## Figure On The Move:

*Frostgrave* Joseph A. McCullough, 2015-07-20 In this fantasy skirmish wargame wizards do battle amidst the frozen ruins of the ancient city of Felstad in the hopes of discovering the treasures of a fallen empire Each player takes on the role of a wizard from one of ten schools of magic and builds his band of followers The wizard's apprentice will usually accompany his master and more than a dozen other henchmen types are available for hire from lowly thugs to heavily armoured knights and stealthy assassins Wizards can expand their magical knowledge by unlocking ancient secrets and can learn up to 80 different spells As they gain power and wealth wizards can also develop their headquarters on the outskirts of the city turning one of a dozen different basic locations into bastions of their art equipping them with alchemical laboratories mystical forges astronomical telescopes and other magical resources While individual games of *Frostgrave* are quick and can easily be played in an hour or two it is by connecting these games into an ongoing campaign that players will find the most enjoyment The scenarios given in the book are merely the beginning of the limitless thrilling adventures that can be found amidst the ruins of the lost city

*Hairfoot Jousting* Joseph A. McCullough, 2025-05-29 A fast paced miniatures game of whimsical fantasy jousting While the Hairfoot halflings typically prefer eating and drinking to strenuous exercise one thing that is sure to stir them from their armchairs is the noble sport of Hairfoot Jousting Small teams take to the field on the backs of various unruly mounts pigs turkeys sheep and more to tilt against their rivals striving to knock them to the ground with their blunt lances For the victors fame glory and perhaps a new pair of gardening gloves For the defeated team well everyone loves an underdog Hairfoot Jousting is a quick and simple tabletop miniatures game in which players seek to lead their teams of three to victory in tournaments or over the course of a season Play on some of the most famous pitches to grace the sport such as Baker's Run The Puddles and Barrel Bottom each with their own special challenges Point your jousters in the direction of their opponents and hope their mounts don't have their own ideas In Hairfoot Jousting sportsmanship and a sense of humour are as valuable as skill or luck after all it's joust a bit of fun

*Stargrave* Joseph A. McCullough, 2021-04-29 In a galaxy torn apart by the Last War vast pirate fleets roam from system to system robbing extorting and enslaving Amidst this chaos thousands of independent operators smugglers relic hunters freedom fighters and mercenaries roam the dead stars in small ships scratching out a living any way they can In *Stargrave* players take on the role of one of these independent operators choosing from a range of backgrounds each with their own strengths weaknesses and associated powers Next players must hire a crew for their ship recruiting a lieutenant with a unique skill set and a handful of soldiers mechanics hackers and other specialists Some captains may even recruit strange alien lifeforms with abilities no humanoid could ever possess Once the players' crews are assembled they are ready to dive into a campaign Over a series of games their crews will have the chance to carry out a variety of missions recovering lost technology stealing data freeing slaves and fighting back against the pirate fleets In time as the crews gain experience they will become more powerful and hire more talented specialists The more they

grow however the more likely it is that a pirate fleet will take note of their activities and come after them **Frostgrave:**  
**Ghost Archipelago** Joseph A. McCullough, 2017-10-19 The Ghost Archipelago has returned A vast island chain covered in the ruins of ancient civilizations the Archipelago appears every few centuries far out in the southern ocean At such times pirates adventurers wizards and legendary heroes all descend upon the islands in the hopes of finding lost treasures and powerful artefacts A few drawn by the blood of their ancestors search for the fabled Crystal Pool whose waters grant abilities far beyond those of normal men It is only the bravest however who venture into the islands for they are filled with numerous deadly threats Cannibal tribes sorcerous snake men and poisonous water beasts all inhabit the island ruins guarding their treasure hordes and setting traps for the unwary In this new wargame set in the world of Frostgrave players take on the role of Heritors mighty warriors whose ancestors drank from the Crystal Pool These Heritors lead their small handpicked teams of spellcasters rogues and treasure hunters into the ever shifting labyrinth of the Ghost Archipelago Using the same rules system as Frostgrave this standalone wargame focuses on heroes who draw on the power in their blood to perform nigh impossible feats of strength and agility This game also includes 30 spells drawn from five schools of magic a host of soldier types challenging scenarios treasure tables and a full bestiary of the most common creatures that inhabit the Lost Isles ,

**Object-Oriented Programming in Oberon-2** Hanspeter Mössenböck, 2012-12-06 Without a doubt the idea of object oriented programming has brought some motion into the field of programming methodology and enlarged the set of programming languages Object oriented programming is nothing new it first arose in the sixties The motivation came from the simulation of discrete event systems The concept first manifested itself in the language Simula 67 It took nearly two decades for the method to gain impetus and today object oriented programming is an important concept and a powerful technique Meanwhile we can even speak of an over reaction for the concept has become a buzzword But buzzwords always appear where there is the hope of exploiting ill informed clients because they see the new approach as the solution to all their problems Thus object oriented programming is often hailed as a panacea And so the question is justified What is really behind it To let the cat out of the bag There is more to object oriented programming than merely putting data as objects in the fore ground instead of algorithms to which the data are subject It is more than purely an alternative view of programmed systems To identify the essence of object oriented programming is the subject of this book This is a textbook that shows in a didactically skillful way which concepts and constructs are new where they can be employed reasonably and what advantages they offer For not all programs are automatically improved by merely recasting them in an object oriented style
