that in applying definitions of slavery derived from the American model European agents in the region failed to detect or deliberately ignored other forms of slavery and as a result the abolitionist impulse was only partly successful with the slave trade still continuing today in many parts of the Indian Ocean World *History Teacher's Magazine* ,1915 **History Teacher's Magazine** Albert Edward McKinley,William Glenn Kimmel,1915 Includes War supplements Jan Nov 1918 Supplements Dec 1918 Nov 1919 These were also issued as reprints **Possessing the World** Bouda Etemad,2007-07 Based on an impressive body of information and data this volume recounts the history of five continents over a long stretch of time and in a comparative approach From the beginning of European expansion the question was posed what were the

empire tools that gave Europe its military superiority even before the industrial revolution What was it that enabled Europeans to withstand life threatening tropical diseases and to control indigenous populations This book gives a fresh and wide ranging view of the construction and collapse of the modern colonial empires of Europe the United States of America and Japan *Paths to the Emerging State in Asia and Africa* Keijiro Otsuka, Kaoru Sugihara, 2019-01-16 This book is open access under a CC BY NC ND license This book addresses the issue of how a country which was incorporated into the world economy as a periphery could make a transition to the emerging state capable of undertaking the task of economic development and industrialization It offers historical and contemporary case studies of transition as well as the international background under which such a transition was successfully made or delayed by combining the approaches of economic history and development economics Its aim is to identify relevant historical contexts that is the initial conditions and internal and external forces which governed the transition It also aims to understand what current low income developing countries require for their transition Three economic driving forces for the transition are identified They are 1 labor intensive industrialization which offers ample employment opportunities for labor force 2 international trade which facilitates efficient international division of labor and 3 agricultural development which improves food security by increasing supply of staple foods The book presents a bold account of each driver for the transition *Religious Conversion Movements in South Asia* Geoffrey A. Oddie, 1997 These papers address the issues of religious conversion and religious conversion movements a topic which has rapidly become the central issue of many scholarly debates Many religions are discussed along with other relevant issues Structure of Slavery in Indian Ocean Africa and Asia Gwyn Campbell, 2004-11-23 The abolition of slavery in and around the Western Indian Ocean have been little studied This collection examines the meaning of slavery and its abolition in relation to specific indigenous societies and to Islam a religion that embraced the entire region and draws comparisons between similar developments in the Atlantic system Case studies include South Africa Mauritius Madagascar the Benadir Coast Arabia the Persian Gulf and India This volume marks an important new development in the study of slavery and its abolition in general and an original approach to the history of slavery in the Indian Ocean and Asia regions **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries, 1979 *Byzantine Jewry in the Mediterranean Economy* Joshua Holo, 2009-11-12 Using primary sources Joshua Holo uncovers the day to day workings of the Byzantine Jewish economy in the middle Byzantine period Built on a web of exchange systems both exclusive to the Jewish community and integrated in society at large this economy forces a revision of Jewish history in the region Paradoxically the two distinct economic orientations inward and outward simultaneously advanced both the integration of the Jews into the larger Byzantine economy and their segregation as a self contained body economic Dr Holo finds that the Jews routinely leveraged their internal even exclusive systems of law and culture to break into occasionally to dominate Byzantine markets In doing so they challenge our concept of Diaspora life as a balance between

the two competing impulses of integration and segregation The success of this enterprise furthermore qualifies the prevailing claim of Jewish economic decline during the Commercial Revolution Development and Diffusionism J. Dibua,2015-12-04
This book deconstructs the neopatrimonial paradigm that has dominated analysis of Nigerian and African development It shows that by denying agency to Nigerian societies and devaluing indigenous culture and local realities Eurocentric diffusionism played a significant role in the failure of development planning *A General History of Europe* James Harvey Robinson,James Henry Breasted,Emma Peters Smith,1921
