Fighting Words Writing About Race:

Violence and Colonial Dialogue Tracey Banivanua Mar, 2006-12-31 During the post abolition period a trade in cheap and often cost neutral labor flourished in the western Pacific For more than forty years it supplied tens of thousands of indentured laborers to the sugar industry of northeastern Australia Violence and Colonial Dialogue tells the story of its impact on the people who were traded From the beaches and shallows of the Pacific s frontiers to the plantations and settlements of Queensland and beyond a collective tale of the pioneers of today s Australian South Sea Island community is told through an abundant and effective use of materials that characterize the colonial record including police registers court records prison censuses administrative reports legislative debates and oral histories With a thematic focus on the physical violence that was central to the experience of people who were voluntarily or involuntarily recruited the history that emerges is a powerful tale that is at once both tragic and triumphant Violence and Colonial Dialogue also tells a more universal story of colonization Set mostly in the British settler colony of Queensland during the last forty years of the nineteenth century it explores the brutality embedded in the structures of a colonial state while attempting to recover the stories that such processes obscured

Race Riots & Resistance Jan Voogd, 2008 Race Riots and Resistance uncovers a long hidden tragic chapter of American history Focusing on the Red Summer of 1919 in which black communities were targeted by white mobs the book examines the contexts out of which white racial violence arose It shows how the riots transcended any particularity of cause and in doing so calls into question many longstanding beliefs about racial violence The book goes on to portray the riots as a phenomenon documenting the number of incidents describing the events in detail and analyzing the patterns that emerge from looking at the riots collectively Finally and significantly Race Riots and Resistance argues that the response to the riots marked an early stage of what came to be known as the Civil Rights Movement

Fighting Words Raymond Evans, 1999 With an open heart and inquiring intellect Raymond Evans sets out to uncover a past not studied in the school books of his youth Growing up in the 1950s he lived in a community devoid of Aboriginal presence It was an enclave of Welsh migrant families with all the rituals and traditions of a faraway Home His evolving historical consciousness was fired by the need to connect with these shadowy absences and to engage with his adopted homeland Interwoven with his personal journey is a revealing selection of race relations histories which cover a wide arena from the Aboriginal European conflicts of colonial Queensland to the anti Chinese riots of 1888 and civilian internment during World War I Evans also moves beyond frontier conflict into the long period of repressive government control of Aboriginal lives In writing on race gender and labour relations he illustrates how selective history can be by omitting the contribution of Aboriginal labourers men and women These form a critical bridge to understanding the complexities of race relations today

Genocide and Settler Society A. Dirk Moses, 2005-03-01 Colonial Genocide has been seen increasingly as a stepping stone to the European genocides of the twentieth century yet it remains an under researched phenomenon This volume reconstructs instances of

Australian genocide and for the first time places them in a global context Beginning with the arrival of the British in 1788 and extending to the 1960s the authors identify the moments of radicalization and the escalation of British violence and ethnic engineering aimed at the Indigenous populations while carefully distinguishing between local massacres cultural genocide and genocide itself These essays reflect a growing concern with the nature of settler society in Australia and in particular with the fate of the tens of thousands of children who were forcibly taken away from their Aboriginal families by state agencies Long considered a relatively peaceful settlement Australian society contained many of the pathologies that led to the exterminatory and eugenic policies of twentieth century Europe Broken Circles Anna Haebich,2000-11-01 This major work reveals the dark heart of the history of the Stolen Generations in Australia It shows that from the earliest times of European colonization Aboriginal Australians experienced the trauma of loss and separation as their children were abducted enslaved institutionalized and culturally remodeled Providing a moving and comprehensive account of this tragic history this study covers all Australian colonies states and territories The analysis spans 200 years of white occupation and intervention from the earliest seizure of Aboriginal children through their systematic state removal and incarceration and on to the harsh treatment of families under the assimilation policies of the 1950s and 1960s The resistance struggle and achievements of Aboriginal people in defending their communities regaining their rights and mending the broken circles of family life provides a compelling parallel story of determination and courage Book Review Fighting Words, Writing about Race by Raymond Evans Gordon Briscoe,1999 Book review Men and Manliness on the Frontier R. Hogg,2012-11-14 In mid nineteenth century Britain there existed a dominant discourse on what it meant to be a man denoted by the term manliness Based on the sociological work of R W Connell and others who argue that gender is performative Robert Hogg asks how British men performed manliness on the colonial frontiers of Queensland and British Columbia **Empire, Colony, Genocide** A. Dirk Moses,2008-06-01 In 1944 Raphael Lemkin coined the term genocide to describe a foreign occupation that destroyed or permanently crippled a subject population In this tradition Empire Colony Genocide embeds genocide in the epochal geopolitical transformations of the past 500 years the European colonization of the globe the rise and fall of the continental land empires violent decolonization and the formation of nation states It thereby challenges the customary focus on twentieth century mass crimes and shows that genocide and ethnic cleansing have been intrinsic to imperial expansion The complexity of the colonial encounter is reflected in the contrast between the insurgent identities and genocidal strategies that subaltern peoples sometimes developed to expel the occupiers and those local elites and creole groups that the occupiers sought to co opt Presenting case studies on the Americas Australia Africa Asia the Ottoman Empire Imperial Russia and the Nazi Third Reich leading authorities examine the colonial dimension of the genocide concept as well as the imperial systems and discourses that enabled conquest Empire Colony Genocide is a world history of genocide that highlights what Lemkin called the role of the human group and its tribulations *Jewish Identity in Western Pop Culture* J.

