Fighting Strength Memoirs Of A Combat Nurse In Vietnam

Robert M. Slabey

Fighting Strength Memoirs Of A Combat Nurse In Vietnam:

The Fighting Strength: Memoirs of a Combat Nurse in Vietnam , **The Fighting Strength** Lynn Hampton, 1992
Recounting her experiences in Vietnam a former combat nurse describes the misery she encountered while working at the evacuation hospitals at Tuy Hoa and Long Binh and the bureaucracy of the Army Original Voices from the Vietnam War
Xiaobing Li, 2010-05-07 Some of this book is heartrending some of it is as gripping as a thriller and all of it will add to our understanding of the war Booklist The Vietnam War s influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in Voices from the Vietnam War Stories from American Asian and Russian Veterans Li spent seven years gathering hundreds of personal accounts from survivors accounts that span continents nationalities and political affiliations The twenty two intimate stories in this book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war s events while shedding light on aspects of the war previously unknown to Western scholars providing fresh perspectives on a long discussed topic Li s achievement is most remarkable for the window he opens onto the lives of Chinese and Russian veterans their rare accounts appear here for the first time in English Publishers Weekly *Veteran Narratives and the Collective Memory of the Vietnam War* John A. Wood, 2016-04-25 In the decades since the Vietnam War veteran memoirs have influenced Americans understanding of the conflict Yet few historians or literary scholars have scrutinized how the genre has shaped the nation s collective memory of the war and its aftermath Instead veterans accounts are mined for colorful quotes and then dropped from public discourse are accepted as factual sources with little attention to how memory no matter how authentic can diverge from events or are not contextualized in terms of the race gender or class of the narrators *Veteran Narratives and the Collective Memory of the Vietnam War* is a landmark study of the cultural heritage of the war in Vietnam as presented through the experience of its American participants Crossing disciplinary borders in ways rarely attempted by historians John A Wood unearths truths embedded in the memoirists treatments of combat the Vietnamese people race relations in the United States military male female relationships in the war zone and veterans postwar troubles He also examines the publishing industry s influence on collective memory discussing for example the tendency of publishers and reviewers to privilege memoirs critical of the war

Veteran Narratives is a significant and original addition to the literature on Vietnam veterans and the conflict as a whole

Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr., 2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War

The Encyclopedia of the Vietnam War Bloomsbury Publishing, 2011-05-20 Now in its second edition this comprehensive study of the Vietnam War sheds more light on the longest and one of the most controversial conflicts in U S history The Vietnam War lasted more than a decade was the longest war in U S history and cost the lives of nearly 60 000 American soldiers as well as millions of Vietnamese many of whom were uninvolved civilians The lessons learned from this tragic conflict continue to have great relevance in today s world Now in its second edition The Encyclopedia of the Vietnam War A Political Social and Military History adds an entire additional volume of entries to the already exhaustive first edition making it the most comprehensive reference available about one of the most controversial events in U S history Written to provide multidimensional perspectives into the conflict it covers not only the American experience in Vietnam but also the entire scope of Vietnamese history including the French experience and the Indochina War as well as the origins of the conflict how the United States became involved and the extensive aftermath of this prolonged war It also provides the most complete and accurate order of battle ever published based upon data compiled from Vietnamese sources This latest release delivers even more of what readers have come to expect from the editorship of Spencer C Tucker and the military history experts at ABC CLIO

A History of American Nursing Deborah M. Judd, Kathleen Sitzman, 2014 A History of American Nursing Second Edition provides a historical overview essential to developing a complete understanding of the nursing profession For each key era of U S history nursing is examined in the context of the sociopolitical climate of the day the image of nurses nursing education advances in practice war and its effect on nursing licensure and regulation and nursing research and its implications From early nursing to Nightingale s influence through two world wars to today this text engages students in an

exploration of nursing's past while connecting it to nursing practice in the present *A History of American Nursing* Second Edition informs and empowers today's student nurses as they help to create the future of nursing Completely expanded and updated art program including images from the Women In Military Service For America Memorial Foundation and artist Lou Everett a nurse educator New feature Historical Happenings short vignettes throughout each chapter that highlight a relevant medical nursing advance and or historical event from a particular era Updates to references key people discussion questions and MeSH terms

