**Monetary Reform** Jean-François Serval,Jean-Pascal Tranié,2023-01-30 Written by two leading experts on multinational accounting and billion dollar international investment funds this book provides a framework for a global reform of the world monetary system and defines a decidedly new approach to dealing with public debt mortgage an issue that we can see in many countries in Europe and around the world The authors put forward a proposal for transforming sterile financial masses which are withdrawn from the real economy as they no longer bear interest into wealth To facilitate this return to the real economy the authors propose that a significant share of public debt be converted into net equities in the world of business and goods production in order to find new profitable investment projects The idea is bold and the authors strive to

demonstrate its technical feasibility They are convinced that this approach can accompany and enhance a movement that has already begun namely the implementation of vast national and international investment programs in major infrastructures and research projects in innovative sectors This work builds on the authors two previous books which focus on the monetary system The first published in 2010 and including a foreword by former French Finance Minister Christine Lagarde analyzes the new virtual dimension of money The second published in 2014 puts forward an innovative proposal for a new financial regulation aimed at more stable economies This third book is intended for professionals in the financial industry including decision makers at banks accounting and private equity firms as well as policymakers at central banks and government institutions involved in the implementation of financial and monetary reforms

**Unmasking Financial Psychopaths** D. Gregory, 2014-08-07 As financial markets expand globally in response to economic and technological developments of the twenty first century our understanding and expectations of the people involved in these markets also change Unmasking Financial Psychopaths suggests that an increasing number of financiers labeled financial psychopaths are not truly psychopathic but instead are by products of a rapidly changing personal and professional environment Advances have been made in identifying psychopaths outside of situations accompanied by physical violence yet it is still difficult to differentiate psychopaths in cultural settings that have adopted psychopathic behavioral tendencies as the norm Within the investment sector a fundamental transformation has occurred the type of person employed by financial firms and the environment within which finance is conducted have both changed Society s expectation of financiers adapted to these subtle behind the scenes shifts resulting the public at large perceiving more individuals in the financial sector as acting in a psychopathic manner Being able to distinguish the truly psychopathic financier from individuals who conform to behavioral expectations is the first step towards a cultural shift away from accepted psychopathic behaviors in the financial sector

**The Spectacle of Expertise** Alex Preda,2023-02-16 Financial experts have become ubiquitous on television radio and social media They provide investment advice interpret market movements and explain the implications of political events wielding a great deal of power and influence through their media presence How do these

experts acquire their authority and what makes displays of financial expertise persuasive to their audiences Alex Preda provides an ethnographic exploration of how financial expertise is performed and produced in the media analyzing its features and how audiences react to it He examines how analysts anchors and producers collaborate in manufacturing financial talk that circulates around the world Preda emphasizes the significance of talk as opposed to the written word in finance as the fabric of many transactions and a means of capturing capital Analysts and media figures understand financial talk as requiring a skill set distinct from conducting research or representing facts Preda demonstrates that analysts and media professionals deploy expertise when they engage with audiences in ways that make it difficult to contest the claims conveyed in their talk *The Spectacle of Expertise* is based on close observations of TV and radio studios in Hong Kong a global financial center and a crucial gateway to China including interviews with audience members and financial analysts who appear as regular guests It offers new and global perspectives on the relationship between financial expertise and the media the making of public expert talk and how expertise is used to legitimize financialization Market Tremors Hari P. Krishnan, Ash Bennington, 2021-09-14 Since the Global Financial Crisis the structure of financial markets has undergone a dramatic shift Modern markets have been zombified by a combination of Central Bank policy disintermediation of commercial banks through regulation and the growth of passive products such as ETFs Increasingly risk builds up beneath the surface through a combination of excessive leverage and crowded exposure to specific asset classes and strategies In many cases historical volatility understates prospective risk This book provides a practical and wide ranging framework for dealing with the credit positioning and liquidity risk that investors face in the modern age The authors introduce concrete techniques for adjusting traditional risk measures such as volatility during this era of unprecedented balance sheet expansion When certain agents in the financial network behave differently or in larger scale than they have in the past traditional portfolio theory breaks down It can no longer account for toxic feedback effects within the network Our feedback based risk adjustments allow investors to size their positions sensibly in dangerous set ups where volatility is not providing an accurate barometer of true risk The authors have drawn from the fields of statistical physics and game theory to simplify and quantify the impact of very large agents on the distribution of forward returns and to offer techniques for dealing with situations where markets are structurally risky yet realized volatility is low The concepts discussed here should be of practical interest to portfolio managers asset allocators and risk professionals as well as of academic interest to scholars and theorists *Islamic Financial Markets and Institutions* Abul Hassan, Aktham Issa AlMaghaireh, Muhammad Shahidul Islam, 2022-08-12 The rapid pace of progress in the Islamic financial market and investment space coupled with the COVID 19 pandemic and its aftermath and recovery has provided the necessary challenges to build a strong case for Islamic investment This timely and unique book focuses on the foundations of Islamic financial markets and institutions in the context of various products their market application Islamic asset management and regulation The authors provide a thorough overview of Islamic financing

instruments and markets such as Islamic debt and equity markets through shares and the stock market mutual funds private equity lease financing Sukuk green Sukuk money market instruments exchange traded funds cryptocurrencies derivatives and so forth which have emerged as alternative sources of financing They offer insight into the numerous infrastructure institutions which have sprung up since the first decade of the new century such as the Accounting and Auditing Organizations for Islamic Financial Institutions Islamic Financial Services Board Islamic International Rating Agency and International Islamic Liquidity Management Corporation as well as those being established to satisfy different industry needs With its uniquely competitive approach to the mainstream financial market this book facilitates a greater understanding of the concept of Islamic investment Through a discussion of the current state and future prospects of Islamic financial markets the book s theoretical and practical approach offers academic practitioners researchers students and general readers a well balanced overview of Islamic financial markets its ethics Shari ah foundation the instruments and operational mechanism used by Islamic capital money and debt markets

The Top Books of the Year Financial Universe The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
