Monastic Prisons and Torture Chambers Ulrich Lehner,2013-10-22 Following the Council of Trent 1545 1563 Catholic religious orders underwent substantial reform Nevertheless on occasion monks and nuns had to be disciplined and if they had committed a crime punished Consequently many religious orders relied on sophisticated criminal law traditions that included torture physical punishment and prison sentences Ulrich L Lehner provides for the first time an overview of how monasteries in central Europe prosecuted crime and punished their members and thus introduces a host of new questions for anyone interested in state church relations gender questions the history of violence or the development of modern monasticism *Dictionary of American Naval Fighting Ships: Historical sketches* ,1968 *Dictionary of American Naval Fighting Ships* ,1968 **Dictionary of American Naval Fighting Ships** United States. may be corrected and updated from those that appeared in the printed series *Captives and Corsairs* Gillian Weiss, 2011-03-11 *Captives and Corsairs* uncovers a forgotten story in the history of relations between the West and Islam three centuries of Muslim corsair raids on French ships and shores and the resulting captivity of tens of thousands of French subjects and citizens in North Africa Through an analysis of archival materials writings and images produced by contemporaries the book fundamentally revises our picture of France's emergence as a nation and a colonial power presenting the Mediterranean as an essential vantage point for studying the rise of France It reveals how efforts to liberate slaves from North Africa shaped France's perceptions of the Muslim world and of their own Frenchness From around 1550 to 1830 freeing these captives evolved from an expression of Christian charity to a method of state building and eventually to a rationale for imperial expansion *Captives and Corsairs* thus advances new arguments about the fluid nature of slavery and firmly links captive redemption to state formation and in turn to the still vital ideology of liberatory conquest *Dictionary of American Naval Fighting Ships: Historical sketches: Letters N through S. Naval History Division, 1959 **Fighting for Freedom** Sandra Willendorf, 2020-10-09 The former slave gets into the eye of the Caribbean hurricane during the French Revolution there in 1794 He fights in Napoleonic Wars and get English Pow He returns back to Guadeloupe after his release and takes part in the rebellion of the Bataillon des Antilles in May 1802 when slavery was to be reintroduced by the order of Napoleon The unit is expelled from the island Fran ois is ordered to serve in Mantua where he escapes and finds refuge in the Danish duchy of Holstein He settles there and founds a family in October 1806 Fran ois is a direct ancestor of the author His biography is retraced The conditions of slave trade are analyzed for Nigeria the trade itself as are society and culture in Guadeloupe Which are the factors leading to the rebellion of May 1802 How Guadeloupe deals with it and the reintroduction of slavery The deportation of the soldiers causes an international diplomatic affair Which policy does Napoleon lead referring to people of color What happens in the unit of Black Pioneers in Mantua Fran ois is literally fighting for freedom and a humble decent life free of the construct of slavery He finds his freedom in the Danish duchy of Holstein The book contributes a micro historic view to the macro history *The Fall of the Prison* Lee Griffith, 1993 Examining prisons from the perspectives of sociology theology history and biblical exegesis Griffith argues that the church has taken a woefully wrong turn by aligning itself with the traditional justice system He shows how prisons are clearly ineffective at deterring crime and rehabilitating offenders and maintains that Christians should be even more concerned with how the prison fails in principle than how it fails in practice **Fighting Ships of the Far East (2)** Stephen Turnbull, 2012-06-20 Over the centuries naval relations between Japan and Korea appear to have alternated between peaceful trade and outright hostility However this impression can be misleading as much of what passed for mercantile activity was in fact conducted by Japanese pirate fleets who pillaged the coasts of Korea and China in a long lasting tradition that culminated in the greatest pirate raid of all Hideyoshi's

invasion of Korea in 1592 This was the conflict that involved Ming China and almost dragged in Siam It also led to Korea developing East Asia s most famous warship the legendary turtle ship which is described for the first time in full technical detail in this book

