## **Final Superstition A Critical Evaluation Of The Judeo Christian Legacy:**

**The Final Superstition** Joseph L. Daleiden, 1994-08 The Final Superstition clears away myths and deliberate falsehoods to reach the bedrock of truth about Western society's Judeo Christian traditions To help readers reach the core of Christian belief Joseph L Daleiden presents an in depth look at topics such as the authority of the Catholic church Jesus myths proofs of God's existence and much more

**Killing the Natives** Guy Randall McPherson, 2005

**Sense and Goodness Without God** Richard Carrier, 2005-02-23 If God does not exist then what does Is there good and evil and should we care How do we know what's true anyway And can we make any sense of this universe or our own lives Sense and Goodness answers all these questions in lavish detail without complex jargon A complete worldview is presented and defended covering every subject from knowledge to art from metaphysics to morality from theology to politics Topics include free will the nature of the universe the meaning of life and much more arguing from scientific evidence that there is only a physical natural world without gods or spirits but that we can still live a life of love meaning and joy

[A Thematic Access-Oriented Bibliography of Jesus's Resurrection](#) Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
