Early American Cinema in Transition Charlie Keil,2001-12-03 The period 1907 1913 marks a crucial transitional moment in American cinema As moving picture shows changed from mere novelty to an increasingly popular entertainment fledgling studios responded with

longer running times and more complex storytelling A growing trade press and changing production procedures also influenced filmmaking In *Early American Cinema in Transition* Charlie Keil looks at a broad cross section of fiction films to examine the formal changes in cinema of this period and the ways that filmmakers developed narrative techniques to suit the fifteen minute one reel format Keil outlines the kinds of narratives that proved most suitable for a single reel s duration the particular demands that time and space exerted on this early form of film narration and the ways filmmakers employed the unique features of a primarily visual medium to craft stories that would appeal to an audience numbering in the millions He underscores his analysis with a detailed look at six films *The Boy Detective* *The Forgotten Watch* *Rose O Salem Town* *Cupid s Monkey Wrench* *Belle Boyd* *A Confederate Spy* and *Suspense* [Uncanny Bodies](#) Robert Spadoni, 2007-09-04 Through meticulous historical research Spadoni in *Uncanny Bodies* provides a fine understanding of the aesthetic and cultural context in which the original Universal film version of *Dracula* appeared Through analyses of films that came before and after he successfully restores *Dracula* s strangeness for a contemporary audience a strangeness that reflects the rapidly evolving conventions of the early sound film A significant contribution to reception studies *Uncanny Bodies* makes us see why *Dracula* while holding little terror for subsequent audiences is nevertheless both a foundational work for the horror film and also paradoxically an anomaly one effectively overshadowed by *Frankenstein* William Paul author of *Laughing Screaming Modern Hollywood Horror and Comedy* *Uncanny Bodies* is a pleasure to read I know of no other work that has looked as closely at early sound and horror films to make a persuasive argument about horror s relation to the beginnings of sound film Given the voluminous literature on Universal horror films Spadoni presents some very original ideas and frames his inquiry in an interesting way Jan Christopher Horak editor of *Lovers of Cinema The First American Film Avant Garde 1919 1945*
