philosophy in eschatology from the Luder Wycliffe Theological Seminary Endicott New York Dr Rick Young applies the proven methods of emergency preplanning and crisis management to better prepare Christians for the prophetic end time events foretold in the Bible By means of developing the worst case scenario concept he challenges the reader to think through countermeasures for that vital preparation In this way eschatology actually becomes practical **The Day of the Lord, the Key to Understanding End-Time Prophecy** Allen M. Barber, 2011-07 Have modern Christians been enlightened or misled Left behind has been a catch phrase in American church culture for more than a decade but pretribulation beliefs were virtually unheard of before the eighteenth century Many modern day believers await the return of the Lord to rapture the Church before a turbulent tribulation period expecting unbelievers to be left behind to suffer the horrors of this seven year period This popular belief is promoted from many evangelical pulpits and popularized by books and movies but does it really line up with the Bible Dr Barber provides a careful examination of Scripture and a critical analysis of the biblical commentaries that form the basis of the pretribulation rapture belief Once a pretribulationist himself he found that his in depth study of the Bible quickly revealed the errors of this position With spiritual biblical and intellectual insight The Day of the Lord The Key to Understanding End Time Prophecy challenges the very foundation of pretribulation theology Dr Barber stresses the importance of sola scriptura as he guides readers through his compelling and convincing argument for a clearer understanding of end times prophecy **A Culture of Conspiracy** Michael Barkun, 2013-08-15 American society has changed dramatically since A Culture of Conspiracy was first published in 2001 In this revised and expanded edition Michael Barkun delves deeper into America s conspiracy sub culture exploring the rise of 9 11 conspiracy theories the birther controversy surrounding Barack Obama s American citizenship and how the conspiracy landscape has changed with the rise of the Internet and other new media What do UFO believers Christian millennialists and right wing conspiracy theorists have in common According to Michael Barkun in this fascinating yet disturbing book quite a lot It is well known that some Americans are obsessed with conspiracies The Kennedy assassination the Oklahoma City bombing and the 2001 terrorist attacks have all generated elaborate stories of hidden plots What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs Nostradamus and the Illuminati Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media how a new style of conspiracy thinking has recently arisen and how this phenomenon relates to larger changes in American culture This book written by a leading expert on the subject is the most comprehensive and authoritative examination of contemporary American conspiracism to date Barkun discusses a range of material involving inner earth caves government black helicopters alien abductions secret New World Order cabals and much more that few realize exists in our culture Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and

political literature to New Age and UFO publications to popular culture phenomena such as The X Files and to websites radio programs and more Barkun finds that America is in the throes of an unrivaled period of millenarian activity His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture

Will Catholics Be Left Behind? Carl Olson, 2009-09-03 This powerful and timely book written by a former Fundamentalist is a thorough critique of the popular Fundamentalist notion of the Rapture the belief that Christians will be removed from earth prior to a time of Tribulation and the Second Coming It examines the theological historical and Biblical basis for premillennial dispensationalism the belief system based around the Rapture and popularized in the best selling Left Behind books and taught by Bible prophecy writers Tim LaHaye Hal Lindsey Jack Van Impe and many others Written for both the lay person and the serious student this book combines an engaging popular approach with detailed footnotes and exhaustive research Beginning with the big picture it focuses first on key concepts such as eschatology the Parousia and the relationship between the Kingdom and the Church It then examines the Book of Revelation providing insights into the nature and purpose of that difficult final book of the Bible Another chapter looks at the concept of the millennium and how it has been understood by various Christians over the centuries Olson then shows how Left Behind creator LaHaye s many works on Bible prophecy are filled with attacks on Catholicism and often rely on sensationalism shaky scholarship and subjective interpretations of Scripture Olson a former dispensationalist who now edits Envoy magazine also presents a history of apocalyptic belief and theology beginning with the Early Church Fathers and including the Montanists St Augustine Joachim of Fiore the Protestant Reformers and the American Puritans He shows how John Nelson Darby an ex Anglican priest developed the premillennial dispensationalist system which hinges on the Rapture in the 1830s and how Darby relied upon faulty assumptions about Jesus Christ the Church and the Bible The second part of the

