The Political Economy of Aid in Palestine Sahar Taghdisi-Rad,2010-10-04 Despite for many years receiving the highest per capita aid worldwide the economies of the West Bank and Gaza Strip have failed to achieve any lasting developmental outcomes and suffer from major weaknesses which undermine their very survival This book argues that the dominant mainstream approach to the study of aid and aid effectiveness is theoretically and empirically inadequate for a comprehensive understanding and analysis of the workings of aid in developing countries particularly those undergoing conflict This book examines the nature of donor operations in Palestine highlighting the political and ideological determinants of aid allocation and effectiveness and focussing on the role of trade related donor assistance in Palestine more commonly known as Aid for Trade It discusses how such trade related assistance is only another instance of donors working around the conflict as opposed to taking it into account and how aid to Palestine cannot bring about significant improvement as long as the Palestinian economy is fundamentally affected by Israeli occupation settlements and blockade It argues that unless restructured and more carefully targeted aid can only act as a temporary relief mechanism Furthermore the book sheds light on critical areas within Palestinian territories that are in need of development and require significant and immediate attention at both national and international level **A History of the British Labour Party** Andrew

Thorpe,2017-09-16 After 13 years in power Labour suddenly returned to being the party of opposition in 2010 This new edition of A History of the British Labour Party brings us up to date examining Gordon Brown s period in office and the Labour Party under the leadership of Ed Miliband Andrew Thorpe s study has been the leading single volume text on the Labour Party since its first edition in 1997 and has now been thoroughly revised throughout to include new approaches This new edition Covers the entirety of the party s history from 1900 to 2014 Examines the reasons for the party s formation and its aims Analyses the party s successes and failures including its rise to second party status and remarkable recovery from its problems in the 1980s Discusses the main events and personalities of the Labour Party such as MacDonald Attlee Wilson Blair and Brown With his approachable style and authoritative manner Thorpe has created essential reading for students of political history and anyone wishing to familiarise themselves with the history and development of one of Britain s major political parties The Political Economy of War, Peace, and the Military-Industrial Complex Raffaele Giammetti,Thomas Palley,2025-01-10 This volume contains a collection of articles by leading thinkers in economics political economy and history

Revisiting Globalization and the Rise of Global Production Networks S. Javed Maswood, 2017-07-24 This book takes issue with the likening of contemporary globalization to nineteenth century trade interdependence in which the defining feature of contemporary globalization is the spread of global production networks which were notably absent in the past Maswood demonstrates that the emergence of global production networks GPNs was not a result of economic and trade liberalization but instead due to neo protectionist developments in the

1980s that acted as a catalyst to transform Japan's nationally based production networks into the now ubiquitous GPNs. Through this case study of Japan, the author lays out a case for reconsidering the origins of globalization and explores some of the consequences that are likely to flow from progressive evolutionary transition towards a global economy.

A History of States and Economic Policies in Early Modern Europe Silvia A. Conca Messina, 2019-04-24. Why was early modern Europe the starting point of the economic expansion which led to the Industrial Revolution? What was the state's role in this momentous transformation? *A History of States and Economic Policies in Early Modern Europe* takes a comparative approach to answer these questions, demonstrating that wars, public finance, and state intervention in the economy were the key elements underlying European economic dynamics of the era. Structured in two parts, the book begins by examining the central issues of the state-economy relationship, including military revolution, the fiscal state, and public finance, mercantilism, the formation of commercial empires, and the economic war between Britain and France in the 1700s. The second part presents a detailed comparison between the different economic policies of the most important European states, looking at their unique demographic, economic, military, and institutional contexts. Taken as a whole, this work provides a valuable analysis of early modern economic history and a picture of Europe's global position on the eve of the Industrial Revolution. This book will be useful to students and researchers of economic history, early modern history, and European history.

A Revised History for Advanced Level and Colleges Nassoro Habib Mbwana Msonde, 2017-02-17. This book is much directed to accomplish the readers' demand, in particular the students for advanced level, i.e. high schools and colleges on African history from the past to the present. It covers the period from the tenth century to the present. It includes the development of precolonial African societies, Africans during the European mercantile time, focusing on similarities and factors for disparities on advancement and lives of black people in the New World since they arrived as slaves and their contribution on American civilization and development. European colonialism in the second half of the nineteenth century is another important historical era that shaped Africa. As Europe and America advanced into imperialism and neocolonialism, the developing countries in the southern hemisphere still stood in dilemma. *A Revised History for Advanced Level* discusses theories of colonial bureaucracy, character, functions, and implications on Africans' agricultural systems and the World War I, while chapter 5 represents the colonial economy and social services after World War II. Chapter 6, *The Influence of External Forces: Rise of Nationalism and the Struggle for Independence*, focuses on external factors for

decolonization Chapter 7 is Political and Economic Development in Africa since Independence Finally chapter 8 is Sample Questions for Final Examinations and Trials at Schools and Colleges
