12 Francis Bacon has been acclaimed as one of the very greatest of modern painters Yet most analyses of Bacon actually neutralize his work by discussing it as an existential expression and as the horrifying communication of an isolated individual which simply transfers the pain in the paintings back to Bacon himself This study is the first attempt to account for the pain of the viewer It is also most challengingly an explanation of what Bacon's art tells us about ourselves as individuals For during this very personal investigation the author comes to realize that the effect of Bacon's work is founded upon the way that each of us carves our identity out of the inchoate evidence of our senses using the conventions of representation as tools It is in his warping of these conventions of the senses rather than in the superficial distortion of his images that Bacon most radically confronts our art and ourselves as individuals

Secret Violences Slawomir Maslon, 2023-04-06 Although Michelangelo Antonioni became one of the icons of modernist cinema in the 1960s his position in the pantheon of great directors has never been quite secure Unlike his famous contemporaries such as Ingmar Bergman and Luchino Visconti whose essential contribution to the art of cinema is hardly ever questioned Antonioni's work has been repeatedly denigrated from many angles for both aesthetic and political reasons Though the historical importance of some of Antonioni's films as an incarnation of certain attitudes and problems characteristic of the 1960s and 70s is not denied they are often considered pass artificial and boring Contesting prevalent readings which focus on existential and psychological motifs involving anxiety and the malady of sentiments this book offers a re-evaluation of Antonioni's most important films interpreted as political cinema engaged with issues which are still crucial in the 21st century Far from being politically neutral Antonioni's oblique and abstract approach makes possible the prising open and devaluation of the morally and politically constrictive organic narrative structures His approach overthrows the primacy of character and plot on the one hand by showing them to be emanations of the spectral materiality of capital and on the other hand by allowing for an opening into the utopian dimension implying engagement in the rethinking of our attachments to the world

Kama Sutra of Love Durlabh Singh, 2011-06-01 Description This collection of short stories shows a rear glimpse into human nature with its beauty ugliness and sufferings These cover a variety of topics life love dejection horror and humour Confronting despair with courage may lead to its transcendence Tales of high literary value and entertainment These will be enjoyed by variety of people About the

Author Durlabh Singh is a writer and an artist based in London England. He has been published widely in over 300 publications worldwide. His other publications include *Chrome Red*, *Collected Poems*, *Spaces of Heart*, *Illustrated Verse*, *Kama Sutra of Love*, *Collections of Short Stories*, *Keeper of Reflections*, *Other Stories*, *In The Days of Love*, *Novel*. Throughout his life he had to struggle against the odds. Having lost his father at a very early age, he had to take up the role of head of family, being the only male member in the household. Facing all the injustices of the Indian social class system, where he had to provide big dowries for marrying his sisters and getting into debts. The things took turn for worse when he came to England, as extreme racism was rampant there when he was constantly ridiculed and set upon by gangs of youths. Landlords refused to rent him even a room and shopkeepers refused to serve. He was subject to racial taunts in streets and at work. He suffered a number of physical attacks and partially lost sight of an eye as he was beaten in a busy London street. That constant harassment eventually resulted in acute depression and a mental breakdown, and as a result he was admitted to a mental hospital. He took up painting and writing as a therapy and developed these arts where he could find easier to breathe from the constant atmosphere of suffocation. It helped him to survive and keep his mental balance in finding transcendence and wider fields of human creativity. People suffering from mental distress may find some solace in his works. Burden Tony Walters, 2025-09-23

Burden, a twenty-one-year-old grocery store clerk in Walterboro, South Carolina, has two things on his mind: suicide and sex. Suicide because of overwhelming guilt for his role in the death of a beloved cousin. Sex because if you live in a small Southern town stuffed with unfulfilled wives and their vengeful men, it's got to be a great way to go. Of course, with such a plan, there are bound to be complications. Second thoughts. Husbands who won't take the bait. And most surprising of all, to Burden, himself, the return to town of the one woman it might be worth staying alive for. Burden's women are unforgettable. Maude, whose kneecaps can make a man fall to the floor in a swoon and married to the town's doctor, a much older man not possibly capable of living up to those kneecaps, or the woman who goes with them, Pru, whose passion for afternoon lovemaking is close to insatiable and whose long-haul truck-driving husband Eugene is rarely on the scene to accommodate. Then there's Jo, a different creature altogether, the woman Burden might truly love but who he seems to have let slip from his grasp. Readers of Clyde Edgerton and Charles Portis will find themselves happily at home in this lyrical and funny novel with the feckless hero who keeps trying to end it all but can't. *The Island of the English* Frank Cowper, 1898

Engendering Genre Reingard M. Nischik, 2010-10-27 Winner of the 2010 Margaret Atwood Society Best Book Prize. In *Engendering Genre*, renowned Margaret Atwood scholar Reingard M. Nischik analyzes the relationship between gender and genre in Atwood's works. She approaches Atwood's oeuvre by genre: poetry, short fiction, novels, criticism, comics, and film, and examines them individually. She explores how Atwood has developed her genres to be gender sensitive in both content and form and argues that gender and genre are inherently complicit in Atwood's work; they converge to critique the gender-biased designs of traditional genres. This combination of gender and genre results in the recognizable Atwoodian style that shakes and extends

the boundaries of conventional genres and explores them in new ways The book includes the first in depth treatment of Atwood s cartoon art as well as the first survey of her involvement with film and concludes with an interview with Margaret Atwood on her career From Survival woman to Literary Icon Published in English **Michotte's Experimental**

Phenomenology of Perception Georges Thinés,Alan Costall,George Butterworth,2013-10-08 This volume of collected papers with the accompanying essays by the editors is the definitive source book for the work of this important experimental psychologist Originally published in 1991 it offered previously inaccessible essays by Albert Michotte on phenomenal causality phenomenal permanence phenomenal reality and perception and cognition Within these four sections are the most significant and representative of the Belgian psychologist s research in the area of experimental phenomenology Extremely insightful introductions by the editors are included that place the essays in context Michotte s ideas have played an important role in much research on the development of perception and his work on social perception continues to be influential in social psychology The book also includes some lesser known aspects of his work that are equally important for example a remarkable set of articles on pictorial analysis Queer Politics in India: Towards Sexual Subaltern Subjects

Shraddha Chatterjee,2018-02-16 Queer Politics in India simultaneously tells two interconnected stories The first explores the struggle against violence and marginalization by queer people in the Indian subcontinent and places this movement towards equality and inclusion in relation to queer movements across the world The second story about a lesbian suicide in a small village in India interrupts the first one and together these two stories push and pull the book to elucidate the failure and promise of queer politics in India and the rest of the world This book emerges at a critical time for queer politics and activism in India exploring the contemporary queer subject through the different lenses of critical psychology Lacanian psychoanalysis feminist and queer theory and cultural studies in its critique of the constructions of discourses of normal sexuality It also examines how power determines further segregations of abnormal sexuality into legitimate and illegitimate queer subjectivities and authentic and inauthentic queer experiences By allowing a multifaceted and engaged critique to emerge that demonstrates how the idea of a universal queer subject fails lower class lower caste queer subjects and queer people of colour the author expertly highlights how all queer people are not the same even within queer movements as the book asks the questions which queer subject does queer politics fight for and what is the imagination of a queer subject in queer politics This hugely important and timely work is relevant across many disciplines and will be useful for students of psychology and other academic areas as well as researchers and activist organizations
