his understanding of himself and of the very fabric of reality Driven to comprehend the transformational properties of this substance Oroc combined extensive studies of physics and philosophy with the epiphanies he gained from his time at Burning Man He discovered that ingesting tryptamines unlocked a fundamental human capacity for higher knowledge through direct contact with the zero point field of modern physics known to the ancients as the Akashic Field In the quantum world of nonlocal interactions the line between the physical and the mental dissolves 5 MeO DMT Oroc argues can act as a means to awaken the remarkable capacities of the human soul as well as restore experiential mystical spirituality to Western civilization

Sumwalt, 2002 What if Moses had never told anyone about the burning bush What if Paul had kept quiet about his experience on the road to Damascus What if John had never written a word of what he saw during his exile on Patmos The Bible is filled with mystical stories yet modern culture is often uncomfortable with the concept of spiritual visions Though a recent study showed that as many as 44% of Americans have had some sort of mystical experience people are frequently hesitant to share holy moments that might seem strange to others But John Sumwalt discovered that whenever a small group is gathered together and a vision story is told two or three others will recount a similar episode Almost everyone has either a personal vision story or knows of a friend's experience and if they know that its sacredness will be honored most people want to tell their story This remarkable collection shares 69 authentic life changing narratives that witness to the Lord's power and presence Many of these intensely personal accounts have never been told before and whether they concern visions healing or answers to prayer they all demonstrate our spiritual thirst as well as the indescribable joy comfort and peace that comes from encountering the divine Each illustrates a scripture passage from Cycle B of the Revised Common Lectionary so *Vision Stories* is an especially valuable resource for lectionary preaching But even more it's inspiring reading for personal devotion and spiritual growth This wonderful collection of stories reminds us of a fact our world desperately needs to know that God is alive and well and ready to be at work in our daily lives J Ellsworth Kalas Author of *New Testament Stories from the Back Side* John Sumwalt has given us a treasury of God's meetings with the daily lives of people Too often we think of God as hidden away in the stories of the Bible Here we see God now encountering people in surprising ways of grace May these stories encourage us to tell one another our stories of God's meetings with us as well Dwight Judy Author of *Quest for the Mystical Christ* I am very impressed with *Vision Stories* as a resource for preaching teaching and spiritual formation reading These stories help us to meet what may be the greatest spiritual need of our time to know and to share the experience of the reality of God and the spiritual realm in a materialistic world Charles R Gipson Author of *The Three Year Community for Spiritual Formation Through stories and scriptural comparisons* Sumwalt offers insight into the extraordinary spiritual experiences of ordinary people Cheryl Kirking Author of *Ripples of Joy* A noted storyteller John E Sumwalt is the senior pastor of Wauwatosa Avenue United Methodist Church in Milwaukee Wisconsin The author of CSS acclaimed *Lectionary Stories* series Sumwalt leads seminars and retreats on sharing and understanding visions *The Subtle Energy Body* Maureen Lockhart, 2010-09-23 A global study of the psychospiritual body and its central role in the esoteric and spiritual traditions of the world Explains the nature purpose and functions of the subtle body Explores the role of the subtle body in

such traditions as Alchemy Ayurveda Tantra Qi Gong and Yoga Shows how the various layers of the subtle body provide a map for various levels of consciousness Ancient traditions of both the East and West have long maintained that the human being is a complex of material and nonmaterial systems or energy bodies The subtle body is an energetic psychospiritual entity of several layers of increasing subtlety and metaphysical significance through which the aspirant seeks knowledge of the self and the nature of God In many traditions the component parts of the subtle body serve as a map of the different levels of consciousness The practices and disciplines that evolved from an awareness and understanding of the subtle body and how the material and nonmaterial work together form a coherent system of psychospiritual transformation that is central to numerous and extremely diverse spiritual practices including those of the Gnostics Sufis Native Americans Vedic seers Chinese and Greeks The subtle body plays an essential part in more recent traditions such as Anthroposophy and Gurdjieff s Fourth Way and the cutting edge science of Ervin Laszlo s research into the Akashic field But the benefits of understanding the role of the subtle energy body are not confined solely to the spiritual plane The energetic bodies provide a coherent system of life affirming principles and practices for the diagnosis and treatment of the whole person that is not only part of many traditional healing systems such as Acupuncture and Ayurveda but also is forming the basis for a synthesis of traditional and contemporary healing practices that could lay the foundation for the medicine of the future

Hickey, 2013-05-07 This is a book of true stories stories about people who have had extraordinary experiences of God These events have not occurred as going to

heaven in the course of Near Death Experiences as have been chronicled in some best selling books of recent years Rather they have happened here in this world unexpectedly and in the middle of the everyday lives of almost half of present day Americans according to some studies Here you will find in their own words accounts of such experiences from fifty eight of those people some of them sharing their experiences for the first time      **The Mystery and the World** Maria Clara Bingemer,2017-02-23 In *The Mystery and the World* Maria Clara Bingemer explores how the place of religion in society has dramatically shifted since the Enlightenment The modern era is characterised by a major change in humanity s fundamental desires that means that reason has taken the place of faith Human beings in their ongoing search for a scientific understanding of the world have drifted away from seeking any essence of transcendence in their lives Bingemer examines this transition and how especially in the postmodern era it has led to technology and superficial happiness becoming all important as opposed to the more sacred sense of contentment that governed us for centuries prior to the Enlightenment In her discussion however Bingemer demonstrates that we as humans have not lost our innate desire to believe in a higher power and that even in our world of instant satisfaction we still need to fill the void left by religion Through well researched analysis of the modern era and discussion of some of the mystics of more recent times she reveals to readers how our religious belief whilst changed is not dead and is still an important aspect of our existence