Stratton,2008-06-09 This book looks at the post Holocaust experience with emphasis on aspects of its impact on popular culture

The Supreme Court, Race, and Civil Rights Abraham L. Davis,Barbara Luck Graham,1995-07-25 Discover the first law textbook to provide a comprehensive examination of the Supreme Court s institutional commitment to equality over a time span of more than 190 years Filling the void of literature in this area this long awaited volume incorporates information from the disciplines of law political science and history to provide the student with a thorough analysis of race and law from the perspective of politically disadvantaged groups Carefully selected cases stimulate classroom discussion and at the same time cultivate competence in reading actual Supreme Court rulings Accessible and flexible this textbook affords professors and instructors an opportunity to pick and choose from the essays and cases for each historical period The authors instill in students a deeper appreciation of the multicultural component of ongoing struggles for equality within the American context Written specifically for undergraduate graduate and law school courses that emphasize civil rights race and the law The Supreme Court Race and Civil Rights stands alone as an outstanding textbook

The Europeans in Australia Alan Atkinson,2016-07-01 It is the duty of historians to be wherever they can accurate precise humane imaginative using moral imagination above all and even handed Alan Atkinson The second of three volumes of the landmark award winning series The Europeans in Australia gives an account of early settlement by Britain It tells of the political and intellectual origins of this extraordinary undertaking that began during the 1780s a decade of extraordinary creativity and the climax of the European Enlightenment Volume Two Democracy takes the story from around 1815 to the early 1870s By exploring the nineteenth century communications revolution Atkinson casts new light on the way Australia first found its place in a global world This volume is more than a story of geography and politics It describes the way people thought and felt Throughout the trilogy Atkinson traces subtle and sudden shifts of common imagination by analysing the lives of both powerful and ordinary Australians He sets out the ideas and the imagery that moved and marked the people This book like all his work is grounded in thorough and rigorous scholarship yet imbued with compassion and insight Written from the inside it is as he says history caught up with the flesh and memory it describes The culmination of an extraordinary career in the writing and teaching of Australian history The Europeans in Australia grapples with the Australian historical experience as a whole from the point of view of the settlers from Europe Ambitious and unique it is the first such large single author account since Manning Clark s A History of Australia

The Contest for Aboriginal Souls Regina Ganter,2018-05-29 This book covers the missionary activity in Australia conducted by non English speaking missionaries from Catholic and Protestant mission societies from its beginnings to the end of the mission era It looks through the eyes of the missionaries and their helpers as well as incorporating Indigenous perspectives and offering a balanced assessment of missionary endeavour in Australia attuned to the controversies that surround mission history It means neither to condemn nor praise but rather to understand the various responses of Indigenous communities the intentions of missionaries the agendas of the mission societies and the many

tensions besetting the mission endeavour It explores a common commitment to the supernatural and the role of intermediaries like local diplomats and evangelists from the Pacific Islands and Philippines and emphasises the strong role played by non English speakers in the transcultural Australian mission effort This book is a companion to the website German Missionaries in Australia A web directory of intercultural encounters The web directory provides detailed accounts of Australian missions staffed with German speakers The book reads laterally across the different missions and produces a completely different type of knowledge about missions The book and its accompanying website are based on a decade of research ranging across mission archives with foreign language sources that have not previously been accessed for a historiography of Australian missions A remarkable intellectual achievement compelling reading Dr Niel Gunson The range of knowledge on display here is very impressive indeed Professor Peter Monteath Indigenous Biography and Autobiography Peter Read, Frances Peters-Little, Anna Haebich, 2008-12-01 In this absorbing collection of papers Aboriginal Maori Dalit and western scholars discuss and analyse the difficulties they have faced in writing Indigenous biographies and autobiographies The issues range from balancing the demands of western and non western scholarship through writing about a family that refuses to acknowledge its identity to considering a community demand not to write anything at all The collection also presents some state of the art issues in teaching Indigenous Studies based on auto biography in Austria Spain and Italy

