Death, the End of History, and Beyond Greg Carey,2023-01-31 What happens at the end of our lives and of the course of history Will God bring about a just and peaceful world What lies beyond this realm and what can we know of the beings who dwell there In *Death the End of History and Beyond* Greg Carey offers resources for understanding multiple even conflicting ways that the Bible imagines these ultimate realities Carey opens the Scriptures with a breadth of insight that acknowledges its diversity of viewpoints about what lies beyond the veil centering hope in God's action to bring good out of evil in our lived realities in our personal journeys through death and in visions of resurrection and justice restored An appendix on preaching also invites clergy to help their communities imagine when and how eschatology can inform our lives today

Living Martyrs in Late Antiquity and Beyond Diane Fruchtman,2023-02-01 This book demonstrates that living martyrdom was an important spiritual aspiration in the late antique Latin west and argues that consequently attempts to define study or locate martyrdom must move away from conceptualizations that require or center on death After an introduction that traces the persistence of living martyrs as real objects of spiritual devotion and emulation across the span of Christian history and discusses why such martyrs have been overlooked the book focuses on three significant authors from the late ancient Latin west for whom martyrdom did not require death the Spanish poet Prudentius c 348 413 the senator turned ascetic Paulinus of Nola 353 431 and the influential North African bishop Augustine of Hippo 354 430 Through historically and literarily contextualized close readings of their work this book shows that each of these three authors attempted to create a new paradigm of martyrdom focused on living rather than dying for God By focusing on these living martyrs we are able to see more clearly the aspirations and agendas of those who promoted them as martyrs and how their martyrological discourse illuminates the variety of ways that martyrdom is and can be mobilized in any era to construct new community creating worldviews *Living Martyrs in Late Antiquity and Beyond* is an important resource for historians of Christianity scholars of religious studies and anyone interested in exploring or understanding martyrological discourse The Introduction of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

The ^AOther Christs Candida R. Moss,2010-05-24 Moss begins by tracing the theme of imitating Jesus through suffering in the literature of the Jesus movement and early church and its application in martyrdom literature She demonstrates the importance of imitating the sufferings of Christ as a practice and ethos in the Jesus movement She then proceeds to the interpretations of the martyr's death and afterlife arguing against the dominant theory that the martyr's death was viewed as

a sacrifice and finding that in their post mortem existence martyrs continue to be assimilated to Christ closely resembling the exalted Christ as intercessors judges enthroned monarchs and banqueters *The End of the World in Scandinavian Mythology* Anders Hultgård,2022 The End of the World in Scandinavian Mythology is a detailed study of the Scandinavian myth on the end of the world the Ragnar k and its comparative background giving an historical perspective to contemporary human fears and hopes about the end of the world in the Ragnar k myth of cosmic destruction and cosmic renewal

Apocalyptic Tremors C.R. Chapman,2011 Apocalyptic Tremors is an artistic design of Justice wild yet divine Images complex yet meaningful Conflicts dreadful yet wonderful Earthquakes yet miracles Judgment yet glory Kingdoms rise and fall Satan vs The Lamb of God Tribulation yet victory for the believer Over 20 reasons for a Harvest Rapture Does God have the right to be so wrathful Will the church see tribulation and why *Revelation 12-22 (ITC)* Peter J. Leithart,2018-02-22 The Book of Revelation is the last book in the canon of the New Testament and its only apocalyptic document though there are short apocalyptic passages in various places in the gospels and the epistles This second of two volumes on Revelation offers a systematic and thorough interpretation of the latter chapters of the book Revelation brings together the worlds of heaven earth and hell in a final confrontation between the forces of good and evil Its characters and images are both real and symbolic spiritual and material and it is frequently difficult to know the difference between them Revelation s cryptic nature has ensure that it would always be a source of controversy This commentary focuses on the theological content gleanig the best from both the classical and modern commentary traditions and showing the doctrinal development of Scriptural truths Scholarship on the book of Revelation has nonetheless not only endured but even captured the imagination of generations of Bible students both professionals and laypeople alike Through its focus on the message of the book through scholarly analysis this ITC reconnects to the ecclesial tradition of biblical commentary as an effort in ressourcement though not slavish repetition *Desiring Martyrs* Harry O. Maier,Katharina Waldner,2020-12-16 Martyrs create space and time through the actions they take the fate they suffer the stories they prompt the cultural narratives against which they take place and the retelling of their tales in different places and contexts The title Desiring Martyrs is meant in two senses First it refers to protagonists and antagonists of the martyrdom narratives who as literary characters seek martyrs and the way they inscribe certain kinds of cultural and social desire Second it describes the later celebration of martyrs via narrative martyrdom acts monuments inscriptions martyria liturgical commemoration pilgrimage etc Here there is a cultural desire to tell or remember a particular kind of story about the past that serves particular communal interests and goals By applying the spatial turn to these ancient texts the volume seeks to advance a still nascent social geographical understanding of emergent Christian and Jewish martyrdom It explores how martyr narratives engage pre existing time space configurations to result in new appropriations of earlier traditions **Turmoil, Trauma and Tenacity in Early Jewish Literature** Nicholas P. L. Allen,Jacob J. T. Doedens,2022-08-01 This volume is written in the context of trauma hermeneutics of ancient Jewish

