The Fijian Colonial Experience Timothy J. MacNaught,2016-06-01

Indigenous Fijians were singularly fortunate in having a colonial administration that halted the alienation of communally owned land to foreign settlers and that almost for a century administered their affairs in their own language and through culturally congenial authority structures and institutions From the outset the Fijian Administration was criticised as paternalistic and stifling of individualism But for all its problems it sustained at least until World War II a vigorously autonomous and peaceful social and political world in quite affluent subsistence underpinning the celebrated exuberance of the culture exploited by the travel industry ever since **Fiji** Michael C. Howard,2011-11-01 In 1987 first in May and again in September Fiji which had often been regarded as a model for racial co existence surprised the rest of the world by staging not one but two coups Most interpreters of the Fijian political scene saw the events as a result of tension between native Fijians and members of other ethnic groups Michael Howard argues in this book that this interpretation is simplistic Instead he points out the May coup was a strike against democratic government by elements associated with Fiji s traditional oligarchy seeking to hide behind a mask of populist communalism Howard traces the evolution of Fijian politics from the precolonial chiefdoms through the colonial era and into the postcolonial period emphasizing the developments during the latter half of the 1980s As a close and involved observer he draws a convincing picture of the leading actors in contemporary Fijian politics and the motives guiding their actions He describes how the ruling elite the Fijian chiefly families and their allies has maintained its power by manipulating communal or racially based sentiments and how the opposition has attempted to change the situation by creating political alignments based on social class In the central part of the book Howard chronicles the rise of the Fiji Labour Party and its 1987 election victory over the ruling Alliance Party He then discusses the short lived regime of the Bavadra government and the events leading up to the May 1987 coup Finally he looks at events following the coup as the oligarchy has sought to reimpose control in the face of popular opposition and internal division discussing their implications for the social condition of Fiji its international politics and its internal ethnic relations The book concludes with the death of Timoci Bavadra in late 1989 A perceptive case study of racial politics in the modern world and a significant new approach to the understanding of the dynamics of a non western political system **Fiji Race and Politics in an Island State** provides a timely and comprehensive analysis of recent events in this important island state

Colonizing Madness Jacqueline Leckie,2019-12-31 In **Colonizing Madness** Jacqueline Leckie tells a forgotten story of silence suffering and transgressions in the colonial Pacific It offers new insights into a history of Fiji by entering the Pacific Islands most enduring psychiatric institution St Giles Psychiatric Hospital established as Fiji s Public Lunatic Asylum in 1884 Her nuanced study reveals a microcosm of Fiji s indigenous migrant and colonial communities and examines how individuals

and communities lived with the label of madness in an ethnically complex island society Tracking longitudinal change from the 1880s to the present in the construction and treatment of mental disorder in Fiji the book emphasizes the colonization of madness across and within the divides of culture ethnicity religion gender economics and power Colonization of madness in Fiji was forged by the entanglement of colonial institutions and cultures that reflected tensions and prejudices within homes villages workplaces and churches Mental despair was equally an outcome of the destruction and displacement wrought by migration and colonialism Madness was further cast within the wider world of colonial psychiatry Western biomedicine and asylum building One of the chapters explores medical discourse and diagnoses within colonial worlds and practices The community within the asylum is a feature in Leckie s study with attention to patient agency to show how those labeled insane resisted diagnoses of their minds confinement and constraints ranging from straitjackets to electric shock treatments to drug therapies She argues that madness in colonial Fiji reflects dynamics between the asylum and the community and that reading asylum archives sheds new light on race ethnicity gender and power in colonial Fiji Exploring the meaning of madness in Fiji the author does not shy away from asking controversial questions about how Pacific cultures define normality and abnormality and also how communities respond Carefully researched and clearly written Colonizing Madness offers an engaging narrative a superb example of an intersectional history with a broad appeal to understanding global developments in mental health Her theses address the contradictions of current efforts to discard the asylum model and to make mental health a reality for all in postcolonial societies

