United States Air Force USAF stretches back to aerial operations prior to the First World War well before the USAF became a separate service and looks forward to a new era of airpower in space Fighting from Above presents a concise account of this expansive history offering a new perspective on how the air forces of the United States created an independent way of warfare over time From the earliest battles of the USAF s predecessor organizations to its modern incarnation Brian D Laslie identifies four distinct and observable ways of war that developed over four distinct epochs Beginning with the development of early air power 1906 1941 he highlights the creation of roles and missions with bombardment theory and practice ascendant An era of strategic dominance 1942 1975 followed in which the ideas of strategic bombardment ruled the air force when such notions were unceremoniously proven false during the Vietnam era conflicts a period of tactical ascendancy 1975 2019 began Finally Laslie considers the current environment where much of the story of the USAF remains unwritten as it grapples with the prospects and challenges posed by drones and the U S Space Force While detailing combat operations Fighting from Above also pays close attention to technology politics rivalries logistics policy organization equipping and training Thorough concise and innovative in its approach it is an authoritative exceptionally readable history of the development of American airpower *Cloud Rider* Arthur J. Burks, 2011-09-16 Fog Held More Terrors for Clark Ekvall than All the Planes in Germany and Straight into the Fog He Headed for the Battle of His Life excerpt Clark Ekvall striding across the tarmac to Headquarters building pulled his tunic up higher about his ears Tentacles of the fog creeping grey mist skittered across the field A cold biting wind came out of the north like the breath from a mausoleum Ekvall shivered in all his six feet There were too many analogies to the tomb The fog was too much like the shrouds of the dead If I believed in signs muttered Ekvall to himself I would think I was slated to go West for sure I wonder what the Old Man wants Major Fauberg did not long leave Ekvall in suspense Look here Clark he said This soup is so thick you could cut it with a knife As long as it lasts there won t be any crates off any field I know it and you know it but Wing believes that the Germans deliberately started the fog in order to put something over on us So we ve got to keep patrols up Jackson Hobart and yourself are going out on solitary patrols You leave at once You won t mind the fog Ekvall grinned I was born under a lucky star he said I ll never die by fire or water Fire in the Spad or this fog which is thick enough to be water won t ever bother me Ekvall saluted His face was red from the walk across the field Now he turned back into the tarmac yelling for his Spad to be run out The other two crates were already at the apron their props ticking over smearing the trailing tendrils of the fog which fled fearlessly into the spinning propellers Ekvall adjusted helmet goggles and gauntlets then bent to examine his crate This would be just a monotonous ride nothing more he reflected as he seated himself in the cockpit He signaled for his chocks to be kicked free His Spad started rolling The fog swirled about him now and again almost blotting the tips of his wings from view Any fights aloft today he told himself would have to be so close that we d sure lock wings *Sandalwood Death* Mo Yan, 2012-11-15 This powerful novel by Mo Yan one of contemporary China s most famous and prolific writers is both a stirring love story and

an unsparing critique of political corruption during the final years of the Qing Dynasty China's last imperial epoch Sandalwood Death is set during the Boxer Rebellion 1898-1901 an anti-imperialist struggle waged by North China's farmers and craftsmen in opposition to Western influence Against a broad historical canvas the novel centers on the interplay between its female protagonist Sun Meiniang and the three paternal figures in her life One of these men is her biological father Sun Bing an opera virtuoso and a leader of the Boxer Rebellion As the bitter events surrounding the revolt unfold we watch Sun Bing march toward his cruel fate the gruesome sandalwood punishment whose purpose as in crucifixions is to keep the condemned individual alive in mind-numbing pain as long as possible Filled with the sensual imagery and lacerating expressions for which Mo Yan is so celebrated Sandalwood Death brilliantly exhibits a range of artistic styles from stylized arias and poetry to the antiquated idiom of late Imperial China to contemporary prose Its starkly beautiful language is here masterfully rendered into English by renowned translator Howard Goldblatt *Sea fights and land battles: from Alfred to Victoria* Laura Valentine, 1869 *New Outlook*, 1901 **Fathom: Sourcebook** Hannibal Tabu, Your journey into the FATHOM Universe begins here Michael Turner's best-selling Fathom series has celebrated over 15 years of thrilling adventures and now fans and new readers alike can dive even deeper into the depths of the Fathom Universe with Aspen's first ever FATHOM SOURCEBOOK Jam-packed from cover to cover with detailed character profiles in depth power charts revealing story elements and so much more this is the definitive source to learn about all things Fathom
