## **Figuring The Sacred Religion Narrative And Imagination:**

**Figuring the Sacred** Paul Ricoeur, The thought of Paul Ricoeur continues its profound effect on theology religious studies and biblical interpretation The 28 papers contained in this volume constitute the most comprehensive overview of Ricoeur's writings in religion since 1970 Ricoeur's hermeneutical orientation and his sensitivity to the mystery of religious language offer fresh insight to the transformative potential of sacred literature including the Bible **Refiguring the Sacred** Joseph A. Edelheit, James Moore, James F. Moore, Mark I. Wallace, 2024-06-18 Refiguring the Sacred Conversations with Paul Ricoeur offers perspectives on the twenty one papers collected by Mark I Wallace in Paul Ricoeur's Figuring the Sacred translated by David Pellauer this new collection by Joseph A Edelheit James Moore and Mark I Wallace gives Ricoeur scholars an opportunity to reflect and engage on critical issues of Ricoeur's religious ideas Contributions by several significant Ricoeur scholars prompt questions and invite new conversations more than 15 years after Ricoeur's death His life long engagement with texts illuminates his embrace of the Sacred his significant thinking and writings on Religious imagination Theology the Bible Hope and Praxis are all ideas that beg more reading reflection and refiguring of our understanding of Ricoeur Wallace brings two additional essays that could not be included in his original collection and reflects on why they are essential to our understanding of Ricoeur and the Sacred Refiguring the Sacred also provides a model of the interfaith and multidisciplinary dialogue that were foundational to Paul Ricoeur's scholarship Paul Ricoeur and the Poetic Imperative W. David Hall, 2012-02-01 This book addresses the thought of Paul Ricoeur 1913 2005 paying particular attention to the creative tension between love and justice as principle themes in his work Dealing with these issues chiefly in his writings on religion Ricoeur explored the tension between the biblical ideals of the golden rule the religious formulation of a principle of justice and the love command Author W David Hall shows how these ideals continually speak to each other in Ricoeur's work how they operate creatively on each other and how each serves as a corrective to the perversions of the other Hall maintains that although issues of love and justice became prominent comparatively late in Ricoeur's corpus they provide a sustained trajectory throughout his work and are an important interpretive key for understanding Ricoeur's intellectual project as a whole **Paul in Israel's Story** John L. Meech, 2006-08-10 It is commonplace that postmodern thought has problematized the concept of the self This poses a particularly sharp problem for Christian theologians for whom the idea of the person as a Christian self must be central In this book John Meech addresses this problem by means of a theological hermeneutics that brings together cutting edge scholarship in biblical interpretation and constructive theology The book comprises three major parts In the first Meech reflects on St Paul's construal of Christian identity in light of what has become known as the new paradigm in Pauline studies This movement identified with N T Wright James Dunn and Terence Donaldson stresses the communal aspects of Paul's thought and his narrative understanding of the self In the second part Meech offers a pivotal analysis of Rudolf Bultmann's phenomenology of the self

and its impact on his demythologizing interpretation of Paul's writings. In the third part Meech engages Paul Ricoeur's late work *Oneself as Another* as a guide to the postmodern problem of selfhood and as a heuristic resource for interpreting Paul's writings. He does not restrict himself to a textual treatment of Ricoeur's work on selfhood and narrative nor does he stop at an abstract reflection on its significance for theology. Instead he explores in considerable detail the contributions and implications of Ricoeur's later writings for biblical hermeneutics and theology. Investigating the unthematized hints about community presupposed in Ricoeur's work Meech reconfigures his ontology of the self as an ontology of the self in community. Finally he correlates Paul's communal understanding of the I with this ontology articulating a self that is constituted in community but not reduced to a mere locus of community. He argues that the community posited in his study can be understood as the community of the living and dead in Christ. Sacred Rhetoric David M. Barbee, Brent C.

