Ecosystems and Human Well-Being Millennium Ecosystem Assessment, 2005-12-14 Our Human Planet summarizes the findings of the four working groups and serves as a reference guide to the four main volumes in the MA series. It presents the key findings of each of the working groups providing an overview of the framework used by the assessment and will serve as a guide for assessment planning and management for the future.

Ecosystems and Human Well-Being Millennium Ecosystem Assessment, 2005-12-14 Scenarios are an invaluable tool for analyzing complex systems and understanding possible outcomes. This second volume of the MA series explores the implications of four different approaches for managing ecosystem services in the face of growing human demand for them: The Global Orchestration approach in which we emphasize equity, economic growth and public goods; reacting to ecosystem problems when they reach critical stages; Order from Strength which emphasizes security and economic growth; Adapting Mosaic which emphasizes proactive management of ecosystems; local adaptation and flexible governance; TechnoGarden a globalized approach with an emphasis on green technology and a proactive approach to managing ecosystems. The Scenarios volume will help decision makers and managers identify development paths that better maintain the resilience of ecosystems and can reduce the risk of damage to human well being and the environment.

Ecosystems and Human Well-Being Millennium Ecosystem Assessment, 2005-06 Ecosystems and Human Well being Scenarios. Only by understanding the environment and how it works can we make the necessary decisions to protect it. Only by valuing all our precious natural and human resources can we hope to build a sustainable future. The Millennium Ecosystem Assessment is an unprecedented contribution to our global mission for development sustainability and peace. Kofi Annan, Secretary General of the United Nations, launched in June 2001 and involving more than 1 300 leading scientists from 95 nations the Millennium Ecosystem Assessment. MA is a ground breaking study on how humans have altered ecosystems and how changes in ecosystem services affect human well being both now and in the future. Integrating findings at the local, regional, global scales and from alternative intellectual traditions the Millennium Ecosystem Assessment offers the first truly comprehensive picture of the health of the planet. This five volume set comprising four technical volumes and one summary volume provides an indispensable baseline of information for researchers, scholars and students as well as inform public decision making for decades to come.