communities and their tenacity in the face of adversity i e as recorded in the MT LXX Pseudepigrapha the Deuterocanonical books and even Cognate literature In this regard its thirteen chapters are concerned with the most recent outputs of trauma studies They are written by a selection of leading scholars associated to some degree with the Hungaro South African Study Group Here trauma is employed as a useful hermeneutical lens not only for interpreting biblical texts and the contexts in which they were originally produced and functioned but also for providing a useful frame of reference As a consequence these various research outputs each in their own way confirm that an historical and theological appreciation of these early accounts and interpretations of collective trauma and its implications perceived or otherwise is critical for understanding the essential substance of Jewish cultural identity As such these essays are ideal for scholars in the fields of Biblical Studies particularly those interested in the Pseudepigrapha the Deuterocanonical books and Cognate literature

The Theatre of Death P J Klemp, 2016-10-19 This book discusses some rituals of justice such as public executions printed responses to the Archbishop of Canterbury's execution speech and King Charles I's treason trial in early modern England Focusing on the ways in which genres shape these events multiple voices I analyze the rituals genres and the diverse perspectives from which we must understand them The execution ritual like such cultural forms as plays and films is a collaborative production that can be understood only and only incompletely by being alert to the presence of its many participants and their contributions Each of these participants brings a voice to the execution ritual whether it is the judge and jury or the victim executioner sheriff and other authorities spiritual counselors printer or spectators and readers And each has at least one role to play No matter how powerful some institutions and individuals may appear none has a monopoly over authority and how the events take shape on and beyond the scaffold The centerpiece of the mid seventeenth century's theatre of death was the condemned man's last dying utterance This study focuses on the words and contexts of many of those final speeches including King Charles I's 1649 Archbishop William Laud's 1645 and the Earl of Strafford's 1641 as well as those of less well known royalists and regicides Where we situate ourselves to view hear and comprehend a public execution through specific participants eyes ears and minds or accounts shapes our interpretation of the ritual It is impossible to achieve a singular carefully indoctrinated meaning of an event as complex as a state sponsored public execution Along with the variety of voices and meanings the nature and purpose of the rituals of justice maintain a significant amount of consistency in a number of eras and cultural contexts Whether the focus is on the trial and execution of the Marian martyrs English royalists in the 1640s and 1650s or the Restoration's regicides the events draw on a set of cultural expectations or conventions Because rituals of justice are shaped by diverse voices and agendas with the participants scripts and counterscripts converging and colliding they are dramatic moments conveying profound meanings Published by University of Delaware Press Distributed worldwide by Rutgers University Press

