The Final Analysis Keith P. McCarthy, 2014-01-31 This is a forensic thriller starring John Eisenmenger his partner Helena Flemming and police officer Beverley Wharton It is about a series of gruesome murders that Beverley Wharton was convinced were done by Melkior Pendred a mortuary technician with mental problems But Melkior can't have done a sixth murder which gives her rival Chief Inspector Homer just the opportunity he needs he always thought the real killer was Martin Melkior's twin brother Then there is another murder Beverley enlists the help of John Eisenmenger to prove that this is more than just another case of misjustice But Martin is a strange man as Helena Flemming his solicitor soon discovers and she has problems of her own having just discovered that she has a breast lump John and Beverley soon discover that the deaths are due to something far more complex than a disturbed man's madness Helena though soon discovers that danger can come from more than one direction *Dying to Know* Keith McCarthy, 2011-04-01 A new Dr Lance Elliot mystery from the author of the John Eisenmenger and Helena Flemming series October 1975 When Dr Lance Elliot receives a call from his elderly father to say he has been arrested for arson he can hardly believe it Especially when he discovers that the intended victim was his father's neighbour Oliver Lightoller with whom his father has a long running feud But things take an even darker turn when Lightoller is slain with a sword and the police seem certain that Lance and his father are involved Can Lance get to the bottom of the mystery and prove their innocence **Nor All Your Tears** Keith McCarthy, 2012-10-01 The new Dr Lance Elliott mystery set in 1970s south London July 1977 Lance's eccentric father the retired Dr Benjamin Elliott has been running a Horticultural Club at a local school in an effort to impress his lady friend Ada Clarke who works there One summer evening Lance and his girlfriend Max turn up for the parents evening to show their support for Benjamin's efforts only to find themselves much to the consternation and irritation of DI Masson caught up once again in a local killing spree as it seems that teachers from the school are being targeted Soul Seeker Keith McCarthy, 2011-08-01 The eighth book in the popular John Eisenmenger forensic mystery series The newly promoted Chief Inspector Beverley Wharton once more turns to forensic pathologist John Eisenmenger to help with the discovery of a severed male head in a local farmyard When a headless but female body then turns up in a dustbin they must acknowledge that this is the work of a serial killer However this killer seems to have scientific knowledge and a desire to experiment with his victims in his search for the human soul *The British National Bibliography* Arthur James Wells, 2007 *The Final Analysis* Keith McCarthy, 2016-08-27 The convicted serial killer Melchior Pendred spent the final years of his life dying in prison for five identical murders He slit the victims throats eviscerated the bodies and scattered the organs at the scene of the crime But that was buried in local history until a sixth murder is committed The body of Jenny Muir is discovered in the same fashion but with the supposed killer now dead panic sets in Martin Pendred Melkior's twin identical in appearance personality and work life is propelled into the spotlight Like his brother he worked first in an abattoir then as a mortuary assistant and was

only discounted of the original murders by an alibi Did the police convict the wrong brother Pressure rises in the force as Chief Inspector Homer returns to his original hypothesis that his colleague Beverley Wharton caught the wrong man Martin Pendred is arrested but released on a technicality after the intervention of his solicitor Helena Flemming Then Martin disappears and another murder takes place What s left to do but to call in John Eisenmenger A former pathologist Eisenmenger worked on the original murders and his finely honed skills could make all the difference to this nerve wracking case Indeed he soon begins to guess what is going on but it is not until danger threatens Helena Flemming that he is able to find and fit the last terrible piece of the killer s puzzle Praise For Keith McCarthy Chilling and challenging though the pat conspiracy behind Proteus keeps this sequel from rising to the demanding level of Helena and Eisenmenger s grimly brilliant debut Kirkus Reviews I have one word for Keith McCarthy s John Eisenmenger series and that word is INTENSE Everything from the murders the characters the scenery and the sex are all incredibly dark graphic and intense However if you can get past the extremity of the series the stories are very compelling and incredibly intriguing The characters are complex and McCarthy does a fantastic job of character development throughout the series A Thrill A Week Readers who don t get enough strong forensic medicine from the likes of Patricia Cornwell or Kathy Reichs will welcome this first book in a new series from a British pathologist McCarthy lays on the grisly detail with a practising doctor s detached eye Publishers Weekly Richly gothic uses the classic whodunit format of a closed circle of suspects to good effect There s a giddy feeling to the story when we lurch from moments of black farce to savage coincidence a potent mix Tangled Web Pathologist McCarthy creates a dark densely imagined world in the demanding tradition of P D James he peoples it with characters who truly inspire pity and terror and provides the most unsparing postmortem ever Kirkus Reviews A whodunit in the classical mould mixes the story of a man coping with the scars of his past and the wounds of the present McCarthy handles his material with real brio Crime Time Keith McCarthy is a pathologist and writer of crime fiction known for his Eisenmenger Flemming Forensic Mysteries He also writes under the name Lance Elliot *A Furnace Far Too Hot* Keith McCarthy,2018-09-19 Someone is always watching When policewoman Eva Perry goes deep undercover to help bring a vicious local crime ring to justice both she and her boss Chief Detective Inspector Beverley Wharton know there are huge risks involved Perry has already been abused physically and mentally in order to maintain her disguise and she knows there is more to come Yet she insists on carrying on But neither she nor Beverley are prepared for the horrific chain of events that are unleashed A series of unexplained and bizarre suicides forces Beverley into close contact with her former lover the renegade forensic pathologist John Eisenmenger who is already investigating the sudden suicide of his colleague Daisy Pemberton Eisenmenger conducts autopsies on the victims and discovers all their deaths are linked by the earrings they wear the same design but in different pairings of colours He attends an inquest where he is confronted by the sinister Harry Cade whose family members have been killed or mutilated in a blow torch attack by one of the suicide women and who is wearing the same earrings When he convinces Beverley to

pursue the trail of the earrings they not only resume their old love affair but also become enmeshed in a frightening web of mental manipulation that brings them to the edge of being the instruments of their own violent deaths Author McCarthy uses his long professional experience of the autopsy bench coroners courts and forensic examination to bring into vivid focus the malevolent world of unbalanced minds A Furnace Too Hot is the latest instalment to the thrilling Eisenmenger Flemming Forensic Mystery series Praise for Keith McCarthy Pathologist McCarthy creates a dark densely imagined world in the demanding tradition of P D James Kirkus Keith McCarthy was born in Croydon Surrey Educated at Dulwich College and then at St George s Hospital Medical School he began practising pathology in 1985 and has done so ever since At present Keith is a Consultant Histopathologist in Gloucestershire where he lives with his wife and three daughters Other books in the Eisenmenger Flemming Forensic Mystery series include A Feast of Carrion The Final Analysis A World Full of Weeping Corpus Delicti and The Rest is Silence