War Stories Gary Kulik, 2009-10-31 War stories are mostly innocent fables and understood as such by both the teller and the hearer However they have long been used for political and national purposes and those about the war in Vietnam were no exception as painfully evidenced in the 2004 presidential campaign John Kerry campaigned as a war hero His opponents cast him as a liar and a traitor and their war story prevailed *War Stories* delves into the myths associated with the Vietnam veteran's experience and looks at them through the war stories they told and continue to tell Kulik conducts an extremely thorough review of the Vietnam literature and interviews participants wherever possible poking holes in the war myths of people throughout the political spectrum *War Stories* discusses how returning Vietnam vets were treated and delves into the myths that atrocities were commonplace that all veterans of that war suffer from PTSD and that all are guilt ridden Kulik's research and analysis of such stories lies at the heart of this book's originality and provides a new perspective on the Vietnam War for scholars students and general readers His purpose in exposing such stories is not to deny or minimize American war crimes in Vietnam but to cut through the cant of false stories so that we retain our outrage at those that are true As we are faced with future war stories from Iraq and Afghanistan and their likely exploitation the moral stance and the lessons learned in this book will be especially important

A History of American Nursing Deborah Judd, Kathleen Sitzman, Megan Davis, 2010-10-25 *History of American Nursing Trends and Eras* is the first comprehensive nursing history text to be published in years It provides a historical overview essential to developing a complete understanding of the nursing profession For each key era of U S history nursing is examined in the contexts of the sociopolitical climate of the day the image of nurses nursing education advances in practice war and its effect on nursing licensure and regulation and nursing research and its implications From early nursing to Nightingale's revolutionizing influence through two world wars to today this succinct text engages students in an exploration of nursing's past while connecting it to nursing practice in the present *A History of American Nursing Trends and Eras* is designed to inform and empower today's student nurses as they help to create the future of nursing

Doctors beyond Borders Laurence Monnais, David Wright, 2016-05-09 The transnational migration of health care practitioners has become a critical issue in global health policy and ethics *Doctors beyond Borders* provides an essential historical perspective on this international issue showing how foreign trained doctors have challenged and transformed health policy and medical practice in countries around the world Drawing on a wide variety of sources from immigration records and medical directories to oral histories the

contributors study topics ranging from the influence of South Asian doctors on geriatric medicine in the United Kingdom to the Swedish reaction to the arrival of Jewish physicians fleeing Nazi Germany and the impact of the Vietnam War on the migration of doctors to Canada Combining social history the history of health and medicine and immigration history *Doctors beyond Borders* is an impressive selection of essays on a topic that continues to have global relevance *Working in a world of hurt* Carol Acton, Jane Potter, 2015-07-01 *Working in a world of hurt* fills a significant gap in the studies of the psychological trauma wrought by war It focuses not on soldiers but on the men and women who fought to save them in casualty clearing stations hospitals and prison camps The writings by doctors nurses ambulance drivers and other medical personnel reveal the spectrum of their responses that range from breakdown to resilience Through a rich analysis of both published and unpublished personal from the First World War in the early twentieth century to Iraq in the early twenty first Acton and Potter put centre stage the letters diaries memoirs and weblogs that have chronicled physical and emotional suffering many for the first time Wide ranging in scope interdisciplinary in method and written in a scholarly yet accessible style *Working in a world of hurt* is essential reading for lecturers and students as well as the general reader *God's Hiddenness in Combat* Preston Jones, Cody Beckman, 2009-02-18 The primary question at the heart of this book is Where is God for the person in combat According to one well known saying there are no atheists in foxholes Yet it is difficult for believers in a personal and caring God to locate God's place in the world of war Another common saying that war is hell seems more accurate if one accepts the basic definition of hell as God's absence The complication here is that some combatants do sense God's presence This study draws from numerous interviews memoirs letters and archival materials and reflecting on the crucifixion of Christ to consider how God can be both present in and absent from the world of war