Staying Fijian Rod Ewins, 2009-07-31 Barkcloth or masi is the traditional art form of the women of Vatulele Island Its manufacture continues to flourish even increase while many other arts are declining despite the fact that most of its functional roles have been usurped by Western cloth and paper This book explores this apparent paradox and concludes that the reasons lie in the ability of its identity functions to buffer the effects of social stress This is so for not only Vatuleleans but all Fijians It is argued that the resultant strong indigenous demand has caused the efflorescence in barkcloth manufacture and use contrary to the common assumption that the tourism market is the savior of art This cultural vigor however has social costs that are explored here and weighed against its benefits Rod Ewins locates a very local activity in both national and global contexts historically sociologically and theoretically

Circulation in Population Movement (Routledge Revivals) Murray Chapman, R. Mansell Prothero, 2013-09-05 First published in 1985 this collection of essays deals with processes of population movement and how they have operated over time It is also about people Melanesians who number some five million and inhabit the region stretching from the Indonesian province of Irian Jaya to the Independent State of Fiji Standard work on Movement in third world societies has emphasized migration involving a shift in residence from one domicile to another at the expense of the interchange of people

between diverse places and different circumstances Many moves as from villages and towns are circulatory they begin at go away from but ultimately end in the same dwelling place and community This book focuses on the full range of territorial mobility especially circulation and its meanings for the people involved This volume brings together indigenous scholars foreign field researchers and international authorities from many of the social sciences anthropology demography economics geography and sociology It presents a set of multicultural statements about the mobility of particular peoples within a region of the third world This collection about specifically Melanesian issues aims to stimulate broader visions among population scholars and it underlines the pressing need for more theoretical and empirical work on a volatile yet neglected category of population movement

Trincheras Sites in Time, Space, and Society Suzanne K. Fish, Paul R. Fish, M. Elisa Villalpando, Villalpando Canchola Villalpando C., 2018-07-02 This edited volume integrates a remarkable body of new data representing current issues and methodologies in the archaeology of hilltop sites known as cerros de trincheras in the southwestern United States and northwestern Mexico

Comparing the Worth of the While in Fiji and Finland Matti Eräsaari, 2023-07-19 Clock time which denotes particular ways of valuing temporal duration is typically associated with monetary worth or labour Comparing the Worth of the While in Fiji and Finland however employs unique methodologies and case studies from Fiji and Finland to reconsider the wide range of values that it is capable of expressing

The Statesman's Year-Book M. Epstein, 2016-12-23 The classic reference work that provides annually updated information on the countries of the world

American Women of Science since 1900 Tiffany K. Wayne, 2010-10-11 A comprehensive examination of American women scientists across the sciences throughout the 20th century providing a rich historical context for understanding their achievements and the way they changed the practice of science Much more than a Who's Who this exhaustive two volume encyclopedia examines the significant achievements of 20th century American women across the sciences in light of the historical and cultural factors that affected their education employment and research opportunities With coverage that includes a number of scientists working today the encyclopedia shows just how much the sciences have evolved as a professional option for women from the dawn of the 20th century to the present American Women of Science since 1900 focuses on 500 of the 20th century's most notable American women scientists many overlooked undervalued or simply not well known In addition it offers individual features on 50 different scientific disciplines Women in Astronomy etc as well as essays on balancing career and family girls and science education and other sociocultural topics Readers will encounter some extraordinary scientific minds at work getting a sense of the obstacles they faced as the scientific community faced the questions of feminism and gender confronting the nation as a whole

The Poverty of the World Sheyda F. A. Jahanbani, 2023 Bringing together foreign and domestic policy The Poverty of the World aims to offer a new answer to the question of why Americans became obsessed with poverty in the 1960s A history of how American liberals made sense of US power during a period of unprecedented affluence at home it uses intellectual and political biographies of major figures in

postwar US social thought and politics to tell the story of how Americans invented the problem of global poverty and executed a war against it *Learning from Life* ,

If you ally infatuation such a referred **Fijian Frontier** book that will provide you worth, acquire the unconditionally best seller from us currently from several preferred authors.
