Economics 5ed:

The Geography of the World Economy 5th Edition Paul Knox, John Agnew, Linda McCarthy, 2014-04-04 The Geography of the World Economy provides an in depth and stimulating introduction to the globalization of the world economy The book offers a consideration of local regional national and global economic development over the long historical term The theory and practice of economic and political geography provide a basis for understanding the interactions within and among the developed and developing countries of the world Illustrated in colour throughout this new edition has been completely reworked and updated to take account of the substantial changes in the world economy and includes a new chapter on services It is ideal for upper level university undergraduates and for post graduates in a variety of specializations including geography economics political science international relations and global studies Statistics for Business and Economics, 5th Edition Hooda R.P., 2013 STATISTICS FOR BUSINESS AND ECONOMICS is a comprehensive textbook on Statistics that caters to the needs of students doing a course of any level in the subject As consumers and future managers students are introduced to a range of data collection and analysis methods that enable them to evaluate such data and analyse them to reach well informed decisions in various business settings The thorough and exhaustive text supplemented by a large number of solved examples provides a firm grounding in the basics of Statistics The step by step explanations and the logical progression of subject topics go a long way in simplifying the various concepts methods and problem solving processes comprising the subject The book exposes the entire subject matter in a manner that aids easy comprehension and the basic learning of the subject even by those who have not studied it earlier A large number of questions and exercises at the end of each chapter provide ample scope for practice and application of methods discussed in the book Solutions to problems are provided in the CD that accompanies the book The book is useful for students of management economics and commerce in which Statistics is a core paper in almost all universities It is also useful for those preparing for various competitive exams

International Economics: Global Market Competition (5th Edition) Henry Thompson, 2024-03-04 This text integrates trade theory and open economy macroeconomics with straightforward diagrams and numerous examples The emphasis is on the gains from competitive trade and the limits of policy Economics began with the political debate over import tariffs in England Tariffs lead to net economic losses except in a few circumstances and would then lead to retaliation Consumers and firms importing intermediate inputs lose due to tariffs as do export industries when other countries retaliate with tariffs of their own Import competing industries and the government gain from tariffs The present approach integrates theories of market behavior and general equilibrium on the microeconomic side Exchange rate theory bridges from trade theory into balance of payments theory In the final chapter on open economy macroeconomics the limits of monetary and fiscal policies due to the competitive foreign exchange market is the focus Theoretical diagrams present the theory without assuming intermediate theory Numerous problems for each section build confidence in applying the theory Boxed examples illustrate the importance

of theory Each chapter includes a concise mathematical appendix that should appeal to students with interest and to instructors preparing for class

Breakthrough: Corporate South Africa in a Green Economy Nhamo, Godwell, 2014-05-05 This book addresses hot issues pertaining to the manner in which corporate South Africa has engaged the emerging green global economy Firstly the book profiles the green and low carbon economy landscape in South Africa and interfaces it with global trends This way the book aligns very well in terms of the Rio 20 outcomes on The Future We Want that fully embraces the green global economy in the context of sustainable development and poverty eradication The rest of the chapters in the book profile breakthroughs from selected companies The book also comes as the second in a series that is addressing global and national concerns on the green global economy agenda The first book entitled Green Economy and Climate Mitigation Topics of Relevance to Africa was produced as part of the 17th Session of the Conference of Parties collaborative work carried out by the Institute of Global Dialogue the Africa Institute of South Africa and Unisa s Institute for Corporate Citizenship The book Breakthrough Corporate South Africa in the Green Economy comes in seven parts Part I focuses on the Green Economy Landscape This part considers both the international and national perspectives Parts II VI present different sector initiatives namely Mining and Energy Part II Banking and Insurance Part III Forest and Paper Part IV Industrial Part V and Retailing and Aviation Part VI The last part is made up of a single chapter dealing with Emerging Issues and Way Forward

The latest AICTE and the earlier UGC model curriculums have been extensively consulted to design the contents of the book. Knowledge of research methodology is essential for all who either play an active role in conducting research or desire to keep themselves updated in the field of knowledge. Keeping this in mind, this edition has been thoroughly revised. The book contains an up-to-date account of the methods and techniques suited to the field of education and other allied disciplines and thus provides an understanding of significant research problems that need to be tackled. The book elaborates the quantitative and qualitative data analysis techniques, use of descriptive and inferential statistics, reporting of the results of research along with the characteristics and uses of historical, descriptive, ethnographic and experimental methods. Case studies form an important part of the text. It also provides priority areas of educational research in India in the context of National Education Policy 1986 and its Programme of Action 1992, UGC DEC IGNOU 2006, NCERT 2005 and UNESCO initiatives and policies as well as the Surveys of Research in Education 1997 and 2006. Designed and written mainly for the students of M.A. Education, Psychology and Sociology, M.Ed. and M.Phil. Education, Psychology and Sociology, the book will be of immense value to the Ph.D. students and other researchers of Social Sciences, Biological Sciences, Management, Legal Studies, Humanities and Languages. 18 Year-wise CAT Previous Year Solved Papers (2024 - 15) 5th Edition | QA, DILR & VARC Questions PYQs | Quantitative Ability, Data & Logical Reasoning, Verbal Ability & Reading Comprehension Deepak Agarwal, Shipra Agarwal, The latest 5th edition of the book 18 Year wise CAT Previous Year Solved Papers 2024-15 covers the YEAR WISE CAT papers since 2015.
