**François Truffaut and Friends** Robert Stam, 2006-02-15 One of Fran ois Truffaut s most poignantly memorable films Jules and Jim adapted a novel by the French writer and art collector Henri Pierre Roch The characters and events of the 1960s film were based on a real life romantic triangle begun in the summer of 1920 which involved Roch himself the German Jewish writer Franz Hessel and his wife the journalist Helen Grund Drawing on this film and others by Truffaut Robert Stam provides the first in depth examination of the multifaceted relationship between Truffaut and Roch In the process he provides a unique lens through which to understand how adaptation works from history to novel and ultimately to film and how each form of expression is inflected by the period in which it is created Truffaut s adaptation of Roch s work Stam suggests demonstrates how reworkings can be much more than simply copies of their originals rather they can become an immensely creative enterprise a form of writing in itself The book also moves beyond Truffaut s film and the mnage trois involving Roch Hessel and Grund to explore the intertwined lives and work of other famous artists and intellectuals including Marcel Duchamp Walter Benjamin and Charlotte Wolff Tracing the tangled webs that linked these individuals lives Stam opens the door to an erotic writerly territory where the complex interplay of various artistic sensibilities all mulling over the same nucleus of feelings and events vividly comes alive

**Empire of Friends** Rachel Applebaum,2019-04-15 The familiar story of Soviet power in Cold War Eastern Europe focuses on political repression and military force But in Empire of Friends Rachel Applebaum shows how the Soviet Union simultaneously promoted a policy of transnational friendship with its Eastern Bloc satellites to create a cohesive socialist world This friendship project resulted in a new type of imperial control based on cross border contacts between ordinary citizens In a new and fascinating story of cultural diplomacy interpersonal relations and the trade of consumer goods Applebaum tracks the rise and fall of the friendship project in Czechoslovakia as the country evolved after World War II from the Soviet Union s most loyal satellite to its most rebellious Throughout Eastern Europe the friendship project shaped the most intimate aspects of people s lives influencing everything from what they wore to where they traveled to whom they married Applebaum argues that in Czechoslovakia socialist friendship was surprisingly durable capable of surviving the ravages of Stalinism and the Soviet invasion that crushed the 1968 Prague Spring Eventually the project became so successful that it undermined the very alliance it was designed to support as Soviets and Czechoslovaks got to know one another they discovered important cultural and political differences that contradicted propaganda about a cohesive socialist world Empire of Friends reveals that the sphere of everyday life was central to the construction of the transnational socialist system in Eastern Europe and ultimately its collapse

Soviet Art House Catriona Kelly, 2021 Its unique ability to sway the masses has led many observers to consider cinema the artform with the greatest political force The images it produces can bolster leaders or contribute to their undoing Soviet filmmakers often had to face great obstacles as they struggled to make art in an authoritarian society that put them not only under ideological pressure but also imposed rigid economic constraints on the industry But while the Brezhnev era of Soviet filmmaking is often depicted as a period of great repression Soviet Art House reveals that the films made at the prestigious Lenfilm studio in this period were far more imaginative than is usually suspected In this pioneering study of a Soviet film studio author Catriona Kelly delves into previously unpublished archival documents and interviews memoirs and the films themselves to illuminate the ideological economic and aesthetic dimensions of filmmaking in the Brezhnev era She argues that especially the young filmmakers who joined the studio after its restructuring in 1961 revitalized its output and helped establish Leningrad as a leading center of oppositional art This unique insight into Soviet film production shows not only the inner workings of Soviet institutions before the system collapsed but also traces how filmmakers tirelessly dodged and negotiated contradictory demands to create sophisticated and highly original movies **The Rand McNally Bankers' Monthly** ,1917 Russian War Films Denise Jeanne Youngblood, 2007 A panoramic survey of nearly a century of Russian films on wars and wartime from World War I to more recent conflicts in Afghanistan and Chechnya with heavy emphasis on films pertaining to World War II **The Films of Randolph Scott** Robert Nott, 2015-09-15 Reclusive American actor Randolph Scott known for his subtle dignified performances in almost 60 westerns has been called the most genuine Westerner His career began in 1928 with the first of several bit parts his first starring role was 1932's *Heritage of the Desert*
