

5 KEY STEPS OF FINANCIAL PLANNING

1.

GETTING TO KNOW YOU

Financial planning is not a rubber-stamp process. Before we even talk about finances, we take the time to get to know who you are. Where have you been and where do you see yourself going? And you will take this time to get to know us and how we can help.

2.

YOUR GOALS & DREAMS

A skilled financial planner can assist you to identify your financial goals, prioritise them and understand the steps required to turn your dreams into reality. By knowing your goals and timeframes, it's easier to see where to concentrate your efforts. You'll also spot the distractions that would otherwise blow you off course.

3.

CREATING A PLAN

Developing a written plan with a clear emphasis is critical to achieving your financial objectives. We can provide budgeting and debt management advice to help you start creating wealth without the costly anchor of "bad" debt. Investments and structures that suit your personal circumstances and goals are a key component. Protecting your future dreams with appropriate risk cover is fundamental to your plan.

4.

IMPLEMENTATION

Once you have agreed on the plan we have prepared, each recommendation for investments, risk cover and structures will be put into place. This is when your financial plan comes alive and becomes part of your exciting future.

5.

MONITOR & REVIEW

Life rarely turns out exactly as anyone expects, so when changes come along it's important that your financial plan changes too. With regular reviews we will be there to steer you on your path to financial independence and ensure your plan remains relevant and on track.
