*The Films of Agnes Moorehead* Axel Nissen, 2013-07-11 Before she achieved immortality on the long running situation comedy *Bewitched* Agnes Moorehead had established a distinguished career as a character actress. After her screen debut in *Citizen Kane* 1941 Moorehead became one of the most familiar female faces on the silver screen. For moviegoers of the 1940s and 50s she was the quintessential character actress earning four Academy Award nominations during a career that saw her gain the respect of her peers in all four major entertainment media: radio, film, theater, and television. In *The Films of Agnes Moorehead* Axel Nissen looks at the actress's sixty-three feature films between 1941 and 1973. Each film is profiled here with particular emphasis placed on the films that merit closer attention: *Citizen Kane*, *The Magnificent Ambersons*, *Mrs. Parkington*, *Dark Passage*, *All That Heaven Allows*, *The Left Hand of God*, *The Swan*, *Tempest*, *The Bat*, and *Hush*. *Hush*, *Sweet Charlotte*, *Arranged* in chronological order, the discussion of these films highlights Moorehead's contribution to each feature. In addition to analyzing her performances, the author discusses the development of Moorehead's career as a whole along with her relationship with various studios, directors, producers, and fellow actors. Based on extensive interviews with the actress's surviving friends and co-workers as well as detailed archival research into primary sources, this book brings to light new information not just about Moorehead's work in film but on her life and career in general. Though this book will certainly appeal to movie buffs, *The Films of Agnes Moorehead* will also be of interest to students and scholars of classic Hollywood films, including those interested in women and film, gender studies, and film history.

**Invisible Natives** Armando José Prats, 2018-08-06 This incisive, provocative, and wide-ranging book casts a critical eye on the representation of Native Americans in the Western film since the genre's beginnings. Armando José Prats shows the ways in which film reflects cultural transformations in the course of America's historical encounter with the Indian. He also explores the relation between the myth of conquest and American history. Among the films he discusses at length are *Northwest Passage*, *Stagecoach*, *The Searchers*, *Hombre*, *Hondo*, *Ulzana's Raid*, *The Last of the Mohicans*, and *Dances With Wolves*. Throughout Prats emphasizes the irony that the Western seems to be able to represent Native Americans only by rendering them absent. In addition, he points out that Native Americans who appear in Westerns are almost always male. Native women rarely figure into the plot and are often portrayed by white women rendered Indian by narrative necessity. *Invisible Natives* offers an intriguing view of the possibilities and consequences as well as the historical sources and cultural origins of the Western's strategies for evading the actual portrayal of Native Americans.
