Financial Deregulation A Comparative Study Of Australia And The United Kingdom:

Financial Deregulation M. Hall,1987-11-24 The process of financial deregulation and especially the dismantling of direct monetary controls has been underway for some time now in many financially developed economies but little attention has been devoted to analysis of the issues involved in the academic literature This book represents an attempt to remedy that deficiency providing as it does a detailed analysis of the programmes of financial deregulation pursued in the United Kingdom and Australia since 1970 and an assessment of the implications for monetary and prudential policy

Banking Regulation of UK and US Financial Markets Dalvinder Singh,2016-04-15 Dalvinder Singh provides an interdisciplinary analysis of the legal aspects of prudential supervision This gives the reader a broader understanding of the core processes of banking supervision By using the UK as a case study a comparison is made with the US to illustrate the different ways of approaching the issues The author examines the legal as well as the theoretical economic political and policy issues that underpin the purpose of prudential supervision such as corporate governance enforcement sanctions the role of external auditors and accountability of financial regulators These are considered in the context of broad policy considerations which render prudential supervision necessary namely financial stability and depositor protection The book will be of interest to academics policymakers regulators and practitioners and equally will serve specialist undergraduate and postgraduate programmes in law management and economics which focus on financial regulation
