Latin American Studies Ana María Cobos, Ana Lya Sater, 2002 The Latin American studies collections at many community junior and four year colleges and large public libraries often contain materials that are too specialized uneven outdated incomplete or written in Spanish or Portuguese thus rendering them essentially useless to English reading patrons Better materials are out there but librarians simply have not had until now a good resource guide to help in locating them This work designed as an acquisitions tool for colleges and libraries is an annotated bibliography of approximately 1 400 recommended books published from 1986 through 2000 in the field of Latin American studies It is divided into chapters that deal with reference works descriptive accounts and travel guides the humanities language and literature the social sciences and science and technology For the purposes of this book Latin America is defined as all geographic locations south of the Rio Grande While these are chiefly Spanish and Portuguese speaking regions works about French English and Dutch speaking areas are also included The literary works of authors living abroad are included if they are considered quintessentially Latin American Periodicals children s literature audio visual resources and works about the Hispanic and Latino experience in the United States are not included The majority of the works presented here were selected based on reviews from Booklist Choice Hispanic American Historical Review Library Journal Los Angeles Times Book Review New York Review of Books New York Times Book Review and Publisher s Weekly also consulted were the catalogs of major university presses that focus on Latin American studies

Only in the Meantime Mario Benedetti, Oliver Welden, 2006 Poetry Despite being virtually unavailable since its original publication in 1970 *Perro del amor* Love Hound has greatly influenced the rich tradition of Chilean literature Written three years before the military overthrow of the government by Augusto Pinochet these poems offer concise but penetrating language that still resonates today Opening with spare meditations on solitude intimacy and suicide the volume then reflects on degraded familial relationships and ends with a powerful evocation of the erotic This bilingual collection offers an emotional landscape rarely seen in poetry

Alfredo Jaar Edward A. Vazquez, 2023-12-12 A richly illustrated survey of Alfredo Jaar s *Studies on Happiness* 1979 1981 and its deep political stakes in the historical context of Chile s neoliberal transition Between 1979 and 1981 Alfredo Jaar asked Chileans a deceptively simple question Are you happy Through private interviews sidewalk polls and video recorded forums among other interventions Jaar s three year and seven phase project *Studies on Happiness* addressed a furtive and fearful population living under Augusto Pinochet s military dictatorship It also spoke to a country in transition as a newly adopted constitution

remade Chile through privatisation and other neoliberal reforms In its varied interventions and direct mode of address Studies on Happiness functioned as a feedback device meant to catalyse a critical awareness with its blunt questioning Edward A Vazquez contextualises Studies on Happiness within Jaar s early production and situates his practice within a Chilean art world haunted by the residues of political violence This study foregrounds the project s historical embeddedness and the deep political stakes of its apparent sociality recognising the crucial role that context has always played in Jaar s practice By turning to the Santiago of Studies on Happiness Vazquez explores the work s political and art historical environment and provides a wedge to realign current interpretations of Chilean art and hemispheric conceptualism with the openness central to Jaar s project
