fluent intelligent history gives the reader a feel for the human quirks and harsh demands of life at sea New York Times Book
Review Before the ink was dry on the U S Constitution the establishment of a permanent military became the most divisive
issue facing the new government The founders particularly Jefferson Madison and Adams debated fiercely Would a standing

alone had hundreds of powerful warships From the decision to build six heavy frigates through the cliff hanger campaign
against Tripoli to the war that shook the world in 1812 Ian W Toll tells this grand tale with the political insight of Founding
Brothers and the narrative flair of Patrick O Brian **The Seafarers** Arthur Corbett-Smith, 1919 *Fighting at Sea in the
Eighteenth Century* Sam Willis, 2008 Our understanding of warfare at sea in the eighteenth century has always been divorced

from the practical realities of fighting at sea under sail our knowledge of tactics is largely based upon the ideas of contemporary theorists rather than practitioners who knew little of the realities of sailing warfare and our knowledge of command is similarly flawed In this book the author presents new evidence from contemporary sources that overturns many old assumptions and introduces a host of new ideas In a series of thematic chapters following the rough chronology of a sea fight from initial contact to damage repair the author offers a dramatic interpretation of fighting at sea in the eighteenth century and explains in greater depth than ever before how and why sea battles including Trafalgar were won and lost in the great Age of Sail He explains in detail how two ships or fleets identified each other to be enemies how and why they manoeuvred for battle how a commander communicated his ideas and how and why his subordinates acted in the way that they did SAM WILLIS has lectured at Bristol University and at the National Maritime Museum in Greenwich He is also the author of *Fighting Ships 1750-1850* Quercus *Field & Stream* ,1979-03 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations **Warfare on the Mediterranean in the Age of Sail** David S.T.