Sleasman, 2024-03-06 There have always been historical and philosophical connections between the study of religion and rhetoric and yet the phrase sacred rhetoric is rarely found within scholarly conferences presentations and publications. The editors of this collection intend to fill this void by presenting a collection of essays which define in the broadest terms possible sacred rhetoric as necessary discourse of on religion. The contributors represent multiple perspectives and disparate academic fields such as philosophy biblical studies rhetoric and communication and each essay is united by a common concern for public discourse that examines the intersection between religion rhetoric culture and identity. Collectively these essays dissect the manner in which religious actors or religious themes inform various layers of cultural discourse. The goal is to foster discussion based upon a greater awareness of the issues at stake and contribute to ongoing discourse about identity and meaning. **The Identity of Christian Morality** Ann Marie Mealey, 2016-03-03 This book argues that moral theology

has yet to embrace the recommendations of the Second Vatican Council concerning the ways in which it is to be renewed. One of the reasons for this is the lack of consensus between theologians regarding the nature content and uniqueness of Christian morality. After highlighting the strengths and weaknesses of the so called autonomy and faith ethic schools of thought Mealey argues that there is little dividing them and that in some instances both schools are simply defending one aspect of a hermeneutical dialectic. In an attempt to move away from the divisions between proponents of the faith ethic and autonomy positions Mealey enlists the help of the hermeneutical theory of Paul Ricoeur. She argues that many of the disagreements arising from the Christian proprium debate can be overcome if scholars look to the possibilities opened up by Ricoeur's hermeneutics of interpretation. Mealey also argues that the uniqueness of Christian morality is more adequately explained in terms of a specific identity self that is constantly subject to change and revision in light of many often conflicting moral sources. She advocates a move away from attempts to explain the uniqueness of Christian morality in terms of one specific unchanging context motivation norm divine command or value. By embracing the possibilities opened up by Ricoeurian hermeneutics Mealey explains how concepts such as revelation tradition orthodoxy and moral conscience may be

understood in a hermeneutical way without being deemed sectarian or unorthodox The Phenomenology of Revelation in Heidegger, Marion, and Ricoeur Adam J. Graves, 2021-08-26 The Phenomenology of Revelation in Heidegger Marion and Ricoeur provides a critical framework for understanding the phenomenology of revelation through a series of close readings that serve as the basis for an imagined dialogue between Martin Heidegger Jean Luc Marion and Paul Ricoeur Adam J Graves distinguishes between two dominant approaches to revelation a radical approach that seeks to disclose a pre linguistic experience of revelation through a radicalization of the phenomenological reduction and a hermeneutical one that characterizes revelation as an eruption of meaning arising from our encounter with concrete symbols narratives and texts According to Graves the radical approach is often driven by a misplaced concern for maintaining philosophical rigor and for avoiding theological biases or contaminations This preoccupation leads to a process of counter contamination in which the concept of revelation is ultimately estranged from the phenomenon s rich historical and linguistic content While Ricoeur s hermeneutic phenomenology may do a better job of accommodating the concrete content of revelation it does so at the price of having to renouncing the kind of presuppositionlessness generally associated with phenomenological method Ultimately Graves argues that a more nuanced appreciation of the complex nature of our linguistic inheritance enables us to reconceive the relationship between revelation and philosophical thought

**Theology of the Old Testament** Walter Brueggemann, 2012-06-01 In this powerful book Walter Brueggemann moves the discussion of Old Testament theology beyond the dominant models of previous generations Brueggemann focuses on the metaphor and imagery of the courtroom trial in order to regard the theological substance of the Old Testament as a series of claims asserted for Yahweh the God of Israel This provides a context that attends to pluralism in every dimension of the interpretive process and suggests links to the plurality of voices of our time

