Fin De Siecle Splendor:

Fin-de-Siècle Splendor Dewei Wang, 1997 The reigning view of literary historians has been that the May Fourth movement of 1919 marks the division between the traditional and the modern in Chinese literature This book argues that signs of reform and innovation can be discerned long before May Fourth and that as China entered the arena of modern international history in the late Qing it was already developing its own complex matrix of incipient modernities It demonstrates that late Qing fiction nurtured a creative innovative poetics one that was spurned by the reformers of the May Fourth generation in favor of Western style realism The author recognizes that a full account of modern Chinese fiction needs to ask why so many genres styles themes and figures found in late imperial fiction were repressed by modern Chinese literary discourse He focuses on four genres of late Qing fiction that have been either rudely dismissed in pejorative terms or simply ignored depravity romances court case and chivalric cycles grotesque expos s and scientific fantasies The author shows that in spite of the realist orthodoxy that has dominated Chinese literature since the May Fourth movement these unwelcome genres have continually found their way back into mainstream discourse their influence being increasingly evident in recent decades This first comprehensive study of late Qing fiction discusses more than sixty works at least half of which have rarely or never been dealt with by Western or Chinese scholars Richly informed by contemporary literary theory this book constitutes a polemical rethinking of the nature of Chinese literary and cultural modernity

Price,2008-04-18 When did China make the decisive turn from tradition to modernity For decades the received wisdom would have pointed to the May Fourth movement with its titanic battles between the champions of iconoclasm and the traditionalists and its shift to more populist forms of politics A growing body of recent research has however called into question how decisive the turn was when it happened and what relation the resulting modernity bore to the agendas of people who might have considered themselves representatives of such an iconoclastic movement Having thus explicitly or implicitly decentered the May Fourth such research augmented by contributions in the present volume leaves us with the task of accounting for the shape Chinese modernity took as the product of dialogues and debates between and the interplay of a variety of actors and trends both within and certainly no less importantly without the May Fourth camp

Polygamy and Sublime Passion Keith McMahon,2009-11-24 For centuries of Chinese history polygamy and prostitution were closely linked practices that legitimized the polygynous male the man with multiple sexual partners Despite their strict hierarchies these practices also addressed fundamental antagonisms in sexual relations in serious and constructive ways Qing fiction abounds in stories of female resistance and superiority Women main wives concubines and prostitutes were adept at exerting control and gaining status for themselves while men indulged in elaborate fantasies about female power In Polygamy and Sublime Passion Keith McMahon introduces a new concept passive polygamy to explain the unusual number of Qing stories in which women take charge of a man s desires turning him into an instrument of female will To this he adds a story that haunted the institutions of polygamy and prostitution the tale of sublime passion in which the main characters are a remarkable woman and her male lover Throughout the book McMahon examines how polygamy prostitution and the story of sublime passion encountered the first stages of paradigmatic change in the nineteenth century decades before the legal abolition of polygamy By the end of the Qing dynasty in 1911 love stories were celebrating the exploits of street smart prostitutes who fleeced gullible patrons in the bustling city of Shanghai What do these characters have in common with their early counterparts as men and women became inhabitants of a new city in an era flooded with ideas from radically foreign sources all of this taking place in a time of economic and cultural dislocation McMahon reads late Qing love stories in a historically symbolic way taking them as part of a larger fantasy of Chinese civilization undergoing a fundamental crisis The polygamous marriage and the affairs of the brothel became metaphorical staging grounds for portraying the destiny of China on the verge of modernity Finally McMahon speculates on the changes polygamous sexuality underwent after the Qing dynasty ended and whether it exerted a residual influence in later times Polygamy and Sublime Passion will undoubtedly engage those interested in Chinese society culture literature and gender studies as well as comparativists seeking to understand the diverse responses to modernization around the world *Intimacies, Critical*

Fiction's Family Ellen Widmer,2020-10-26 At the end of the Qing dynasty works of fiction by male authors placed women in new roles Fiction's Family delves into the writings of one literary family from western Zhejiang whose works were emblematic of shifting attitudes toward women The mother Wang Qingdi and the father Zhan Sizeng published their poems during the second half of the nineteenth century Two of their four sons Zhan Xi and Zhan Kai wrote novels that promoted reforms in women's lives This book explores the intergenerational link as well as relations between the sons to find out how the conflicts faced by the parents may have been refigured in the novels of their sons Its central question is about the brothers reformist attitudes Were they based on the pronouncements of political leaders Were they the result of trends in Shanghai publishing Or did they derive from Wang Qingdi's disappointment in her companionate marriage as manifested in her poems By placing one family at the center of this study Ellen Widmer illuminates the diachronic bridge between the late Qing and the period just before it the synchronic interplay of genres during the brothers lifetimes and the interaction of Shanghai publishing with regions outside Shanghai