Muslims In Australia Nahid Kabir, 2013-01-11 Muslims in Australia investigates the basis of Australian society's fear of Muslims by tracing their history since the Afghan settlement in 1860 The author investigates how events such as September 11 and Bali terrorist attacks reinforce suspicion and fear giving an insight into what it means to be a Muslim in contemporary Australia and how the actions of militant Islamic groups have impacted upon Muslims in general in Western society **One Free Woman** Jane Smith, 2025-01-29 These women are twice convicted and among them are no doubt some of the most depraved of their sex James Backhouse A heartbreaking and compelling story of a spirited convict woman Hannah Rigby was a poor Liverpool seamstress a prisoner and a serial thief Exiled from her homeland oppressed by poverty and rigid social mores used and discarded by a series of men An exemplary servant who was fond of a lark and a single mother determined to keep her family together One Free Woman tells the compelling true story of the only female convict to stay in Moreton Bay when the penal settlement closed a woman who notoriously served three separate sentences of transportation including two at one of the harshest establishments in the country It is a heartbreaking and sensitively told story of a life that was typical of many women of the time struggling against poverty and gender inequality women whose voices throughout history have seldom been heard One Free Woman reveals new information and celebrates a remarkable woman who despite a lifetime of immeasurable suffering and loss could still summon the joy to dance until she dropped A fascinating portrait of an extraordinary life Sophie Masson AM award winning author **Passionate Histories** Frances Peters-Little, Ann Curthoys, John Docker, 2010-09-01 This book examines the emotional engagements of both Indigenous and Non Indigenous

people with Indigenous history The contributors are a mix of Indigenous and Non Indigenous scholars who in different ways examine how the past lives on in the present as myth memory and history Each chapter throws fresh light on an aspect of history making by or about Indigenous people such as the extent of massacres on the frontier the myth of Aboriginal male idleness the controversy over Flynn of the Inland the meaning of the Referendum of 1967 and the policy and practice of Indigenous child removal

Civilian-Driven Violence and the Genocide of Indigenous Peoples in Settler Societies

Mohamed Adhikari, 2021-07-12 Existing studies of settler colonial genocides explicitly consider the roles of metropolitan and colonial states and their military forces in the perpetration of exterminatory violence in settler colonial situations yet rarely pay specific attention to the dynamics around civilian driven mass violence against indigenous peoples In many cases however civilians were major if not the main perpetrators of such violence The focus of this book is thus on the role of civilians as perpetrators of exterminatory violence and on those elements within settler colonial situations that promoted mass violence on their part

Among Australia's Pioneers

Margaret Slocumb, 2014-07-25 The almost simultaneous abolition of the slave trade and the cessation of convict transportation to the colony of New South Wales now eastern mainland Australia started a quest by the squatter pastoralists for alternative sources of cheap labor for their vast sheep runs Over a period of five years beginning from 1848 around three thousand Chinese men and boys from Fujian Province were recruited under conditions little different from the slave trade In *Among Australia's Pioneers* author Margaret Slocumb focuses on the experiences of approximately two hundred of these Chinese laborers between 1848 and 1853 Her research examines their working conditions during the five year indenture period and also traces the lives of several of the men who at the end of their contract chose to remain in those districts which by then had become familiar to them Perhaps they regarded themselves as pioneer immigrants Slocumb recounts the experiences of these men on the dangerous northern frontier of European settlement While some succumbed to the despair and loneliness of a shepherd's life others survived their indenture and went on to play an important role in the emerging society of the new colony of Queensland They may certainly be counted among the nation's pioneers

Peace Psychology in Australia

Diane Bretherton, Nikola Balvin, 2012-01-16 This book is a case study of the development of peace psychology in Australia While there is in comparison to other countries relatively little overt violence Australia the nation was founded on the dispossession of Indigenous people and their oppression continues today Peace Psychology in Australia covers the most significant issues of peace and conflict in the country It begins with a review of conflict resolution practices among Australia's ancient Indigenous cultures and succinctly captures topics of peace and conflict which the country has faced in the past 222 years since British settlement The fast population growth thriving multiculturalism leadership in international affairs and environmental isolation make Australia a microcosm for the study of human conflicts and peace movements

The Aboriginal People, Parliament and "protection" in New South Wales, 1856-1916 Anna Doukakis, 2006 This lecture describes South Africa's current attempts to accommodate

traditional leadership within the new constitution and system of government
