Represented Communities John D. Kelly,Martha Kaplan,2001-09 In 1983 Benedict Anderson s *Imagined Communities* revolutionized the anthropology of nationalism Anderson argued that print capitalism fostered nations as imagined communities in a modular form that became the culture of modernity Now in *Represented Communities* John D Kelly and Martha Kaplan offer an extensive and devastating critique of Anderson s depictions of colonial history his comparative method and his political anthropology The authors build a forceful argument around events in Fiji from World War II to the 2000 coups showing how focus on imagined communities underestimates colonial history and obscures the struggle over legal rights and political representation in postcolonial nation states They show that the self determining nation state actually emerged with the postwar construction of the United Nations fundamentally changing the politics of representation Sophisticated and impassioned this book will further anthropology s contribution to the understanding of contemporary nationalisms *Suva Stories* Nicholas Halter,2022-09-08 *Suva Stories* explores a fascinating tapestry of histories in one of the Pacific s oldest and most culturally diverse urban centres the capital of Fiji Charting the trajectory of Suva from indigenous village to colonial hub to contemporary Pacific metropolis it draws on a rich colonial archive and moving personal memoirs that bear witness to their time The diverse contributions in this volume form a complex mosaic of urban lives and histories that contribute fresh insights into historical and ongoing debates about race place and belonging *Suva Stories* is a valuable companion to those seeking to engage with the city s pasts and present and will prompt new conversations about history and memory in Fiji *Pacific Art* Anita Herle,2002-01-01 Contributors explore the complex relations among Pacific artists patrons collectors and museums over time as well as the different meanings given to art objects by each **Joyita** David Wright,2013-11-01 In 1955 the United States owned ship *Joyita* mysteriously disappeared while sailing between Apia Samoa and Tokelau in the Pacific Ocean The ship was discovered in poor condition near Fiji five weeks later but no trace has ever been found of the 25 crew and passengers who had been aboard This is an account of events and a thorough investigation of possible explanations It evokes the exotic expatriate life of the mid century Pacific Islands with colorful

characters and unexpected relationships