*Paul Ricoeur's Hermeneutics and the Discourse of Mark 13* Peter C. de Vries, 2016-12-14 The apocalyptic discourse of Mark 13 predicts that cataclysmic events will occur within the generation of Jesus contemporaries but readers today know these events have not taken place Paul Ricoeur s hermeneutics enables a reader to understand this text as a presentation of truth rather than as a failed prediction Ricoeur argues that the meaning of a text is not defined by the author s intention nor by the reader s reception but by the text itself Therefore although Mark 13 was originally understood literally today s reader is able to read it as metaphor and to discern latent meaning that is present in the text As Ricoeur explains metaphor associates previously unrelated concepts and creates new multiple meanings In doing metaphor is able to present truth not as a verifiable presentation of the world but as a novel manifestation of the world Mark 13 functions as metaphor because of a double dissonance first between the configured world of the text and the lived world of the reader and second between claim that Jesus is able to predict when the events will take place v 30 and the assertion that he is not able to do so v 32 One option for the metaphorical meaning that Mark 13 offers for today s reader is the perception of the presence of forces that challenge and subvert powers which appear to be dominant and which deceive

destroy and persecute This book will appeal to two sets of readers First scholars who study New Testament apocalyptic texts and the eschatological expectations of the early church will appreciate a new approach to a challenging subject matter Second Ricoeur scholars who focus upon the religious aspects of his work will enjoy the employment of his interpretive approach on a Biblical genre that has heretofore receive only cursory attention **Faith in the Enlightenment?**

,2006-01-01 One of the urgent tasks of modern philosophy is to find a path between the rationalism of the Enlightenment and the relativism of postmodernism Rationalism alone cannot suffice to solve today s problems but neither can we dispense with reasonable critique The task is to find ways to broaden the scope of rational thought without losing its critical power The first part of this volume explores the ideas of Enlightenment philosophers and shows nuances often absent from the common view of the Enlightenment The second part deals with some of the modern heirs of Enlightenment such as Durkheim Habermas and Derrida In the third part this volume looks at alternatives to Enlightenment thought in West European Russian and Buddhist philosophy Part four provides over against the Enlightenment a new starting point for the philosophy of religion in thinking about human beings God and the description of phenomena **Theology and World Politics** Vassilios

Paipais,2020-03-02 Situated within the wider post secular turn in politics and international relations this volume focuses not on religion per se but rather explicitly on theology Contributions to this collection highlight the political theological foundations of international theory and world politics recasting theology and politics as symbiotic discourses with all the risks promises and open questions this relation may involve The overarching claim the book makes is that all politics has theology embedded in it both in the genealogical sense of carrying ineradicable traces of rival theological traditions and also in the more ontological sense of being enacted by alternative configurations of the theologico political The book is unique in bringing together a diverse group of scholars spanning knowledge areas as varied as IR political theory philosophy theology and history to investigate the complex interconnections between theology and world politics It will be of interest to students and scholars of political theory international relations intellectual history and political theology *Confessing Christ in a*

*Post-Holocaust World* Henry F. Knight,2006-05-01 Proposes a new model of Christian faithfulness in a post Holocaust world

**Finding Grace with God** Rose Ellen Dunn, 2014-07-30 *Finding Grace with God* A Phenomenological Reading of the Annunciation engages in an interweaving of phenomenology mystical theology and feminist philosophy to unfold a theopoetic interpretation of the narrative of the Annunciation in the Gospel of Luke It begins with a discussion of the foundational phenomenologies of Edmund Husserl and Martin Heidegger and then moves to the more recent work of several French phenomenologists including Paul Ricoeur Jean Louis Chretien and Michel Henry The interpretation is then expanded through the philosophies of Luce Irigaray Jean Luc Marion and Jacques Derrida Finally the phenomenologies of Maurice Merleau Ponty and Martin Heidegger provide a means to interpret the Annunciation through theopoetics as a text that is infused with possibility Mary filled with grace is beckoned by the divine into possibility

responding in grace she in turn beckons the divine into possibility Transgressing the limits of language this possibility slips into apophysis into a moment of Gelassenheit a mutual letting be or releasement of Mary and the divine into a mystical union of love a love that becomes manifest through a gift of life

