General Accounting Office,2004 [The Effect of the Internal Auditing on Financial Performance](#) Shakir Al-ghalayini,Mohammed A. Keshta,Thabet M. Hassan,2015-04-15 Bachelor Thesis from the year 2013 in the subject Business economics Investment and Finance course Faculty of Commerce Department of Accounting language English abstract It was clear from the recent financial scandals and fraud law suits in the international and regional firms that the internal control in general isn t as strong as should and that there are some weaknesses that led to this outcome and

that why we are interested to investigate the internal control and the internal observation systems in the listed Palestinian corporations to put the lights on the real reasons and causes for such problem Many researchers and observers believe that one of the main reasons for such problem is the insufficient reliance on the function of the internal auditor and not assigning this function with its real importance in the companies especially if we consider how significant is this function becomes as the companies are getting larger and the operations are extending to be more in terms of the volume and the complexity and more importantly the competition is getting tougher among the companies The internal audit is consider to be a type of the observational procedures that can be used to assess the effectiveness of the other observational and audit procedures and that is why many researchers consider it as the core of concentration in the audit hierarchy that supplement the other tools in ensuring these tools ability to safeguard the companies assets make sure about the fairness of the financial data and encourage the commitment in the managerial policies      *Wiley Practitioner's Guide to GAAS 2019* Joanne M.