The Prison as Metaphor Michael P. Marks,2004 Whether wittingly or unwittingly scholars of international relations have peppered the field with a wide range of metaphors that serve as vehicles for theorizing about world affairs Yet as pervasive as metaphors are in international relations theory theorists efforts to employ metaphorical imagery to suggest new ways of thinking have been haphazard and sporadic In this book Michael P Marks suggests a new metaphor with which to conceptualize international relations the modern prison Many of the same questions that are asked about the so called anarchy of the international system are also frequently asked of life among prison inmates Marks finds that lessons from inmate relations can be applied to the study of international affairs This comparison between the prison and international relations reveals how the construction of human interaction in both realms is infinitely complex

The Prison System and Its Effects Antony Taylor,2008 This book traces the fascinating development of the New Zealand Prison System which includes the history of penology prior to the phenomenon coming there But this book is not only a history it is also an exploration of more complex managerial and social issues concerning crime and its treatment including the interweaving of different penal policies that have brought the situation to where it is today As such it raises psychological issues of isolation in all shades of confinement captivity and deprivation that will appeal to everyone who is trying to grapple with the administrative clinical and legal problems they create The work also traces the origins of imprisonment as a strategy used by rulers and ruling classes to retain their power and more recently by duly elected governments to maintain social control and good order in their communities

The Origins of the Criminal Justice System Omi Hodwitz,2025-02-18 The Origins of the Criminal Justice System Historical Explorations by the Justice Involved provides an introduction to the historical roots of modern day Western systems of justice The text addresses different aspects of criminal justice including chapters on police courts corrections and trends in crime and punishment as well as chapters that examine the relationship between justice practices and select communities defined by gender age class and race Each chapter begins in Ancient Antiquity before progressing to the Middle Ages the Renaissance and Age of Enlightenment and concluding in the Modern Era Readers are introduced to the social and political factors evident at the time the structure and function of each era specific system and the execution and consequences of early policies and procedures The book provides an important and detailed examination of the evolution of justice practices tying these temporal threads to modern systems and offers the readership the opportunity to observe institutions across the millennia Whether it is jury trials in Ancient Greece or ordeals in the Dark Ages the reader is invited to traverse the world of criminal justice practices replete with eras of inspiration as well as intolerance and cruelty

The Ghost Ship of Brooklyn Robert P. Watson,2017-08-15 The most horrific struggle of the American Revolution occurred just 100 yards off New York where more men died aboard a rotting prison ship than were

lost to combat during the entirety of the war Moored off the coast of Brooklyn until the end of the war the derelict ship the HMS Jersey was a living hell for thousands of Americans either captured by the British or accused of disloyalty Cramped below deck a shocking one thousand at a time without light or fresh air the prisoners were scarcely fed food and water Disease ran rampant and human waste fouled the air as prisoners suffered mightily at the hands of brutal British and Hessian guards Throughout the colonies the mere mention of the ship sparked fear and loathing of British troops It also sparked a backlash of outrage as newspapers everywhere described the horrors onboard the ghostly ship This shocking event much like the better known Boston Massacre before it ended up rallying public support for the war Revealing for the first time hundreds of accounts culled from old newspapers diaries and military reports award winning historian Robert P Watson follows the lives and ordeals of the ship's few survivors to tell the astonishing story of the cursed ship that killed thousands of Americans and yet helped secure victory in the fight for independence

Comparative and Global Framing of Enslavement Stephan Conermann, Youval Rotman, Ehud R. Toledano, Rachel Zelnick-Abramovitz, 2023-09-05 The study of enslavement has become urgent over the last two decades Social scientists legal scholars human rights activists and historians who study forms of enslavement in both modern and historical societies have sought and often achieved common conceptual grounds thus forging a new perspective that comprises historical and contemporary forms of slavery What could certainly be termed a turn in the study of slavery has also intensified awareness of enslavement as a global phenomenon inviting a comparative trans regional approach across time space divides Though different aspects of enslavement in different societies and eras are discussed each of the volume's three parts contributes to and has benefitted from a global perspective of enslavement The chapters in Part One propose to structure the global examination of the theoretical ideological and methodological aspects of the global local and glocal Part Two Regional and Trans regional Perspectives of the Global presents through analyses of historical case studies the link between connectivity and mobility as a fundamental aspect of the globalization of enslavement Finally Part Three deals with personal points of view regarding the global local and glocal Grosso modo the contributors do not only present their case studies but attempt to demonstrate what insights and added value explanations they gain from positioning their work vis vis a broader big picture
