Fighting Ship:

The Untold Story of a Fighting Ship Eugenio Luis Facchin, 2022-04-11 This book is an enthralling account of the role played by the destroyer ARA Bouchard in the Falklands Malvinas War Over forty years after its construction with obsolete technology scarce maintenance and many out of service machineries it was still present during the whole campaign with a prominent role that for several reasons remained hidden until today During the Falklands Malvinas conflict it patrolled the north of the archipelago to allow the recapture of the islands It was noteworthy together with the Cruiser and another destroyer in the attack on the British fleet without being able to find it On its return it was hit by the third torpedo launched by the submarine Conqueror aimed at the cruiser ARA General Belgrano It suffered damage and although it could still sail was forced to dry dock to change a part of its hull For two consecutive nights it stopped British commandos from making an incursion into the R o Grande airport in order to destroy the Navies Super Etendard attack aircraft and assassinate its pilots With its main gun battery it fired with combat ammunition on enemy targets and was the only main battery to have the opportunity to do so It was irradiated and used for missile target practice they were unable to sink it during the firing practice Later it was decommissioned and scrapped