Encyclopedia of the Vietnam War: Documents Spencer Tucker, 1998 *The United States and Viet Nam from War to Peace* Robert M. Slabey, 1996 Some twenty years after the end of the Vietnam War America does not seem yet to have recovered spiritually or emotionally Despite the recent reopenings of diplomatic relations the idea of reconciliation between the United States and Vietnam is anathema to a large number of Americans In December 1993 historians Asia scholars writers artists filmmakers journalists psychiatrists government officials antiwar activists veterans activists reconciliation advocates and Vietnamese gathered at the University of Notre Dame to discuss the process of understanding the American culture that created the war the American culture created by the war and issues that affect full reconciliation for both the United States and Indochina including Laos Cambodia and Vietnam Papers examining the literature of reconciliation were also presented **Encyclopedia of the Vietnam War: N-Z** Spencer Tucker, 1998 **Paperbound Books in Print**, 1992

Women in the United States Military Judith Bellafaire, 2011-01-26 Women's participation in the U S Armed Forces has grown over time in response to the national need for their services Throughout each era of American history patriotic women volunteered to serve their country in a wide variety of official and unofficially sanctioned capacities When there was a call to

duty the United States Armed Forces always relied upon women to be a part of the effort This book provides information to enable students and scholars to understand the effect women have had on wars that have shaped the United States

Face of the Enemy: An American Asian's War in Vietnam and at Home David O. Chung, Kerry O'Connell, 2023-08-23 Face of the Enemy is not your run of the mill memoir The second son of a mixed race family of mainly Asian descent was challenge enough His father s American values were overpowered by his mother s enforcement of the traditional Chinese culture of her homeland His home life couldn t have been more dissimilar than the culture of 1960s Chicago that was just outside his front door Out on the streets his Asian face said I m not one of you At home his status as the Number Two son said I am a servant Chung Doc to his friends quickly learned that he had two identities and that he was trapped in between them He had to fight many times with his fists to discover where his place was in his own country The Vietnam War was winding down when Chung joined the Air Force As a transportation specialist for the United States Air Force in Vietnam he made sure aircraft delivering supplies were loaded and balanced properly How much trouble could there be Plenty as he discovered Many of his American comrades in arms viewed him with suspicion He had the face of the enemy The Vietnamese took one look at his American uniform and knew he was not one of them After coming home from Vietnam Doc found his own country struggling to move on from an unpopular war The public blamed the veterans some of whom were struggling with the demons they had brought home with them The only defense from the public shaming was for veterans to hide in plain sight Uniforms were packed away Nightmares weren t talked about The only thing that remained the same for Doc was the racism and bigotry How do you overcome having the face of the enemy How do you free yourself from the jaws of a trap that is part of who you are Doc found the answer in saying yes Saying yes to joining a fledgling company called Federal Express Saying yes to joining veterans groups to help change the way Vietnam veterans were treated Saying yes to the journey of driving the Vietnam Women s Memorial across the country to Washington DC Saying yes to a position in the Veterans Affairs Office in Washington DC Saying yes to changing his own life through helping others This is a memoir of an ordinary man with an extraordinary conviction to change the status quo first through activism and then through an uncanny understanding of how to navigate the bureaucratic obstacles of the United States government

"There It Is": Narratives of the Vietnam War Tom Burns, 2021-09-06 This book provides a critical survey of the literature on the Vietnam War and is intended both for academic and general readers Earlier works of this kind constantly recycled criticism of a half dozen of the same works In this study the aim was to discuss a much greater number of works including a few that have never been discussed To appeal to non academic readers Lit Crit jargon was kept to a minimum and parallels with earlier works of war literature especially those of the two world wars were established
