Exciting a comprehensive account of an overlooked campaign in which an outnumbered imperial army destroyed Mussolini's dream of a new Roman Empire. Ashley Jackson, author of *Churchill*. Surprisingly neglected in accounts of Allied wartime triumphs, this is the story of the British and Commonwealth forces who against all odds completed a stunning and important victory in East Africa against an overwhelmingly superior Italian opponent in 1941. A hastily formed British-led force, never larger than 70,000 strong, advanced along two fronts to defeat nearly 300,000 Italian and colonial troops. This compelling book draws on an array of previously unseen documents to provide both a detailed campaign history and a fresh appreciation of the first significant Allied success of the war. Andrew Stewart investigates such topics as Britain's African wartime strategy, how the fighting forces were assembled, most from British colonies, none from the U.S. General Archibald Wavell's command abilities and his difficult relationship with Winston Churchill, the resolute Italian defense at Keren, one of the most bitterly fought battles of the entire war, the legacy of the campaign in East Africa, and much more. *The First Victory* is that rarity of military history: groundbreaking research combined with first-rate narrative skills. Open Letters. Includes maps and photographs. **Small**
