Magical Transformations on the Early Modern English Stage Lisa Hopkins, Helen Ostovich, 2016-05-13

Magical Transformations on the Early Modern Stage furthers the debate about the cultural work performed by representations of magic on the early modern English stage It considers the ways in which performances of magic reflect and feed into a sense of national identity both in the form of magic contests and in its recurrent linkage to national defence the extent to which magic can trope other concerns and what these might be and how magic is staged and what the representational strategies and techniques might mean The essays range widely over both canonical plays *Macbeth* *The Tempest* *The Winter's Tale* *The Merry Wives of Windsor* *Doctor Faustus* *Bartholomew Fair* and notably less canonical ones such as *The Birth of Merlin* *Fedele and Fortunio* *The Merry Devil of Edmonton* *The Devil is an Ass* *The Late Lancashire Witches* and *The Witch of Edmonton* putting the two groups into dialogue with each other and also exploring ways in which they can be profitably

related to contemporary cases or accusations of witchcraft. Attending to the representational strategies and self-conscious intertextuality of the plays as well as to their treatment of their subject matter, the essays reveal the plays they discuss as actively intervening in contemporary debates about witchcraft and magic in ways which themselves effect transformation rather than simply discussing it. At the heart of all the essays lies an interest in the transformative power of magic but collectively they show that the idea of transformation applies not only to the objects or even to the subjects of magic but that the plays themselves can be seen as working to bring about change in the ways that they challenge contemporary assumptions and stereotypes.

Hitchcock Lost and Found Alain Kerzoncuf, Charles Barr, 2015-03-17. Known as the celebrated director of critical and commercial successes such as *Psycho* 1960 and *The Birds* 1963, Alfred Hitchcock is famous for his distinctive visual style and signature motifs. While recent books and articles discussing his life and work focus on the production and philosophy of his iconic Hollywood era films like *Notorious* 1946 and *Vertigo* 1958, *Hitchcock Lost and Found* moves beyond these seminal works to explore forgotten, incomplete, lost and recovered productions from all stages of his career, including his early years in Britain. Authors Alain Kerzoncuf and Charles Barr highlight Hitchcock's neglected works, including various films and television productions that supplement the critical attention already conferred on his feature films. They also explore the director's career during World War II when he continued making high-profile features while also committing himself to a number of short war effort projects on both sides of the Atlantic. Focusing on a range of forgotten but fascinating projects,

spanning five decades Hitchcock *Lost and Found* offers a new fuller perspective on the filmmaker's career and achievements
