An Amazon Best Book of the Month. Gray writes smartly and insightfully. The book as a whole offers a fascinating look at how this movie tells a timeless story. *The Washington Post*: Mrs. Robinson, you're trying to seduce me. Aren't you? When *The Graduate* premiered in December 1967, its filmmakers had only modest expectations for what seemed to be a small, sexy art-house comedy adapted from an obscure first novel by an eccentric twenty-four-year-old. There was little indication that this offbeat story of a young man just out of college who has an affair with one of his parents' friends and then runs off with her daughter would turn out to be a monster hit with an extended run in theaters and seven Academy

Award nominations The film catapulted an unknown actor Dustin Hoffman to stardom with a role that is now permanently engraved in our collective memory While turning the word plastics into shorthand for soulless work and a corporate consumer culture The Graduate sparked a national debate about what was starting to be called the generation gap Now in time for this iconic film s fiftieth birthday author Beverly Gray offers up a smart close reading of the film itself as well as vivid never before revealed details from behind the scenes of the production including all the drama and decision making of the cast and crew For movie buffs and pop culture fanatics Seduced by Mrs Robinson brings to light The Graduate s huge influence on the future of filmmaking And it explores how this unconventional movie rocked the late sixties world both reflecting and changing the era s views of sex work and marriage *The Films of Robin Williams* Johnson Cheu,2019-06-13
