Development Policy in the Twenty-First Century Ben Fine, Costas Lapavistas, Jonathan Pincus, 2023-05-09 This excellent book newly available in paperback addresses the growing dissatisfaction with the neo liberal post Washington consensus The concern of the contributors in writing this collection was that this consensus has established itself as a new orthodoxy more powerful and widespread than its predecessor This broad ranging critique explains that without a much broader political economy the consensus is unlikely to provide a coherent framework for successful development policies Development Policy in the 21st Century is unique in its depth and assesses the postures of the new consensus topic by topic whilst posing strong alternatives It will improve and stimulate the reader s understanding of this important area and is required reading for any student academic or interested reader that wishes to understand one of the most important issues in international economics

Arab Economies in the Twenty-First Century Paul Rivlin, 2009-02-09 This book examines the relationship between demographic growth and economic development in eight Arab countries Despite a slowdown in demographic growth as a result of the change in the age structure of the population the labor force is increasing rapidly In other parts of the world similar developments have enhanced economic growth In the Arab world however many of the opportunities presented by demographic transition are being lost resulting in serious threats to the political stability of the

region The main reason for this is that the region has missed out on industrialization The book goes beyond conventional analysis to ask two closely related questions The first is why were governments so slow in tackling stability The second is why has the response been similar in apparently different economies Answers are provided using new literature in economics and economic history

Agricultural Finance and Credit Infrastructure in Transition Economies Proceedings of OECD Expert Meeting, Moscow, February 1999 OECD,1999-10-06 This proceedings of an OECD Experts Meeting examines agricultural finance and credit infrastructure in transition economies

Africa's Development in the Twenty-first Century Kwadwo Konadu-Agyemang,Martin Kwamina Panford,2006 Having been under colonial rule for the first half of the century by 1965 all but a handful of African countries had regained their independence and were poised to take off into an era of development However Africa now suffers from the most acute form of underdevelopment anywhere in the world Bringing together a broad selection of case studies covering a wide range of key issues this volume provides a multidisciplinary exploration of Africa s development opportunities and challenges into the twenty first century

Capital in the Twenty-First Century Thomas Piketty,2014-03-10 The main driver of inequality returns on capital that exceed the rate of economic growth is again threatening to generate extreme discontent and undermine democratic values Thomas Piketty s findings in this ambitious original rigorous work will transform debate and set the agenda for the next generation of thought about wealth and inequality

Fourteen Points for the Twenty-First Century Richard H. Immerman,Jeffrey A. Engel,2020-06-23 When the United States entered World War I President Woodrow Wilson declared to Congress that the objective was not merely to bring a new balance of power but rather to bring a just and secure peace to the world by the end of the conflict In this famous speech known as The Fourteen Points Wilson offered the world a road map toward a more equitable international system in the midst of unprecedented global conflict including ideas on the interconnectedness of democracy trade and the concept of a forum for peaceably resolving international disputes Even decades after the end of the First World War Wilson s ideas remained important and influenced many of his successors But now in the twenty first century there are forces at work in the world that Wilson could never have imagined and those forces call for a new plan toward peace In *Fourteen Points for the Twenty First Century A Renewed Appeal for Cooperative Internationalism* Richard H Immerman and Jeffrey A Engel bring together a diverse group of thinkers who take up Wilson s call for a new world order by exploring fourteen new directions for the twenty first century The contributors scholars policymakers entrepreneurs poets doctors and scientists propose solutions to contemporary challenges such as migration

global warming health care food security and privacy in the digital age Taken together these points challenge American leaders and policymakers to champion an international effort not to make America great again but to work cooperatively with other nations on the basis of mutual respect
