the only black leading man during the civil rights era and the honors he has received for his work for racial equality in Hollywood This Life Sidney Poitier, 1980 Academy Award winning actor Sidney Poitier the son of West Indian parents took chances and broke rules to finally achieve his dramatic destiny **The Oxford Handbook of American Film History** Jon Lewis, 2025 In a series of newly commissioned chapters The Oxford Handbook of American Film History offers a new and fully compelling discussion of American film as marked by significant moments of industrial and artistic change Many of the chapters are built upon primary sourced research while others detail aspects of form and style Together the chapters in this book show a history shaped by multiple theses and voices and interests **Sidney Poitier Black and White** Philip Powers, 2020-12-27 When you mention the name Sidney Poitier many Hollywood fans will remember fondly To Sir with Love or Guess Who's Coming to Dinner These were ground breaking films for many reasons not least for the way in which they solidified Poitier's place as a black icon In these times the world has seen afresh the challenges faced by people of colour in the United States and other western nations There is nothing new in this struggle Poitier's acting roles of the 1960s created a particular dilemma for him Except for one or two decisions he carefully selected characters which would reflect his own life experience struggles and desire for radical change Over the decades he has become a somewhat reluctant icon put on a pedestal by a generation of black celebrities and film stars for choosing roles that gave both black and white Americans an alternative picture of society Too perfect for some too imperfect for others his work attracted critical opinion that was as differentiated as black is to white This book takes a look at Poitier's early life and work in the 1960s and early 70s the people who influenced his career and a fascinating sample of the contemporary critical views In the beginning Poitier was a supporting actor in films with Hollywood stars such as Clark Gable and Tony Curtis In 1964 he won an Oscar as Best Actor in Lilies of the Field A few years later he was in the box office hit Guess Who's Coming to Dinner co starring with the legendary Spencer Tracy and Katharine Hepburn Five years after that he was the first time film director of a ground breaking Western Buck and the Preacher The transition from popular black actor to acceptance as a director was challenging As an actor director he had multiple hits in the 1970s with Uptown Saturday Night Let's Do It Again and A Piece of the Action His biggest hit was Stir Crazy in 1981 starring Gene Wilder and Richard Pryor The Sidney Poitier directed film eventually grossed almost a 100 million in American theaters alone Philip Powers book Sidney Poitier Black and White explores the events in the sixties in the United States where Poitier was occasionally a minor player where Poitier was a teenage bystander for many years as his life was swept up in black white confrontations It looks at the people in Hollywood like Stanley Kramer who were responsible for addressing the big issues of the period It explores the lives of people Poitier knew well and worked with in the volatile environment of that period in America It describes the racism Poitier endured when he couldn't eat in certain restaurants or stay in particular hotels When a policeman put the muzzle of a gun to Poitier's forehead and threatened to shoot him As part of Poitier's journey he became involved in the civil rights movement in the 1960s lending

his supporting to Dr Martin Luther King Jr He worked with his friend Harry Belafonte a pop superstar who marched with Dr King on many occasions to demand societal change for African Americans Black and White explores these events using the words of the media to illustrate Poitier s journey from a poor black boy to a black icon an inspiration to millions of black people who didn t know it could be done

Reid,1993-02-23 Can films about black characters produced by white filmmakers be considered black films In answering this question Mark Reid reassesses black film history carefully distinguishing between films controlled by blacks and films that utilize black talent but are controlled by whites Previous black film criticism has buried the true black film industry Reid says by concentrating on films that are about but not by blacks Reid s discussion of black independent films defined as films that focus on the black community and that are written directed produced and distributed by blacks ranges from the earliest black involvement at the turn of the century up through the civil rights movement of the Sixties and the recent resurgence of feminism in black cultural production His critical assessment of work by some black filmmakers such as Spike Lee notes how these films avoid dramatizations of sexism homophobia and classism within the black community In the area of black commercial film controlled by whites Reid considers three genres African American comedy black family film

and black action film He points out that even when these films use black writers and directors a black perspective rarely surfaces Reid s innovative critical approach which transcends the black image language of earlier studies and at the same time redefines black film makes an important contribution to film history Certain to attract film scholars this work will also appeal to anyone interested in African American and Women s Studies *The Columbia Companion to American History on Film* Peter C. Rollins,2004-03-24 American history has always been an irresistible source of inspiration for filmmakers and today for good or ill most Americans sense of the past likely comes more from Hollywood than from the works of historians In important films such as *The Birth of a Nation* 1915 *Roots* 1977 *Apocalypse Now* 1979 and *Saving Private Ryan* 1998 how much is entertainment and how much is rooted in historical fact In *The Columbia Companion to American History on Film* more than seventy scholars consider the gap between history and Hollywood They examine how filmmakers have presented and interpreted the most important events topics eras and figures in the American past often comparing the film versions of events with the interpretations of the best historians who have explored the topic Divided into eight broad categories Eras Wars and Other Major Events Notable People Groups Institutions and Movements Places Themes and Topics and Myths and Heroes the volume features extensive cross references a filmography of discussed and relevant films notes and a bibliography of selected historical works on each subject *The Columbia Companion to American History on Film* is also an important resource for teachers with extensive information for research or for course development appropriate for both high school and college students Though each essay reflects the unique body of film and print works covering the subject at hand every essay addresses several fundamental questions What are the key films on this topic What sources did the filmmaker use and how did the film deviate or remain true to its sources How have film interpretations of a particular historical topic changed and what sorts of factors technological social political historiographical have affected their evolution Have filmmakers altered the historical record with a view to enhancing drama or to enhance the truth of their putative message
