Fiji The First Of Series:

The Ways of the People: Alan R. Tippett, Doug Priest, 2013-06-19 Alan Tippett's publications played a significant role in the development of missiology. The volumes in this series augment his distinguished reputation by bringing to light his many unpublished materials and hard to locate printed articles. These books encompassing theology, anthropology, history, area studies, religion, and ethnohistory broaden the contours of the discipline. Missionaries and anthropologists have a tenuous relationship. While often critical of missionaries, anthropologists are indebted to missionaries for linguistic and cultural data as well as hospitality and introductions into the local community. In *The Ways of the People*, Alan Tippett provides a critical history of missionary anthropology and brings together a superb reader of seminal anthropological contributions from missionaries: Edwin Smith, R. H. Codrington, Lorimer Fison, Diedrich Westermann, Henri Junod, and many more. Twenty years as a missionary in Fiji, following pastoral ministry in Australia and graduate degrees in history and anthropology, provide the rich database that made Alan R. Tippett a leading missiologist of the twentieth century. Tippett served as Professor of Anthropology and Oceanic Studies at Fuller Theological Seminary. **American Anthropologist**, 1919. Fiji Roseline NgCheong-Lum, 2000. This book describes the geography, history, government, economy, people, lifestyle, religion, language, arts, leisure, festivals, and food of South Pacific island of Fiji. All books of the critically acclaimed *Cultures of the World* R series ensure an immersive experience by offering vibrant photographs with descriptive nonfiction narratives and interactive activities such as creating an authentic traditional dish from an easy to follow recipe. Copious maps and detailed timelines present the past and present of the country while exploration of the art and architecture help your readers to understand why diversity is the spice of life. *The Complete Rugby Union Compendium* Keith Young, 2015-09-01. The 2015 Rugby World Cup in England is set to be the biggest, brightest, and most successful tournament to date as the world's top teams compete for the coveted Webb Ellis Cup and inspire new participants and fans worldwide across 44 days and 48 matches. With over three million tickets set to be sold for the matches, the Rugby World Cup will be viewed in over 207 territories worldwide. However, for all the fanfare of the third biggest sporting event in the world after the Olympics and FIFA World Cup, it is astonishing that until now there has been no single reference book in the marketplace that contains all the rugby internationals in chronological order played by the world's major rugby nations since the game's inception. Keith Young has spent six years compiling such a compendium to fill this gap in the market and has undertaken a colossal amount of research in the process. *The Complete Rugby Union Compendium* contains over 5,200 entries organized in such a way that details of all matches can be easily accessed by the reader. It is laid out in a visually engaging and informative format and will be invaluable to every dedicated rugby enthusiast. **All In** Jamie Heaslip, Matt Cooper, 2019-10-11. For almost the duration of his professional career during which he was a mainstay for Leinster and Ireland, the name Jamie Heaslip was synonymous with the No. 8 jersey. An athletic and tireless presence at the base of the pack, outspoken both on and off the field, not to

mention a captain for province and country he was one of the leading lights of a generation that helped propel Irish rugby to previously uncharted heights Written in partnership with Matt Cooper All In is the story of Heaslip s thirteen years at rugby s frontline as demanding and uncompromising a place as can be found in professional sport From the euphoria and disappointment of life on the field to the major relationships that have helped shape the team for better or worse it s the most vivid portrait yet of life behind the scenes at Leinster and Ireland and a compelling account of what it means to put your body on the line in pursuit of excellence Bulletin ,1931 **The 2006 Military Takeover in Fiji** Jon Fraenkel,Stewart Firth,Brij V. Kelly,Martha Kaplan,2001-09 In 1983 Benedict Anderson s Imagined Communities revolutionized the anthropology of nationalism Anderson argued that print capitalism fostered nations as imagined communities in a modular form that became the culture of modernity Now in

Represented Communities John D Kelly and Martha Kaplan offer an extensive and devastating critique of Anderson's depictions of colonial history his comparative method and his political anthropology The authors build a forceful argument around events in Fiji from World War II to the 2000 coups showing how focus on imagined communities underestimates colonial history and obscures the struggle over legal rights and political representation in postcolonial nation states They show that the self determining nation state actually emerged with the postwar construction of the United Nations fundamentally changing the politics of representation Sophisticated and impassioned this book will further anthropology's contribution to the understanding of contemporary nationalisms *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1988 **Fiji** University of London: Institute of Commonwealth Studies,2006-09-22 The main purpose of the British Documents on the End of Empire Project BDEEP is to publish documents from British official archives on the ending of colonial and associated rule and on the context in which this took place The Republic of the Fiji Islands is an island nation in the South Pacific Ocean east of Vanuatu west of Tonga and south of Tuvalu The country occupies an archipelago of about 322 islands of which 106 are permanently inhabited in addition there are some 522 islets The islands came under British control as a colony in 1874 It was granted independence in 1970 This publication sets out the documentary progress to independence The book divided into seven chapters contains documents covering the political and economic background to Fiji's constitutional evolution the aspirations and national interests of Fijians the London constitutional conference and its aftermath July 1965 September 1967 the Alliance government January 1968 September 1969 and finally documents leading towards independence and the achievement of independence The book is based overwhelmingly on hitherto unpublished Colonial Office records which documents Fiji's progress over a ten year period leading to independence in 1970 Grappling with the Bomb Nic Maclellan,2017-09-26 Grappling with the Bomb is a history of Britain's 1950s program to test the hydrogen bomb code name Operation Grapple In 1957-58 nine atmospheric nuclear tests were held at Malden Island and Christmas Island today part of the Pacific nation of Kiribati Nearly 14 000 troops travelled to the central Pacific for the UK nuclear testing program many are still living with the health and environmental consequences Based on archival research and interviews with nuclear survivors Grappling with the Bomb presents i Kiribati woman Sui Kiritome British pacifist Harold Steele businessman James Burns Fijian sailor Paul Ah Poy English volunteers Mary and Billie Burgess and many other witnesses to Britain's nuclear folly **The Stamp-Collector's Magazine** Anonymous,2025-08-29 Reprint of the original first published in 1871 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Fiji's Past on Picture Postcards* Elsie Stephenson,1997 **A Game for Hooligans** Huw Richards,2011-09-30 Rugby union has undergone immense change in the past two decades introducing a World Cup accepting professionalism and creating a global market in players yet no authoritative English language general