**Reading the Gospels with Karl Barth** Migliore, Daniel L., 2017 Papers presented at the 2015 Karl Barth Conference held June 21-24 at Princeton Theological Seminary on the theme of Karl Barth and the Gospels Interpreting Gospel Texts

**"The Eyes of Your Heart"** Alison Searle, 2009-04-01 This book develops a theory of imagining biblically that explores the contributions scripture can make to a new way of thinking about creativity reading interpretation and criticism The methodology employed in order to demonstrate this thesis consists of a theoretical exploration of current theological understandings of the imagination and their implications within the fields of literary studies The biblical texts locate the function generally defined as imagination in the heart the eyes of your heart Ephesians 1:18 This book assesses what the biblical text as a literary and religious document contributes to the concept of imagination Due to the eclectic nature of the individual books that comprise the scriptural canon the text is considered primarily in terms of its overarching metanarrative language genres and theological propositions Tracing the various trajectories the biblical text opens up and the ways in which they intersect with and modify post Romantic assumptions about the imagination reconfigures traditional definitions of this concept A Calvinistic evangelical hermeneutic is deployed to establish a theoretical concept of what it means to imagine biblically This is further substantiated by a comparative study of authors ranging from the seventeenth to the twentieth centuries John Bunyan Samuel Rutherford Jane Austen Charlotte Brontë and C. S. Lewis Each author's chapter incorporates a close reading of a key text which concretely examines various trajectories of imagining biblically including creativity faith morals narrative Romanticism and eschatology The conclusion returns to the biblical text and draws these elements together with a definition of the concept of imagining biblically and its implications for literary studies

*Reading Ricoeur through Law* Eileen Brennan, Marc de Leeuw, George H. Taylor, 2022-01-25 *Reading Ricoeur through Law* edited by Marc de Leeuw George H. Taylor and Eileen Brennan is the first collection of essays solely focused on Ricoeur's thinking about law bringing together both established and emerging scholars to offer a systematic and critical examination of Ricoeur's legal thinking The chapters not only explore the specific contribution Ricoeur makes to the field of jurisprudence but also examine how Ricoeur's work on law fits complements or changes his overall anthropology phenomenology and hermeneutics The book provides a complex insight into how law ethics and politics intertwine both from within law as normative rule setting as well as through the wider social political and historical context in which law and legal institutions affect our intersubjective and communal life as lived with and for others in just institutions The collection also makes available in English *The Just between the Legal and the Good* a key text in Ricoeur's reflections about law and justice The core topics of this collection are rights justice responsibility judging interpretation argumentation punishment and authority but contributors also offer original insights in how Ricoeur's

philosophical reconceptualization of symbolism action ideology narrative selfhood testimony history trauma reconciliation justice and forgiveness can be made productive for our understanding of law and legal institutions     *Phenomenology and Forgiveness* Marguerite La Caze, 2018-10-05 Forgiveness either needing or wanting to be forgiven or trying to forgive another is a near universal experience and one of endless fascination This volume mines the work of phenomenologists and the methods of phenomenology to extend and deepen our understanding of these complex experiences Interest in the phenomenon of forgiveness continues to grow as the question of forgiveness for past injustices has become a global issue Phenomenologists have a special contribution to make to the discussion of forgiveness both because of the capacity to describe and analyse the richness of first person experiences of forgiving and being forgiven and because many of the twentieth century phenomenologists such as Arendt Beauvoir Fanon Husserl Levinas Ricoeur Sartre and Stein experienced first hand the trials of war detention violence exile and occupation that tested their power to forgive *Phenomenology and Forgiveness* addresses questions such as whether it is only ethical to forgive in response to apologies and expressions of remorse or whether forgiveness is a gift whether some acts are unforgiveable the role of forgiveness in political life and whether it is possible to forgive ourselves
