**Fiktion und Kommunikation** Johannes Andereg, 1973      **The Fictive and the Imaginary** Wolfgang Iser, 1993-03-01  
The pioneer of literary anthropology Wolfgang Iser presents a wide ranging and comprehensive exploration of this new field in an attempt to explain the human need for the particular form of make believe known as literature Ranging from the Renaissance pastoral to Coleridge to Sartre and Beckett *The Fictive and the Imaginary* is a distinguished work of scholarship from one of Europe's most respected and influential critics      **A Theory of Narrative** F. K. Stanzel, 1986-03-13 The purpose of this book is to provide a clear and systematic account of the complexities of fictional narration which result from the shifting relationship in all storytelling between the story itself and the way it is told      **Fiktion, Fiktivität, Fiktionalität** Frank Zipfel, 2001      **Vernacular Literary Theory in the Middle Ages** Walter Haug, 1997-03-06 The first edition of this book appeared in German in 1985 and set a new agenda for the study of medieval literary theory Rather than seeing vernacular writers' reflections on their art such as are found in prologues epilogues and interpolations in literary texts as merely deriving from established Latin traditions Walter Haug shows that they marked the gradual emancipation of an independent vernacular poetics that went hand in hand with changing narrative forms While focussing primarily on medieval German writers Haug also takes into account French literature of the same period and the principles underlying his argument are equally relevant to medieval literature in English or any other European language This ground breaking study is now available in English for the first time      **Rituals of Self-revelation** Irmela Hijiya-Kirshner, 1996 This thorough and insightful study of the Japanese version of the I novel provides a means of researching and interpreting the whole tradition of this genre linking it to the forms of autobiographical fiction as well as to the cultural assumptions and ways of thinking of the classical period of Japanese history      **Fiktion und Kommunikation** Johannes Andereg, 1973  
*Narratology* Susana Onega, Jose Angel Garcia Landa, 2014-09-19 This text provides an excellent introduction and overview of Narratology a rapidly growing field in the humanities Literary narratologists have provided many key concepts and analytical tools which are widely used in the interdisciplinary analysis of such narrative features as plot point of view speech presentation ideological perspective and interpretation The introduction explains the central concepts of narratology their historical development and draws together contemporary trends from many different disciplines into common focus It offers a compendium of the development of narratology from classical poetics to the present The essays are all prefaced by individual forewords helping the reader to place each individual selection in context Recent developments are assessed across disciplines highlighting the mutual influences of narratology and deconstruction psychoanalysis feminism film and media studies      *What Is Narratology?* Tom Kindt, Hans-Harald Müller, 2008-08-22 What Is Narratology sees itself as contributing to the intensive international discussion and controversy on the structure and function of narrative theory The 14 papers in the volume advance proposals for determining the object of narratology modelling its concepts and

characterising its status within cultural studies      **Sterne's 'Journal to Eliza'** Eva C. van Leewen,1981      **Judah and the Judeans in the Persian Period** Oded Lipschitz, Manfred Oeming,2006 In July 2003 a conference was held at the University of Heidelberg Germany focusing on the people and land of Judah during the 5th and early 4th centuries B C E the period when the Persian Empire held sway over the entire ancient Near East This volume publishes the papers of the participants in the working group that attended the Heidelberg conference Participants whose contributions appear here include Y Amit B Becking J Berquist J Blenkinsopp M Dandamayev D Edelman T Eskenazi A Fantalkin and O Tal L Fried L Grabbe S Japhet J Kessler E A Knauf G Knoppers R Kratz A Lemaire O Lipschitz H Liss M Oeming L Pearce F Polak B Porten and A Yardeni E Stern D Ussishkin D Vanderhooft and J Wright The conference was the second of three meetings the first held at Tel Aviv in May 2001 was published as Judah and the Judeans in the Neo Babylonian Period by Eisenbrauns in 2003 A third conference focusing on Judah and the Judeans in the Hellenistic era was held in the summer of 2005 at Münster Germany and will also be published by Eisenbrauns      **Semiotics and Dialectics** Peter V. Zima,1981-01-01 By focusing on the East European dialogues and polemics both contemporary and past the present volume pursues two aims 1 It would like to locate the discussion between semiotics and dialectics in an historical context 2 It would like to make the reader familiar with the solutions proposed by theoreticians like Bakhtin Lotman Voloshinov Fischer and Muka ovsk solutions which in the past were frequently ignored by European Marxists semioticians and sociologists of literature At present one cannot help feeling that if they had been familiar with the works of these authors Marxism Critical Theory semiotics and the sociology of literature of the text would have evolved differently      **Der literarische Text - eine Fiktion** Henrik Nikula,2012-10-04 Der Begriff der Fiktionalität spielt eine zentrale Rolle bei der Unterscheidung zwischen literarischen und nicht literarischen Texten In der vorliegenden Untersuchung wird strikt zwischen literarischen Texten und literarischer Kommunikation unterschieden Literarische oder ästhetische Kommunikation wird verwendet um das auszudrücken was nichtliterarisch unausdrückbar ist Zentral in dieser sprachwissenschaftlichen Arbeit ist somit der Begriff des ästhetischen und zwar in Verbindung mit dem Begriff der Sinneswahrnehmung      **Fiktion und Vieldeutigkeit** Christian Berthold,2011-07-26 Die einzigen Begriffe mit denen die Literaturwissenschaft zur Zeit hoffen kann ihren Gegenstand Literatur abzugrenzen dürfen Fiktion und Vieldeutigkeit sein Diesen Begriffen wird hier in einer kulturhistorischen Rekonstruktion nachgegangen vorwiegend anhand des Verhältnisses zwischen Romanen und ihren Lesern im 18 Jahrhundert Die historische Rekonstruktion eröffnet dabei Ausblicke auf eine theoretische Schöpfung der beiden Begriffe die im systematischen Entwurf bisher nicht zu gelingen scheint In der Verfolgung zunächst streng literaturwissenschaftlicher Fragestellungen zeigen sich zentrale Aspekte der Kulturtechnik Lesen      **Theories of Literary Realism** Dario Villanueva,1997-01-01 Explores the possibilities and limits of a concept of realism that seeks a point of equilibrium between the principle of autonomy of the literary work vis à vis reality and the relations that the work clearly establishes with this reality Argues that by concentrating on the study of the literary work as a
