Beast and Hawthorne's *The Miraculous Pitcher* as well as several anonymous and previously undiscovered tales such as *Lohengrin*. It was Romer Wilson's intention to combine the familiar with the unknown and to introduce authors and cultures from a variety of countries. As a researcher, Wilson uncovered a remarkable amount of stories from other countries that remain unknown today. This collection gives voice to unique and intriguing tales that inspire children to have a better understanding of how people and their stories are alike despite major differences. Through his Preface and commentary, Jack Zipes shows how all three books are a means to bring people together in the name of peace and justice. These books will therefore be of interest to anyone researching or studying fairy tales, folklore, and children's literature, as well as global or comparative literature and social justice.