Fools, Martyrs, Traitors Lacey Baldwin Smith, 1999 Lacey Baldwin Smith takes us on a riveting journey through history as he examines one of the most baffling characteristics of the human experience the

willingness to die to sanctify a deity defend a cause or simply to prove a point By delving into the psyches politics and personalities of martyrs like Thomas Becket John Brown and Gandhi he illuminates the complex and elusive subject of martyrdom as it has evolved over 2 500 years Short Story Index ,1999 *Revelation Unsealed* Donald A. Salerno Jr,2004 Finally a book which simplistically insightfully and systematically presents an integrated concrete overview of the 22 chapters or 404 verses of the book of Revelation Revelation Unsealed is unique in a number of major areas It is the first book to approach the text of Revelation from what is termed the Pre Wrath Rapture perspective This is the hotly debated view that the church will enter the Seventieth Week undergo the great tribulation of the Antichrist and be gathered off the earth before the wrath of God unfolds This view is presented in a logical scenario which is then placed within the overall context of the Apocalypse Also contained is an entirely fresh biblical perspective of the emergence of the Antichrist Additionally this book also fully covers the relevance of world events the amazing track record of biblical prophecy the fulfillment of the seven religious feast of Israel the battle of Armageddon and the Millennial Kingdom of Jesus Christ All of these issues are addressed in a concise and simple manner with numerous charts and illustrations to aid the reader in easily conceptualizing and visualizing what is outlined Its contents will challenge both the newest Christian and the seasoned biblical scholar **The Wiley Blackwell Companion to Christian Martyrdom** Paul Middleton,2020-01-27 A unique wide ranging volume exploring the historical religious cultural political and social aspects of Christian martyrdom Although a well studied and researched topic in early Christianity martyrdom had become a relatively neglected subject of scholarship by the latter half of the 20th century However in the years following the attack on the Twin Towers on September 11 2001 the study of martyrdom has experienced a remarkable resurgence Heightened cultural religious and political debates about Islamic martyrdom have in a large part prompted increased interest in the role of martyrdom in the Christian tradition The Wiley Blackwell Companion to Christian Martyrdom is a comprehensive examination of the phenomenon from its beginnings to its role in the present day This timely volume presents essays written by 30 prominent scholars that explore the fundamental concepts key questions and contemporary debates surrounding martyrdom in Christianity Broad in scope this volume explores topics ranging from the origins influences and theology of martyrdom in the early church with particular emphasis placed on the Martyr Acts to contemporary issues of gender identity construction and the place of martyrdom in the modern church Essays address the role of martyrdom after the establishment of Christendom especially its crucial contribution during and after the Reformation period in the development of Christian and European national building as well as its role in forming Christian identities in Asia Africa and the Americas This important contribution to Christian scholarship Offers the first comprehensive reference work to examine the topic of martyrdom throughout Christian history Includes an exploration of martyrdom and its links to traditions in Judaism and Islam Covers extensive geographical zones time periods and perspectives Provides topical commentary on Islamic martyrdom and its parallels to the Christian church Discusses hotly

debated topics such as the extent of the Roman persecution of early Christians The Wiley Blackwell Companion to Christian Martyrdom is an invaluable resource for scholars and students of religious studies theology and Christian history as well as readers with interest in the topic of Christian martyrdom **Rescue for the Dead** Jeffrey A. Trumbower, 2001-09-27

Christianity is a religion of salvation in which believers have always anticipated post mortem bliss for the faithful and non salvation for others Here Trumbower examines how and why death came to be perceived as such a firm boundary of salvation Analyzing exceptions to this principle from ancient Christianity he finds that the principle itself was slow to develop and not universally accepted in the Christian movement s first four hundred years In fact only in the West was this principle definitively articulated due in large part to the work and influence of Augustine **The Cambridge History of Ancient Christianity** Bruce W. Longenecker, David E. Willhite, 2023-08-24 The first three hundred years of the common era witnessed critical developments that would become foundational for Christianity itself as well as for the societies and later history that emerged thereafter The concept of ancient Christianity however along with the content that the category represents has raised much debate This is in part because within this category lie multiple forms of devotion to Jesus Christ multiple phenomena and multiple permutations in the formative period of Christian history Within those multiples lie numerous contests as varieties of Christian identity laid claim to authority and authenticity in different ways The Cambridge History of Ancient Christianity addresses these contested areas with both nuance and clarity by reviewing synthesizing and critically engaging recent scholarly developments The 27 thematic chapters specially commissioned for this volume from an international team of scholars also offer constructive ways forward for future research