The Monster That Is History David Der-Wei Wang,2004-10-04 In ancient China a monster called Taowu was known for both its vicious nature and its power to see the past and the future Over the centuries Taowu underwent many incarnations until it became identifiable with history itself Since the seventeenth century fictive accounts of history have accommodated themselves to the monstrous nature of Taowu Moving effortlessly across the entire twentieth century literary landscape David Der wei Wang delineates the many meanings of Chinese violence and its literary manifestations Taking into account the campaigns of violence and brutality that have rocked generations of Chinese often in the name of enlightenment rationality and utopian plenitude this book places its arguments along two related axes history and representation modernity and monstrosity Wang considers modern Chinese history as a complex of geopolitical ethnic gendered and personal articulations of bygone and ongoing events His discussion ranges from the politics of decapitation to the poetics of suicide and from the typology of hunger and starvation to the technology of crime and punishment

Writing Chinese L. Chen,2006-04-29 This is a comparative study of the politics of Chinese cultural identity facing China Taiwan Hong Kong the US Chinese and the Chinese diaspora in the West The author challenges current discussions of hybridity and nationalism by contrasting the experiences of Taiwan Hong Kong and US Chinese with those of

China and the Chinese diaspora **The Monster That Is History** Dewei Wang,2004-10-04 In ancient China a monster called Taowu was known for both its vicious nature and its power to see the past and the future Since the seventeenth century fictive accounts of history have accommodated themselves to the monstrous nature of Taowu Moving effortlessly across the entire twentieth century literary landscape David Der wei Wang delineates the many meanings of Chinese violence and its literary manifestations **Mediasphere Shanghai** Alexander Des Forges,2007-07-31

For many in the west Shanghai is the quintessence of East Asian modernity whether imagined as glamorous and exciting corrupt and impoverishing or a complex synthesis of the good the bad and the ugly How did Shanghai acquire this power How did people across China and around the world decide that Shanghai was the place to be Mediasphere Shanghai shows that partial answers to these questions can be found in the products of Shanghai s media industry particularly the Shanghai novel a distinctive genre of installment fiction that flourished from the 1890s to the 1930s Shanghai fiction supplies not only the imagery that we now consider typical of the city but more significantly the very forms simultaneity interruption mediation and excess through which the city could be experienced as a business and entertainment center and envisioned as the focal point of a mediasphere with a national and transnational reach Existing paradigms of Shanghai culture tend to explain the city s distinctive literary and visual aesthetics as merely the predictable result of economic conditions and social processes but Alexander Des Forges maintains that literary texts and other cultural products themselves constitute a conceptual foundation for the city and construct the frame through which it is perceived Working from a wide range of sources including installment fiction photographs lithographic illustrations maps guidebooks newspapers and film Des Forges demonstrates the significant social effects of aesthetic forms and practices Mediasphere Shanghai offers a new perspective on the cultural history of the city and on the literature and culture of modern China in general

The Lyrical in Epic Time David Der-wei Wang,2015-01-20 In this book David Der wei Wang uses the lyrical to rethink the dynamics of Chinese modernity Although the form may seem unusual for representing China s social and political crises in the mid twentieth century Wang contends that national cataclysm and mass movements intensified Chinese lyricism in extraordinary ways Wang calls attention to the form s vigor and variety at an unlikely juncture in Chinese history and the precarious consequences it brought about betrayal self abjuration suicide and silence Despite their divergent backgrounds and commitments the writers artists and intellectuals discussed in this book all took lyricism as a way to explore selfhood in relation to solidarity the role of the artist in history and the potential for poetry to illuminate crisis They experimented with poetry fiction film intellectual treatise political manifesto painting calligraphy and music Western critics Wang shows also used lyricism to critique their perilous epic time He reads Martin Heidegger Theodor Adorno Cleanth Brooks and Paul de Man among others to complete his portrait The Chinese case only further intensifies the permeable nature of lyrical discourse forcing us to reengage with the dominant role of revolution and enlightenment in shaping Chinese and global modernity Wang s remarkable survey reestablishes Chinese lyricism s deep

roots in its own native traditions along with Western influences and realizes the relevance of such a lyrical calling of the past century to our time