book *A Catholic Critique of Dispensationalism* focuses on three important topics the relationship between Israel the Church and the Kingdom the interpretation of Scripture and the nature of the Rapture event Filled with a wealth of information drawn from both Protestant and Catholic sources this section provides a complete rebuttal to the premillennial dispensationalist system and the left behind theology The book concludes with a reflection on the Catholic understanding of the end times salvation history and the final judgement Glossaries of key persons and terms are also included A strong but fair critique of a dangerous and popular belief Will Catholics Be Left Behind provides Catholics and Protestants lay people and clergy and students and scholars with important answers and information about the roots and meaning of the Rapture Millions of Americans believe the Lord will snatch them up any day now leaving the rest of us to the horrors of a seven year tribulation The hitch is that the Rapture has no pedigree As Carl Olson shows no Catholic or Protestant believed in it prior to the nineteenth century It is an authentic Fundamentalist invention Karl Keating Author Catholicism and Fundamentalism In this extraordinary book Carl Olson uses a surgeon s scalpel to cut through the mass of confusion that dominates contemporary reflection on the Last Things Achieving far more than a refutation of millennialist errors and other disordered apocalyptic theories he illumines the Church s majestic vision of time and eternity and demonstrates that Jesus Christ is the Lord of History and its end Michael O'Brien Author Father Elijah

Culture of Conspiracy Michael Barkun, 2003-11-07 What do UFO believers Christian millennialists and right wing conspiracy theorists have in common According to Michael Barkun in this fascinating yet disturbing book quite a lot It is well known that some Americans are obsessed with conspiracies The Kennedy assassination the Oklahoma City bombing and the 2001 terrorist attacks have all

The need for security versus our privacy and freedom **Demons in the USA** Michael E. Heyes, 2024-09-24 *Demons in the USA* argues that the discourse on the demonic that developed in the nineteenth century continues to exert a powerful hold over the American spiritual imagination The book begins by tracing the conservative Christian encounter with Spiritualism in the nineteenth century and the mode of thinking about the demonic which developed As Spiritualism's core principles reappeared in the New Age Christian interlocutors once more drew on this anti Spiritualist paradigm to condemn the movement This condemnation is absorbed by and amplified through the film *The Exorcist* The author considers how the success of the film disseminates the anti Spiritualist paradigm in surprising ways entangling it with entertainment science and politics such that it influences psychology the Satanic Panic of the 1980s and the contemporary QAnon movement This entanglement points to the broader argument of the work While we may wish to think of a film as entertainment and thus having no bearing on reality or demonic material as religious and thus exempt from categories like politics or science the truth is that categories are not so easily separated The author contends that the need to enforce the boundaries of such categories and the failure to do so is a hallmark of the intellectual construct of modernity and that those who believe in demons in the contemporary United States are surprisingly modern in their views The book grounds the importance of media to the twentieth and twenty first century religious experience arguing that the United States of today would not be possible without *The Exorcist* and its products *Demons in the USA* will be of particular interest to scholars dealing with religion in America those with a focus on religion and film or those involved with contemporary demonology **The End of the World** Tom McIver, 1999 This bibliography contains careful and bias free annotations of close to 3 500 works written over many centuries about the end of the world predominantly but not entirely from a Christian perspective The books pamphlets websites and selected other media cover a wide variety of eschatological beliefs from the numerous fundamentalist scenarios to the mystical and the violent and include such topics as the Tribulation the Rapture the Millennium Armageddon the Second Coming the Antichrist and the Apocalypse Works on other major religions such as Judaism Islam the mythos of popular cultures Mayan prophecies Norse Ragnarok UFO occult and psychic theories Heaven's Gate Nostradamus and secular theories Y2k computer chaos can be found The work is in four parts plus indexes Entries in the pre 1800 part are arranged chronologically beginning with the Books of Enoch in the second century BC Other entries are arranged alphabetically within the three chronological subdivisions of 1800 1910 1910 1970 and post 1970 All include full bibliographic information and annotations regarding format type of work theme the author's background the category of theories espoused distinctive or notable characteristics the intended readership and the significance of the work There are cross references to works by the same author An introduction describes major types of beliefs outlines basic Fundamentalist end of the world scenarios summarizes Biblical sources and explains important terms concepts and relationships among
